**CHIEF EXECUTIVE OFFICER'S REPORT OF INCENTIVE COMPENSATION PLAN
FOR PRINCIPALS ASSIGNED TO CERTAIN SCHOOLS DESIGNATED
AS TURNAROUND OR TRANSFORMATION SCHOOLS**

THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING ACTION:

Pursuant to the authority delegated to the Chief Executive Officer under Board Rule 4-1 (a)(3), the Chief Executive Officer has established an incentive compensation plan for principals assigned to certain schools that have been designated as "turnaround" or "transformation" schools ("the Incentive Plan"). A copy of the Incentive Compensation Plan for Principals Assigned to Turnaround or Transformation Schools is attached hereto and presented for filing.

**CHICAGO PUBLIC SCHOOLS
2010-11 INCENTIVE COMPENSATION PLAN
FOR PRINCIPALS ASSIGNED TO TURNAROUND OR TRANSFORMATION SCHOOLS**

DESCRIPTION:

To help improve some of the most struggling schools in Chicago Public Schools (CPS), the Board has designated some schools as "turnaround" with a sub-set of these schools being managed by the CPS Office of School Improvement (OSI). Informed by the Five Essential Supports identified by the Consortium on Chicago School Research, the CPS Turnaround comprehensive school reform model systematically overhauls the school, providing resources, supports, coaching, technical assistance and leadership development in the areas of: 1) human capital, 2) school stabilization, 3) family and community involvement, 4) culture and climate, 5) community resource development, and 6) teaching and learning. The CPS Turnaround Model is phased in over a period of years to ensure lasting change. Additionally, other schools have been identified as "transformation." After an in-depth needs analysis, transformation schools receive customized support packages that use select components of the CPS Turnaround Model tailored to the needs of particular transformation schools. The schools continue to report to their designated Area with OSI acting as an internal lead partner for the transformation effort.

The federal government has prioritized the "turnaround" and "transformation" of the nation's lowest performing schools by making funds available through the School Improvement Grant (SIG) program. These funds are allocated to school districts by states through a competitive process. Grant applications are submitted and rated against rubrics with specific requirements for success. One of the areas required for success in the application process is the creation of principal compensation plans designed to incent talented leaders to take on the most challenging leadership positions in the district. Districts earn points in the application process for creating incentive plans and are then allowed and encouraged to use grant monies to pay for such incentive plans. This Incentive Plan is designed to attract and retain talented principals in turnaround and transformation schools.

A variety of measures are undertaken at certain "turnaround" and "transformation" schools under the direction of the CPS Office of School Improvement to help dramatically improve the academic performance of the school's students. In order to support that effort, the Chief Executive Officer has established the Incentive Plan for school principals at those "turnaround" and "transformation" schools. The Incentive Plan provides for an assignment bonus payable to the principal, regular compensation payable as salary on a bi-weekly basis, a retention bonus, and a performance bonus payable after the end of each regular school year after certain performance measures and data have been examined and analyzed by the School Improvement Officer and designated Chief Area Officer where applicable, under direction from the Chief Executive Officer.

Principals subject to Incentive Plan The Incentive Plan established applies to the following principals of schools designated as "turnaround" and managed by the CPS Office of School Improvement:

<u>Principal</u>	<u>Title</u>	<u>Assigned School</u>
Cherie Novak	Interim Principal	Fulton Elementary School
Lynn McGinnis-Garner	Interim Principal	Langford Elementary School
Elizabeth Dozier	Interim Principal	Fenger High School
Leonetta Sanders	Interim Principal	Harper High School
Kenyatta Stansberry	Interim Principal	Marshall High School

Duration of Incentive Plan The Incentive Plan shall be effective for the 2010-11, 2011-12 and 2012-13 school years and may be renewed in subsequent school years by the CEO. The CEO may amend the Incentive Plan as s/he deems necessary. Payment of the performance bonus is subject to the review and approval of the Chief Education Officer.

Terms of Incentive Plan. The Incentive Plan includes an assignment bonus, a base salary and benefits, retention incentive bonus, and an annual performance bonus as follows.

