RESOLUTION ADOPTING THE ANNUAL SCHOOL BUDGET FOR FISCAL YEAR 2024

WHEREAS, pursuant to Section 34-43 of The Illinois School Code (the "Code"), the Board of Education of the City of Chicago (the "Board") is required to adopt an annual school budget for each fiscal year of the Board within the first 60 days of the fiscal year of the Board to which such budget relates; and

WHEREAS, the Board is directed by the provisions of Section 34-43 of the Code to balance its budget in each year within standards established by the Board; and

WHEREAS, Section 34-43 of the Code authorizes the Board's budget for any fiscal year to (i) provide for the accumulation of funds for educational purposes as the Board may direct for capital improvements or in order to achieve a balanced budget in a future year within the four-year period of the Board's financial plan to begin in that budget year; and (ii) to provide for a reserve in the educational fund to ensure uninterrupted services in the event of unfavorable budget variances; and

WHEREAS, Section 34-45 of the Code directs that the budget shall include the organization units, purposes, and objects for which appropriations are made; the amount appropriated for each organization unit, purpose or object; and the fund from or to which each amount appropriated is to be paid or charged; and

WHEREAS, the Board is empowered and directed by the General Assembly pursuant to the provisions of Section 34-3.3 of the Code to, among other things: (i) increase the quality of educational services in the Chicago Public Schools; (ii) reduce the cost of non-educational services and implement cost-saving measures including the privatization of services where deemed appropriate; and (iii) streamline and strengthen the management of the system, including a responsible school-based budgeting process, in order to focus resources on student achievement; and

WHEREAS, the District has provided most schools with budget allocations using a Student Based Budgeting model which calculates allocations for core instruction funding based on a per-pupil formula and further provides a principal with discretion on the use of per-pupil funds; and

WHEREAS, the Board's Debt Management Policy, Section III.I. (Board Report 13-0724-PO1), authorizes the Board to use its operating funds to establish a reserve balance accounted for within the Debt Service funds to be used for any governmental purpose approved by the Board and delegates authority to the Chief Financial Officer of the Board to authorize any transfer to or from Debt Service funds; and

WHEREAS, the President and Members of the Board desire to declare their intent that the Board reimburse itself for the payment of all or a portion of capital expenditures as outlined in Resolution 23-0628-RS, Exhibit A and the website www.cps.edu/capitalplan with the proceeds of tax-exempt Bonds (the "Bonds") when such proceeds are available, which declaration of intent is intended to comply with Section 1.150-2 of the U.S. Treasury Regulations; and

WHEREAS, the Board currently expects that the proceeds of the Bonds will be applied to so reimburse itself not later than 18 months after the later of (a) the date the original expenditure is paid, or (b) the date the Project is placed in service or abandoned, but in no event more than three years after the original expenditure is paid; and

WHEREAS, it is now appropriate for the Board to adopt its annual school budget for its Fiscal Year 2024 and related standards and policies;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE BOARD OF EDUCATION OF THE CITY OF CHICAGO as follows:

Section 1. Findings. It is found, declared and determined as follows.

(a) Pursuant to section 34-43 of the Code, the Board has previously established standards by which its budgets shall be balanced in each fiscal year, consistent with the requirements of the Code. These standards provide that each budget of the Board shall cover a fiscal year of the Board and shall be developed and adopted in accordance with the requirements of the Code, including, but not limited to, Sections 34-42 through 34-51 thereof. These standards also provide that each budget shall be prepared in accordance with generally accepted accounting principles and shall be balanced such that, for each fund, the estimated sum of all revenues for the fiscal year from all sources and the amount of Fund Balance Available for appropriation in the fiscal year is greater than or equal to the estimated sum of all appropriations required to defray the amount of all expenditures and charges to be made or incurred during the fiscal year and the amount of all unpaid liabilities at the beginning of the fiscal year. The standards further provide that in determining the amount of the Fund Balance Available for appropriation in the Educational Fund, there shall be deducted (i) the amount, if any, which the Board directs to be accumulated to achieve a balanced budget in a future year within the four-year period of the financial plan to begin in the budget year or for capital improvements, and (ii) any reserve to insure uninterrupted services in the event of unfavorable budget variances. The Board's goal is to have a balanced budget over the period of the four-year financial plan that is to be developed.

(b) The annual school budget for Fiscal Year 2024 was prepared in tentative form by the Board and was available for public inspection for at least fifteen days prior to adoption (to wit, since June 13, 2023) by having at least five copies of the tentative budget on file in the Office of the Board and was posted June 13, 2023, on the district's web site at www.cps.edu/budget.

