

APPROVE TUITION PAYMENTS, BOOK FEES, LAB FEES AND MATERIALS FEES TO COLLEGES AND UNIVERSITIES PARTICIPATING IN THE COLLEGE BRIDGE AND COLLEGE EXCEL PROGRAMS

THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:

Approve the payment of tuition and book fees, lab fees and materials fees to colleges and universities for courses that CPS students will take under the 2008-2009 College Bridge and College Excel Programs at a total cost not to exceed \$750,000. Thirteen universities are continuing in the College Bridge and College Excel programs from last year. No written agreements are required for the payment of tuition, book fees, lab fees and materials fees. Information pertinent to this Program is stated below:

USER: Office of High Schools and High School Programs
Department of Postsecondary Education and Student Development
125 South Clark Street, 12th floor
David G. Gilligan
773-553-3540

PAYMENT PERIOD: Payments are authorized for university courses scheduled to be held from September 1, 2008, through August 31, 2009.

PROGRAM DESCRIPTION: College Bridge and College Excel are programs designed to serve well-qualified and highly-motivated CPS high school juniors and seniors, and to encourage them to pursue a college education. The students are enrolled in the Chicago Public Schools and in one of approximately 200 courses available at participating colleges and universities. These courses are in the areas of behavioral/social sciences, science, English, foreign languages, math, computer science, applied science and fine arts. The students will receive both high school credit weighted equal to Advanced Placement courses, and undergraduate college credit for courses that they successfully complete.

PROGRAM OUTCOMES: The primary outcomes for the College Bridge and College Excel Programs are to enable participating CPS juniors and seniors to earn transferable college credit and Advanced Placement high school elective credit, enrich these students' academic and experiential background, and increase their opportunities for being accepted into four-year college degree programs and receiving scholarships. The College Bridge and College Excel programs foster the development of rigorous academic achievement for highly motivated and well-qualified juniors and seniors, thus helping enhance the scholastic standing of Chicago Public Schools.

COMPENSATION: The estimated cost of tuition (based upon 3 credit hours per course) and books appears above. The Board will also pay the universities and colleges for lab and materials fees, for additional charges associated with the courses that are 4 credit hours instead of 3, and for tuition increases during the covered period. It is estimated that these additional costs and charges will not exceed \$8,000 in the aggregate. Total cost for 2008-2009 College Bridge program will not exceed \$750,000. Additional program costs that are not included in this Board Report are the amounts to be paid to CPS high schools to reimburse them for program-related transportation costs. It is estimated that these additional Program costs will not exceed \$14,000.

AUTHORIZATION: The Chief Officer of High Schools and High School Programs is authorized to direct payments to be made to the colleges and universities identified herein as costs are incurred. Because the above-quoted tuition and book costs are based upon participation estimates, the Chief Officer of High Schools and High School Programs also is authorized to reallocate compensation, including the amount allotted for additional costs and charges, depending upon the actual enrollment in each college and university, as long as the total amount to be paid to the colleges and universities for the Program does not exceed \$750,000.

AFFIRMATIVE ACTION: Pursuant to section 5.2.3 of the Remedial Program for Minority and Women Business Enterprise Participation in Goods and Services Contracts, tuition payments to educational institutions are exempt from M/WBE review.

LSC REVIEW: Local School Council approval is not applicable to this report.

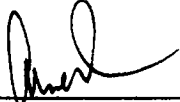

FINANCIAL: Charge to the Office of High Schools and High School Programs: \$750,000 FY 09
Budget Classification: 13727-115-54305-212030-000000