- 1) **Eligibility Requirements.** Principals named in this Board Report are eligible for the bonuses described herein provided that, at the time the bonus is payable, the principal has met all of the criteria for the bonuses as set forth in this document and provided that the principal is in "good standing." For purposes of this plan, "in good standing" means that the principal has not been the subject of a substantiated investigation and has not been disciplined in any way. If the principal is the subject of any investigation, disciplinary proceeding or other matter adversely reflecting on his/her performance or personal or professional conduct, no bonus shall be paid to the principal under the principal's eligibility is determined.
- 2) **Base Salary and Benefits:** The Board shall pay a base salary to the principal in accordance with the Administrative Compensation Plan, or any successor plan applicable to principals. The principal shall also be eligible to participate in all benefits for which full-time, regularly appointed certificated employees are eligible.
- 3) **Assignment Bonus:** *In order to effectively attract talented school leaders to these challenging assignments,* the Board shall pay eligible principals an assignment bonus of ten thousand dollars (\$10,000.00) at the end of the school year in which they are assigned to a "turnaround" or "transformation" principal position. This is intended to be a one-time only bonus per principal per school. Additionally, principals who move from one "turnaround" or "transformation" principal position to another are only eligible for one assignment bonus within any twenty-four calendar-month (two year) period. The assignment bonus shall not be considered part of the principal's full salary rate and shall not be subject to pension contributions. Payment of this assignment bonus shall be subject to all other standard withholdings and deductions. Payments will be made as soon as administratively possible following the last day of student attendance.
- 4) **Retention Bonus:** *In order to effectively retain Principals for consecutive years within the same school,* the Board shall pay principals a "retention" bonus upon his/her successful completion of each three-year period within one school. However, the maximum retention bonuses that a principal may achieve within one school are two (i.e., after the third and sixth consecutive years). Principals are eligible for no more than two retention bonuses at the same school. After that, although a principal may continue to lead in that school, s/he will no longer be eligible for continued retention bonuses.

To be eligible for the retention bonus, the principal must not have a "needs improvement" or "unsatisfactory" performance review and must commit to return to his/her assigned "turnaround" or "transformation" school for at least one more school year. The CEO may

grant an exemption of the requirement to commit to return to the school for the additional school year, if a principal meets the performance criteria and has submitted a notice of his/her intent to retire. The amount of the retention bonus shall be \$15,000. The retention bonus shall not be considered part of the principal's full salary rate and shall not be subject to pension contributions. Payment of this retention bonus shall be subject to all other standard withholdings and deductions. Payments are expected as soon as administratively possible within the next fiscal year following the satisfactory completion of the eligibility requirements.

- 5) **Annual Performance Bonus:** The Board shall pay principals an annual performance bonus based on whether and to what extent their assigned school meets certain performance measures. Said measures reinforce the whole school strategies articulated in the Five Essential Supports as follows:

**City of Chicago Board of Education
Finance and Audit Committee Meeting
Held February 1, 2011**

Committee members reviewed and approved the minutes of the Finance and Audit Committee meeting held on November 9, 2010.

Controller Daryl Okrzesik reported on the FY 2010 Audit, which was given an "unqualified opinion" by independent auditors upon its issuance in December 2010. Operating revenues and expenditures were both approximately 8% lower than budget. At the close of FY 2010 the state owed CPS \$236 million in delayed block grant payments. The general operating unreserved fund balance was \$198 million at the end of FY 2010, which equaled 4.2% of revenues. Controller Okrzesik noted that if all state payments had been made, the fund balance would have been about 8% of operating revenues.

Committee members were informed that there were no material weaknesses in the FY 2010 audit. There were four significant deficiencies identified in the audit. Controller Okrzesik discussed efforts to address the findings and Committee members asked that the Chief Financial Officer and Finance team report on its progress at the next Finance and Audit Committee meeting.

Grants Officer Dr. Kayleen Irizarry reported that \$180.5 million of ARRA Title I funding and \$295.5 million of regular Title I funding must be spent by August 2011. The Education Jobs (Ed Jobs) Funding of \$104M must be spent by July 2012. To ensure that all grant funds are maximized, the Finance team has taken steps to spend all time bound Title I funding by August 31, 2011 while preserving Ed Jobs funds, which has a longer grant period. In FY 2011, approximately \$58 million of Ed Jobs funding will be used to restore 852 positions, including the restoration of high school class size and creating positions in special education. This preserves \$46 million for use in FY 2012.

Committee members learned that the majority of the \$266 million of central office and city-wide cuts that were made to balance the FY 2011 budget have been achieved. FY 2011 budget to actual overall remains on track with risks on overspend offset by items with lower than budgeted expenditures. Although the state paid its entire backlog of FY 2010 payments in December, the state's late FY 2011 payments to CPS equaled \$360 million in January 2011.