(c) On June 20 and 21, 2023, two public hearings were held concerning the adoption of the annual school budget for Fiscal Year 2024, notice of such hearings having been given by publication on June 13, 2023, in a newspaper of general circulation in the City of Chicago.

Section 2. Budget Approval. The Annual School Budget for Fiscal Year 2024, incorporating Exhibit A of this Resolution and the web site at <https://cps.edu/budget>, is adopted.

Section 3. Transfers Between Appropriations. The Office of Budget and Grants Management may approve transfers within any Board fund and within an object group and purpose in accordance with this Section. Except for matters approved by the Board as being within the discretion of the Office of Budget and Grants Management, transfers within a fund and between object groups and purposes must be recommended by the Office of Budget and Grants Management and approved by the Board by a vote of two-thirds of the members, provided that no appropriation shall be reduced below an amount sufficient to cover all obligations that will be incurred against the appropriation. The Chief Executive Officer shall define object groups and purposes that are subject to these requirements.

The Chief Financial Officer is hereby authorized to transfer and use Debt Service funds not otherwise restricted under bond documents for the purpose of operating and capital expenditures to support cash flow during the fiscal year. Transfers from the Debt Service funds for this purpose will be repaid from the next receipts of property tax revenues.

Section 4. Capital Budgeting Process. The Chief Executive Officer proposed a one-year Capital Improvement Plan (the "CIP") consistent with the annual budget and the requirements of Section 34-215 of the Code on June 28, 2023, for the Board's approval. Three public hearings were held to receive public comment on the proposed CIP. Such meetings were held virtually on June 20, 21, and 23, 2023.

The Board reasonably expects to reimburse itself for the payment of capital expenditures incurred and paid by the Board from its own funds with the proceeds of the tax-exempt Bonds upon the issuance thereof. These capital expenditures are outlined in Resolution 23-0628-RS_, Exhibit A and the website www.cps.edu/capitalplan.

Section 5. Grants. The Office of Budget and Grants Management shall be responsible for the structure and accountability of the school district's grants management process. The Office of Budget and Grants Management is designated as the managing fiscal agent for the Board for all grant money received from funding agencies.

The principal of a local school or unit head, serving as an agent of the Board, is responsible for the implementation and management of all school-based or unit-based grants from governmental and non-governmental agencies. The principal or unit head is responsible for implementing the program in a timely fashion, as approved by the funding agency, and for expending funds in accordance with the terms, budget, and liquidation requirements of the approved proposal.

Section 6. Budget Allocations. Any Policy that refers to the use of a quota formula to determine school budget allocations or other related requirement is hereby deemed to constitute reference to the Student Based Budgeting model referenced in this Resolution.

Section 7. Personnel Policies. The appropriations herein made for personnel services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be limited to personnel only as needed, or as may be required by law, not to exceed the maximum that may be employed for any position by title. Notwithstanding any item in the budget, one person may be employed or more than one person may be employed, upon recommendation of the Budget Officer and the Chief Executive Officer, whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rate for the respective positions, provided that salaries or wage rates are subject to change by the Board during the fiscal year in accordance with collective bargaining agreements approved by the Board.

Initial appointments to any position, transfers among positions and resignations of Board personnel shall be made in accordance with, and subject to, current Board Policies and Rules, as may be amended, from time to time.

Section 8. Settlement Agreements and Judgments. No expenditure may be made from any fund or line item account herein for the purpose of executing settlement agreements, entering into consent orders or paying judgments except upon the approval of the Board; provided, however, that this section shall not apply to judgments, settlement agreements or consent orders involving an amount up to \$50,000 or to labor arbitrations. In those cases, the General Counsel is authorized to approve such documents and expend such funds without approval of the Board.

Section 9. Fiscal Stability. Pursuant to the Fund Balance and Budget Management Policy (Board Report 21-0127-PO2, as may be amended), in the event that the stabilization fund decreases below 15% of the operating and debt service budget, the Chief Financial Officer will prepare and present to the Board a plan to replenish the reserve. The Board must approve and adopt a plan to restore these balances to the target levels within a 12-month period. If the restoration of the reserve cannot occur within a 12-month period, the Chief Finance Officer or Budget Officer can request that the Board approve an extension of this deadline.

Section 10. Severability. To the extent that any prior resolution or policy of the Board (excluding Board Rules) is in conflict with the provisions of this Resolution, the provisions of this Resolution shall be controlling. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other provisions of this Resolution.

Section 11. Effectiveness. This Resolution is effective immediately upon its adoption.

