The agreements were amended (authorized by Board Report 17-1206-PR4) to add three (3) new vendors to the Board Report to commence upon execution; all agreements shall end June 30, 2020. The original agreements were awarded on a competitive basis pursuant to former Board Rule 7-2.

OPTION PERIOD:

The term of this agreement is being renewed for one (1) year commencing July 1, 2020 and ending June 30, 2021.

OPTION PERIODS REMAINING:

There is one (1) option period for one (1) year remaining.

SCOPE OF SERVICES:

Vendors shall continue to provide the services described below for each category awarded. The category awarded to each vendor is indicated below.

Category A - Direct Service: Agencies and community partners/providers commit to a full school year of services/supports. All agencies and partners must meet state and district standards (outlined for specific subcategories below). All instruction, services and supports will be evidence-based and appropriate for a diverse school environment.

Direct services for Social Emotional Learning ("SEL") providers include, but are not limited to, the following:

Student Social Emotional Skill Development: The services provided will focus on the following types of skills: self-awareness, self-management, relationship building and problem solving.

Parent Skill Development: Vendors will provide training targeted for parents/guardians/supportive adults in the lives of our students to build their skills to support the development of student social-emotional skills in the home, including learning about the content of and being able to reinforce strategies detailed in other categories.

Social, Emotional and Behavioral Interventions: Vendors will provide behavioral interventions that, for the purposes of this category, are intended to be therapeutic strategies with focused skill development. These interventions are specifically designed to positively impact a student or small group of students with specific social-emotional barriers to learning.

Programs for Targeted Populations: This is a single strategy or a menu of supports designed to reach stabilization outcomes for the targeted population, such as school re-enrollment, increased school attendance, decreased discipline infractions, decreased involvement with the justice system, etc. This category is intended to highlight strategies that could be effective regardless of the frequency of student attendance in school. Strategies will be implemented by vendor staff or trained school staff.

Category B - Curriculum and Materials: All curriculum and materials must demonstrate strategies that have previously worked in other large school districts and meet local, state and federal requirements. All curriculum and materials must include both skill instruction and skill practice. Curriculum and materials include, but are not limited to, the following:

Student Social Emotional Skill Development: This subcategory includes any instructional materials that are focused on building students' self-awareness, self-management and problem solving skills.

Parent Skill Development: Parent skill development includes materials or curricula used to guide parent education session or facilitate parent groups in a school setting.

Social, Emotional and Behavioral Interventions: Social, Emotional and Behavioral interventions includes curricula and materials that support the delivery of structured interventions to address student barriers to learning before, during and after school.

Category C - Professional Development: Professional development includes education, training and technical assistance for school staff to improve their systems or structures and/or to integrate social-emotional learning into their instructional planning and practice. Services could include a single session or ongoing interaction with the school. Services may include professional development sessions, facilitation of professional learning communities, or direct coaching and consultation on a school or individual staff practice relative to the desired model. Professional development for social emotional learning includes, but is not limited to, the following:

School Structures and Systems: School structures are defined to include protocols, procedures and/or processes) that are intended to guide and/or change the operations of any location or person in the school to improve the learning climate. Similarly, systems are defined as a sequence or series of structures or strategies that should result in the same. These strategies will most often organize human and other resources in the school differently to solve a problem or concern and/or capitalize on an opportunity to develop a more preventive or proactive learning climate.

Student Social Emotional Skill Development: Training will be provided for adult employees and/or partners who will implement SEL skill curriculum or strategies. Training should ensure strategy is implemented with fidelity and is appropriate to the age, grade, and students' cultural and linguistic background. Training will ensure that staff are able to modify for students with disabilities and students for whom English is a Second Language ("ESL").

Staff Skill Development for Awareness and Application in Current Practice: Training will be provided for adult employees and/or partners intended to build their skill set as required to execute effectively with other SEL or school climate strategies already in use, but with content that is not specific to any strategy.

DELIVERABLES:

Vendors will provide the following deliverables: education, training, and technical assistance for school staff to improve their systems or structures and to integrate social-emotional learning into their instructional planning and practice.

OUTCOMES:

Vendors' services will result in the following outcomes for Category A- Direct Services:

- Increased attendance
- Decreased out of school suspension/expulsion
- Increased on track rate for students who are off track due to attendance/behavior
- Decreased inappropriate behaviors as measured by the SCC
- Increased student engagement in school

In addition, the curriculum and materials will include both skill instruction and skill practice.

Vendors' services will result in the following outcomes for Category C - Professional Development:
