

APPROVE THE PRE-QUALIFICATION STATUS OF LEAST RESTRICTIVE ENVIRONMENT CONSULTANTS TO PROVIDE CONSULTING SERVICES

THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:

Approve the pre-qualification status of consultants to provide least restrictive environment consulting services. Consultants were selected pursuant to the court supervised settlement agreements in the Corey H. case. A written master agreement for each consultant is currently being negotiated. No services shall be provided by any consultant and no payment shall be made to any of them prior to the execution of their written master agreement. The pre-qualification status approved herein for each consultant shall automatically rescind in the event such consultant fails to execute the Board's master agreement within 120 days of the date of this Board Report. Information pertinent to this master agreement is stated below.

Specifications No.: 01-250046

NAMES OF CONSULTANTS: See attached Exhibit A. Additional consultants may be added pursuant to the terms of the Corey H. settlement agreements upon further approval by the Board.

TERM: The term of this pre-qualification pool and each master agreement shall be effective from April 1, 2001 to January 16, 2006, which term is concurrent with the projected compliance date with the Corey H. settlement agreements. Additionally, consultants may be added or deleted during the prequalification period based on performance evaluations and concurrence of the Corey H. Monitor. This pre-qualification period may be extended by the Board for such length of time as required by Court order.

SCOPE OF SERVICES: Consultants shall provide various educational services based on a scope of services developed on a case by case basis as outlined in each consultant's Master Agreement consistent with the description contained in this Board Report. The Master Agreement for each consultant will generally describe the scope of services and associated costs. These consultants shall provide technical support to staff and school community members in various areas relating to Least Restrictive Environment and will provide services that address the educational needs for CPS schools.

COMPENSATION: The projected sum of payments to each pre-qualified consultant for the pre-qualification term shall not exceed \$54,000.00 annually. Additionally, no consultant shall be paid in excess of \$450.00 per day per school. The projected cost for this program during the entire term of the pre-qualification status is \$40,000,000.00. The costs associated herewith shall be reported to the Board on a quarterly basis pursuant to Board Rule.

USE OF THE POOL: The Office of Specialized Services and individual schools may engage a consultant for the services for which they are pre-qualified herein but must receive approval from the Corey H. Monitor prior to engaging such consultant. After receiving approval, the school or Office of Specialized Services will evidence such selection by a purchase order, which purchase order shall reflect the dollar amount for the services selected and will be sent from the Office of Specialized Services to the selected consultant. The school principals or the Office of Specialized Services will use a statement of work to outline the specific services to be provided for each project.

EXISTING CONTRACTS: 17 of the 56 consultants listed on Exhibit A are currently rendering like services to the Board pursuant to Board Reports 00-0726-PR29 and 00-0223-PR5. These consultants are identified on the attached list by an asterick. Upon signing this Master Agreement, such consultants' existing agreement shall automatically terminate.

AUTHORIZATION: Authorize the General Counsel to include other relevant terms and conditions in the written master agreements. Authorize the President and Secretary to execute the master agreements. Authorize the Chief of Specialized Services to execute all ancillary documents required to administer or effectuate the master agreements.

AFFIRMATIVE ACTION: Pursuant to Section 6.2 of the M/WBE Plan, the aggregated alternative method of compliance is being utilized for independent educational and instructional consultants and for firms as an effective method of achieving M/WBE participation where participation would otherwise not be achievable. Total aggregated M/WBE participation will be monitored and reported on a quarterly basis.

Any request to exceed any imposed financial limitations shall require additional Board approval.