CFO Diana Ferguson reported an updated outlook for FY 2012. As reported at the November meeting, one-time resources including federal revenues of ARRA and Ed Jobs funding and fund balance will not be available in FY 2012. Contractual salary increases, and increases to healthcare and pension costs will drive increased costs of \$170 million. This initial projected deficit of \$720 million does not include increases in operational costs and assumes level state funding and continued pension relief. Additional factors that will impact the deficit include the \$90 million of TIF surplus, any increase in property taxes due to new property, impacts of the recent state income tax increase, and the \$46 million of preserved Ed Jobs funding.

The quarterly report of Board Office expenses was reviewed. It totaled \$16,745, primarily related to routine administrative activities including archivist services, transcription services, and document management.

Following the presentation the meeting was open for public participation, but no members of the public registered to speak.

President Richardson-Lowry thereupon declared Committee Report 11-0223-CR1 accepted.

DESCRIPTION: The Charter Schools Law (105 ILCS 5/27A-1 et seq., as amended) provides that up to 70 charter schools may be operated in the city of Chicago. Proposals to operate charter schools are submitted to the Board for evaluation pursuant to the standards set forth in 105 ILCS 5/27A-8, and the Board convenes a public meeting to obtain information to assist in its decision to grant or deny each proposal and report its action to the Illinois State Board of Education. The State Board determines whether the approved charter school proposal and the proposed contract satisfy the provisions of the Charter Schools Law and, if so, certifies the charter school.

CHARTER APPLICATION PROPOSAL: The Montessori School of Englewood Charter (the Montessori School) proposal was submitted by The Montessori Network, Inc. and received by the Board in August 2010. The Montessori School's mission is to prepare a new generation of students for lifelong academic, personal, and professional success through a rigorous, tuition-free K-6 Montessori education. The Montessori Method will encourage them to graduate from high school and college, fostering aspiration to excellence and cultivating personal commitment to a peaceful and sustainable global community. The Montessori classroom maximizes the development and capabilities of the individual student through a combination of instructional strategies: developmentally based hands-on materials and instructional methods, multi-sensory education, project-based learning, Socratic dialogue, individualized instruction, student choice, social justice education, a focus on relationships, and culturally responsive teaching. The Montessori School will ignite the minds and illuminate the hearts of its students. The school is slated to open in the fall of 2012 serving 90 students in grades K-2. At capacity, the school will serve 240 students in grades K-6. The school will be located at 7033 S. Honore. Public hearings on charter school submissions submitted in 2010, as required by statute, were held on December 13, 2010, January 18, 2011, and February 17, 2011.

The school operator originally applied for approval to operate grades K-8 with up to 540 students, but the facility selected by the school operator could not support that program size; therefore, the school is authorized to only operate through grade 6 at this time. In the event the school operator identifies another site with a larger capacity, it may apply to amend its charter to add grades 7-8. The proposed amendment must be submitted to the Office of New Schools no later than July 1, 2016.

CONTINGENT APPROVAL: The granting of a charter by the Board and the entering into a Charter School Agreement is contingent upon the school operator meeting benchmarks detailed by the Office of New Schools including, but not limited to, obtaining the financing for, and the completion of, the renovations to the independent facility at the school site. These benchmarks will be communicated to the school operator in a formal Letter of Conditions with all deadlines to be met by January 15, 2012. The Office of New Schools will oversee the enforcement of these deadlines; failure to meet these deadlines may, at the option of the Board, result in the rescission of the authority granted herein and the denial of the charter school proposal. A final review of the charter school proposal will be conducted by the Chief Executive Officer. The Chief Executive Officer or his designee will file a report indicating the CEO's final approval or denial of the charter school proposal and satisfactory resolution of all material issues related to the formation of the school. The report will be filed with the Secretary of the Board on or before February 15, 2012. This final review will be conducted to determine compliance with the terms indicated above.

TERM: The term of the Montessori School charter and agreement shall commence July 1, 2012 and end June 30, 2017.

AUTHORIZATION: Authorize the General Counsel to include relevant terms and conditions, including any indemnities to be provided to the charter school, in the written Charter School Agreement, which shall reflect resolution of any and all outstanding issues between the Board and the governing body of the charter school including, but not limited to: site location, enrollment, educational program, financial controls and practices, academic accountability and evaluations. Authorize the President and Secretary to execute the written Charter School Agreement. Authorize the Executive Officer of the Office of New Schools to issue a letter notifying the Illinois State Board of Education of the action(s) approved hereunder and to submit the approved proposal and signed Charter School Agreement to the Illinois State Board of Education for certification.

LSC REVIEW: Approval of Local School Council is not applicable to this report.

