PROGRAM: Throughout the school year, BwB Program members work hard at fundraising to sponsor the construction of a BwB Sister Schoolhouse in one of the countries where BwB is working. Every single dollar that BwB Program members raise goes to support their Sister Schoolhouse construction! The Trek for Knowledge allows BwB Program members to take their commitment to the next level! The Trek offers Program members the opportunity to see and participate, first-hand, in the result of their fundraising work. The Trek also demonstrates the important thread of community service that runs through all that BwB does. On the Sister Schoolhouse construction site, BwB Members work alongside community members who volunteer their time for the good of the project. The greatest portion of the Trek Team's travel will be spent in the rural Trek village. The Team's daily schedule will revolve around work on the construction site, as well as exploration of the lifestyle and culture of the host village. Four hours/day will be spent working on the construction site.

EDUCATIONAL VALUE/OUTCOMES: To provide an opportunity for both teachers and students to participate in the construction of a BwB schoolhouse in one of our project countries, to be immersed in a new and different culture, and to return the knowledge gained from the Trek experience to their classrooms, programs, and communities.

Teachers will be able to:

- better utilize BwB materials and resources in their classroom
- increase their knowledge of other cultures and communities
- enhance learning environment for students
