**FINANCIAL:** Action on the modified calendars with respect to Categories 1 thru 21 (a total of 57 schools) will affect staff and student attendance reporting inasmuch as non-attendance days are converted to attendance days and attendance days are converted to non-attendance days. However, action on the modified calendars will not affect payroll distribution as affected employees' annual salary is, by agreement, prorated over 26 pay periods, regardless of the number of days worked in a payroll period. Applicable collective bargaining agreements provide that "Effective September 1, 2004 . . . [employees] shall be paid their annual salary prorated over fifty-two weeks in twenty-six bi-weekly payments." For attendance reporting, the Human Resources Department, Payroll Services shall make provision for electronic record keeping of staff attendance on days converted from non-attendance days to attendance days and AMPS office shall notify payroll clerks at affected schools concerning proper reporting procedures.

**OTHER:** AMPS representatives have consulted with the Safety and Security, Food Services, and Transportation Departments to ensure that the modification of the calendar will not disrupt services provided by those departments.
