DELIVERABLES:

Vendor will continue to provide:

Project Based Work: The ITS team serves as the primary implementation project manager on most enterprise level technology projects. To achieve its implementation goals, from time to time, ITS require a pre-qualified partner to play various roles on these projects. The projects are of varying degrees of length, but all will have pre-defined start and end dates. These roles include, but are not limited to, enhancement development, new functionality/module implementation support, system architecture, report development, functional analysis, business analysis, change management, project management, and post-implementation production support. Pre-qualified vendors, if requested by the Board, shall provide qualified individual consultants to perform specific roles on projects under the management of CPS staff. The actual skill sets and projects will vary, and pre-qualified firms will be presented with a formal Statement of Work (SOW) with the specific requirements when needed by ITS.

Staff Augmentation: From time-to-time departments are faced with unexpected staffing shortages that need to be addressed in order to comply with the Board's administrative operations in support of the district. Therefore, this pool of pre-qualified vendors has been selected as candidates to provide temporary staffing services during these times with personnel that have a variety of skills necessary to fill temporary personnel deficits for short and long-term assignments. During the term of the contract, pre-qualified firms will respond to Staff Augmentation Requests and, if accepted by CPS, will provide, on an as needed basis, qualified individuals to perform a variety of technology based services as directed by ITS. Staffing requirements will vary depending upon the needs of the various Board's departments and school offices.

OUTCOMES:

Vendor's services will result in the following organizational supports or benefits.

Administrative:

1. Execution of this pool will allow for a consolidation or replacement of multiple existing Board 'tech' consulting agreements.
2. Use of a centralized/consolidated pool will allow for greater fidelity in tracking district technology spend in the aggregate.
3. The pool will be used as the vehicle for staffing the first formalized District Technology Project Roadmap.

4. The pool is structured to achieve a minimum M/WBE participation component (40/10) that exceeds the current district requirement (30/7).

5. Vendor performance will be assessed per annum and adjusted as required based on performance as part of the renewal process.

Scope Based:

1. The primary outcome for staff augmentation services is continued operational stability in the event of staffing shortages. Primarily, this involves day to day continuity around the CPS internet and phone network and critical enterprise application systems such as email, student information, e-business and HR.

2. The primary outcome for project based engagements will vary by project. Approved FY19 projects are organized into support of three portfolios: initiatives will align to organizational goals around academic progress, financial stability and integrity.

COMPENSATION:

Vendors shall be paid in accordance with prices contained in their agreement. Estimated sum to all pre-qualified vendors for pre-qualification term shall not exceed below:

\$15,000,000, FY20

Cost associated herewith shall be reported to the Board on a quarterly basis pursuant to Board Rule 7-10.

AUTHORIZATION:

Authorize the General Counsel to include other relevant terms and conditions in the written option document and the new master agreements. Authorize the President and Secretary to execute the option document and the new master agreements. Authorize Chief Information Officer to execute all ancillary documents required to administer or effectuate this option agreement and the master agreements.

AFFIRMATIVE ACTION:

Pursuant to the Remedial Program for Minority and Women-Owned Business Enterprise Participation in Goods and Services contracts, (M/WBE Program), the Business Diversity goals for this pool are 40% MBE and 10% WBE. This vendor pool is comprised of ~~46~~ 67 vendors, with 23 MBEs, 11 WBEs. The User group has committed to achieve the Business Diversity goals through the utilization of the certified diverse suppliers and certified diverse subcontractors.
