University services will be provided at no charge. The Boards standard University Agreement for Student Teachers and Pre-Service Teachers will be provided to each University. The authority granted herein shall automatically rescind as to each University in the event a written agreement for such University is not executed within 90 days of the date of this Board Report. Information pertinent to these agreements is stated below.

TERM: The term of each agreement shall commence on December 1, 2007 and end on November 30, 2009. Each agreement shall contain four options to renew for periods of twenty-four months each.

EARLY TERMINATION RIGHT: The Board shall have the right to terminate each agreement with written notice 30 days prior to the end of the effected University's grading period.

SCOPE OF SERVICES: Universities will recruit and screen student teachers and pre-service teacher candidates according to their own internal policies and practices. The most qualified candidates will be referred to the designated CPS Program contact for selection, background checks and registration in accordance with the Student Teacher and Pre-Service Teacher Enrollment Policy. The actual number of school-based classroom hours required of each student teacher or pre-service teacher candidate will be established by that student teacher's or pre-service candidate's University. Universities will conduct site observations and assessments when applicable for each student teacher or pre-service teacher candidate at various times throughout the student teacher's or pre-service teacher candidate's assigned school year, and will provide technical assistance to the student teacher and the pre-service teacher candidate and their assigned cooperating teacher in the achievement of the learning goals set by the student teacher, pre-service teacher candidate, their University, and the Chief Human Resources Officer or another appropriate CPS designee. Prospective student teachers and pre-service teachers will be required to sign a confidentiality agreement with the Board before they will be placed at a Chicago Public School.

DELIVERABLES:

- Each University will screen and provide qualified student teachers and pre-service teacher candidates as designated in the agreement.
- Each University will complete at least one site visit for each student teacher and pre-service teacher candidate during the student teacher's and pre-service teacher candidate's assigned school year.
- Each University will prepare written performance evaluations on each student teacher and pre-service teacher candidate and will provide the CPS Program Manager copies of all such written evaluations if requested.
- Each University will prepare reports if requested and meet with CPS Program Manager if a student teacher and pre-service teacher candidate do not meet performance standards.

OUTCOMES: University services will result in providing approved student teachers and pre-service teacher candidates completing their certification requirements for securing an appropriate Initial Teaching Certificate or Teaching License.

COMPENSATION: Universities will receive no monetary compensation for the provided services.

AUTHORIZATION: Authorize the General Counsel to include other relevant terms and conditions in the written agreements including any Board indemnities to be provided to Universities.