AFFIRMATIVE ACTION: Not applicable.

FINANCIAL: The financial implications will be addressed during the development of the 2012-2013 fiscal year budget. Since the School Code of Illinois prohibits the incurring of any liability unless an appropriation has been previously made, expenditures beyond FY12 are deemed to be contingent liabilities only, subject to appropriation in subsequent fiscal year budgets. If The Montessori Network, Inc. does not receive funding from Renaissance Schools Fund, the Board shall provide a one-time payment to the school for planning positions in an amount not to exceed \$170,000.00.

GENERAL CONDITIONS:

Inspector General - Each Party to the agreement shall acknowledge that, in accordance with 105 ILCS 5/34-13.1, the Inspector General of the Board of Education has the authority to conduct certain investigations and that the Inspector General shall have access to all information and personnel necessary to conduct those investigations.

Conflicts - The agreement shall not be legally binding on the Board if entered into in violation of the Provisions of 105 ILCS 5/34-21.3, which restricts the employment of, or the letting of contracts to, former Board members during the one-year period following expiration or other termination of their terms of office.

Indebtedness - The Board's indebtedness Policy adopted June 26, 2006 (96-0626-P03), as amended from time to time, shall be incorporated into and made a part of the agreement.

Ethics — The Board's Ethics Code adopted June 23, 2004 (04-0623-PO4), as amended from time to time shall be incorporated into and made a part of the agreement

BACKGROUND: A National Defense Cadet Corps program was established at Roger C. Sullivan High School in 2008 (authorized by Board Report 08-0602-ED4) and was granted JROTC program status as of June 30, 2010.

TERM: The term of the Army JROTC agreement shall commence upon receipt of notification from the Army ROTC that the Army has approved the establishment of a Junior ROTC unit on the date specified and shall remain in effect until terminated as set forth in the agreement.

EARLY TERMINATION: Either party may terminate the Army JROTC agreement by giving one year's notice of such intent to terminate.

PROGRAM DESCRIPTION: The Army JROTC Program is a 4-year academic program curriculum that promotes and teaches good citizenship. It is taught in Leadership Education Training (LET) levels where LET I is for students who have never had a JROTC course, LET II is for students who have completed the LET I level, LET III is for students who have completed both LET I and LET II levels, and LET IV is for students who have completed all previous LET Levels I - IV.

The Army JROTC Program seeks to fulfill the following objectives:

1. Give students an appreciation of the origin, advantages and responsibilities of citizenship in our country.
2. Develop in students an understanding of good leadership skills and the advantages of strong moral character.
3. Promote in the students an understanding for the need and application of our national security.
4. Develop in students a sense of pride and personal discipline.
5. Teach students to understand and respect the need for constitutional authority as the foundation of a democratic society.

RESPONSIBILITIES OF THE PARTIES:

1. The Army JROTC will:
 - a. Provide for use of available Government property as authorized by law and tables of allowances
 - b. Assign such military personnel as the Army may deem necessary for administration of the Program and pay the statutory compensation of such personnel.
 - c. Establish a Junior unit of the Army Reserve Officers' Training Corps at the School.
2. The Board or Roger C. Sullivan High School will:
 - a. Make available for use by the JROTC unit necessary and adequate classrooms, administrative offices, office equipment, storage space, drill field, and other required facilities and to pay the costs of utilities and maintenance thereof. To make available in the JROTC administrative office a

telecommunications line suitable for voice transfer, Internet connectivity and data transfer, and to pay the costs of installation and maintenance thereof to include phone calls (local and official long distance).

b. Employ certified instructors authorized and approved by the Army to administer the Army approved courses, (a minimum of one officer and one noncommissioned officer per unit).

c. Enter into contracts with the instructors for periods to permit year round management of the Program and control of government property. Instructor contracts may be extended up to 21 days to allow instructors to attend JCLC camp. These extensions will be approved on a case-by-case basis. School authorities agree to pay retired Army JROTC instructors in accordance with applicable federal law and regulations as further described below.

d. To maintain an enrollment in the institution of not less than 100 physically fit students (or 10% of the student population, whichever is less) who are in a grade above the 8th grade.

e. Encourage and support the professional development of JROTC instructors and permit attendance at orientation/refresher training workshops/conferences.

f. Assist the Army in ensuring quality instruction by providing written annual performance appraisals to CG, U.S. Army Cadet Command using appraisal forms provided by the Army

EMPLOYMENT CONTRACTS/COMPENSATION REQUIREMENTS FOR JROTC INSTRUCTORS:

