**AMEND BOARD REPORT 04-0128-PR2  
APPROVE THE EXTENSION OF THE PRE-QUALIFICATION STATUS OF THE  
ARCHITECTS/ENGINEERS OF RECORD FOR ARCHITECTURAL SERVICES**

**THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:**

Approve the extension of the pre-qualification status of the architects/engineers of records to provide architectural and engineering services to the Chicago Public Schools at a cost for the entire program during the 1- year renewal period not to exceed \$12,500,000.00. A written amendment to the existing agreements is not required because the agreements continue in full force and effect until the program is terminated. Information pertinent to this renewal of the pre-qualification status is stated below.

This amendment is necessary to add one new vendor to the pre-qualified pool. A written master agreement for the new vendor is currently being negotiated. No services shall be rendered by the vendor prior to the execution of the new vendor's written master agreement. The authority granted herein shall automatically rescind as to the new vendor in the event a written master agreement is not executed by the new vendor within 120 days of this amended Board Report.

These pre-qualified firms have the experience and the expertise in performing the required Architectural and Engineering services. Their organizational structure provides CPS with a high degree of confidence in their ability to meet the aggressive schedule found in the Five-Year Capital Improvement Program. The services of these firms are needed to ensure that CPS capital spending for Capital Planning will best serve the needs of the Chicago Public School children and their surrounding communities.

**DELIVERABLES:** Professionally designed and stamped construction documents.