1. Required Number of Instructors/Length of Employment: The Board will be required to employ certified instructors as required by DA Form 3126. The ratio of instructors to cadets is detailed below. All instructors must be approved by the Army to administer the military courses, (a minimum of one officer and one noncommissioned officer per unit). Contract periods will be negotiated to permit year round management of the program and control of Government property. Schools are encouraged to reimburse the JROTC Instructors on a comparable scale as other teachers employed at the school. Schools will ensure that instructors are provided liability insurance to the same extent and in a like manner as such insurance is provided to other teachers and coaches through the school for school sponsored activities or duties (including extra-curricular activities, i.e., annual encampments, adventure training, drill competitions, marksmanship competitions, etc.). Schools will provide Junior ROTC Cadets insurance to the same extent and in like manners provided other students (including extra-curricular activities)

4)	351-450	1	4

*Additional retired officers and NCOs may be authorized in Cadet Ratio of 500 1 for officers and 100 1 for NCOs.

2. Instructor Salaries and Term of Contract: The Board will pay retired Army JROTC instructors in accordance with applicable federal law and regulations. JROTC instructors will start their employment at Minimum Instructor Pay (MIP). MIP is the difference between official retired pay, reported by DFAS, and the active duty pay and allowances (excluding hazardous duty and special pays) that a JROTC instructor would receive if ordered to active duty. Active duty pay and allowances are based on the DFAS current year Military Pay Tables. The instructor salary will be adjusted from time to time as set forth in the contract. **APPROVE RESTRUCTURING PLANS FOR SCHOOLS CLASSIFIED AS IN NEED OF
RESTRUCTURING UNDER THE NO CHILD LEFT BEHIND ACT (NCLB)**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board approve restructuring plans for 20 schools that have newly entered restructuring status under the federal No Child Left Behind Act (NCLB), and one school with restructuring status that was recently evaluated and confirmed by the Illinois State Board of Education (ISBE).

DESCRIPTION: A summary of the new restructuring plans for the 21 Chicago Public Schools requiring restructuring plans is set out on Exhibit A. The restructuring measures noted in each plan will also be incorporated into the schools' School Improvement Plans (SIPAAAs).

A school is placed in NCLB restructuring status if it fails to make Adequate Yearly Progress (AYP) for five consecutive years. Upon being identified as in need of restructuring, a school is placed in "Restructuring Planning" status, and the district must develop a restructuring plan. If the school fails to make AYP for a sixth year, the school is placed in "Restructuring Implementation" status, and the restructuring plan must be implemented at the start of the subsequent school year.

NCLB requires a district to implement one of the following alternative school governance arrangements at a school with restructuring status consistent with State law: (1) Reopen the school as a public charter school, (2) Replace all or most of the school staff who are relevant to the school's failure to make AYP; (3) Enter into a contract with an entity with a demonstrated record of effectiveness to operate the school, (4) Turn the operation of the school over to the state; or (5) Any other major restructuring of the school's governance arrangement that makes fundamental reforms, such as significant changes in the school's staffing and governance, to improve student academic achievement and that have substantial promise of enabling the school to make AYP.

In developing the attached restructuring plans, a range of strategies and measures were considered by the school principal and the Chief Area Officer, AMPS Officer or Officer of New Schools. School performance data were analyzed to establish an individual plan for each school that targets specific interventions that address identified needs and deficiencies. Parents and teachers at each school were provided with the opportunity to comment on the plan.

The complete restructuring plan for each school is on file in the Office of Performance

PROGRAM: CPS-sponsored Spring Break College Tours provide students opportunities to visit college and university campuses locally and across the country. Campus visits are an important part of the college selection process, helping students distinguish between colleges and envision themselves as students on a particular campus. Exposure to college culture, a curriculum that adds structure to the visits, and relationships developed with administration representative, current students, etc. are valuable as students complete the processes leading up to college enrollment. EDUCATIONAL VALUE/OUTCOMES: Participants will get a firsthand look at colleges and universities. Visits will include a combination of campus tours and interaction with students, faculty and administration, allowing students to get a perspective of each campus from various points of view. Also, participants will have the opportunity to experience several aspects of college life such as dormitories, dining areas, classrooms, libraries, etc., with a college tour curriculum to guide them. These activities will assist students in determining the type of college or university that is the best match for them (small college vs. larger college, urban or metropolitan setting vs. rural setting, private vs. public university, etc.), understanding the steps required to gain entry into and maintain enrollment in various schools, and initiating connections with admissions and financial aid representatives.