**RESCIND BOARD REPORT 02-1023-PO03
POLICY ON SCHOOL INTERVENTION**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS THE FOLLOWING:

Rescind the following outdated Board Policy for the reason stated below:

<u>Board Report</u>	<u>Policy Name</u>	<u>Reason for Rescission</u>
02-1023-PO03	School Intervention	The Board passed its new approach to accountability (i.e., the District Policy on Continuous Improvement and Data Transparency), making this policy obsolete.

POLICY TEXT:

Introduction

Intervention is a process that addresses the persistent failure of schools to provide an adequate educational program and to accomplish student academic progress. Schools subjected to intervention have performed significantly below the national norm for student achievement with no foreseeable prospect of improvement. Any progress and improvement in student achievement that was made has not been sustained. The intervention process, which is authorized by 105 ILCS 5/34-8.4, involves a critical evaluation of all aspects of a school's operations and implementation of an intervention plan designed to comprehensively improve all aspects of a school's educational programs and operations. Intervention is an ongoing process that will be implemented over a two to three year period at each designated school. Intervention is a step uniquely suited to address chronic educational deficiencies that may be taken without recourse to other measures such as remediation and probation. The goal of the intervention process is to ensure that a school provides students with the high quality instruction and educational programs they deserve.

I. PROCEDURES FOR INITIATING INTERVENTION

The intervention process shall be initiated in the following manner, in accordance with the procedures set forth below:

A. Recommendation For Intervention

The Academic Accountability Council may recommend to the Board that a school or schools be subject to intervention. The Academic Accountability Council shall base its recommendation for intervention on the following criteria:

1. A school has been placed on remediation or probation pursuant to 105 ILCS 5/34-8.3 and Board Policy 302.3; or
2. A school appears on the State Board of Education's category of Academic Early Warning List for two consecutive years.¹

¹The term "Academic Early Warning List" has been used by the Illinois State Board of Education instead

Such recommendation shall not be binding on the Board and the Board may adopt the recommendation of the Academic Accountability Council in whole or in part. Pursuant to 105 ILCS 5/34-3.4, the Academic Accountability Council's recommendations that a school be subject to intervention must be provided to the Chief Education Officer, the principal of the designated school, the school's local school council, and the State

Superintendent of Education. The Academic Accountability Council shall inform the State Superintendent of Education as to whether its intervention recommendations are accepted or not.

B. Public Hearing on the Recommendation For Intervention

Based on its review of the Academic Accountability Council's recommendation, the Board shall conduct a public hearing and make findings of fact concerning the recommendation of the Academic Accountability Council and the factors causing the failure of the school to perform adequately. The Board shall follow the procedures listed below in conducting the public hearing:

1. Notice

- a. The Board shall provide written notice of the public hearing to the school's principal, administrators, and faculty no later than seven (7) days prior to the scheduled hearing date.
- b. The Board shall provide written notice of the public hearing to the members of the school's Local School Council no later than seven (7) days prior to the scheduled hearing date.
- c. The Board shall post a notice of the date, time and location of the public hearing at the school.
- d. The Board shall notify the public of the date, time and location of the public hearing through publication in at least one (1) local newspaper.
- e. Notice in each instance shall include a statement regarding the Board's intention to consider intervention as the remedial step to correct the school's deficiencies.

2. Conducting the Hearing

- a. The Board shall preside over the hearing.
- b. The Board shall appoint a hearing officer to conduct the hearing and receive input from concerned persons regarding the recommendation of intervention.
 - c. The hearing officer shall be solely responsible for conducting the hearing and shall conduct the hearing in an efficient and impartial manner according the following guidelines:
 - (1) The hearing officer will commence the hearing by reviewing the purpose for which the hearing is convened;
 - (2) The hearing officer will ensure that a record of the proceedings is made by a certified court reporter;
 - (3) The hearing officer shall determine the order of speakers' participation;
 - (4) The hearing officer shall call on the head of the Academic Accountability Council or designee to provide information regarding the educational bases for the recommendation of intervention;
 - (5) The hearing officer shall make every reasonable effort to provide interested parties wishing to give relevant and probative information the opportunity to do so. However, the hearing officer shall limit the presentations to avoid redundant or unnecessarily cumulative information. "Interested parties" include, but are not limited to:
 - (i) the Chief Education Officer or designee;
 - (ii) representatives of the Office of Accountability;
 - (iii) representatives of the Office of High School Development;
 - (iv) probation manager;
 - (v) external partners to the school;
 - (vi) local school council members;
 - (vii) school principal;
 - (viii) parents;
 - (ix) students;
 - (x) the Chicago Teachers Union;

of the term "Does Not Meet Expectations" since the 1997-98 school year.

(xi) interested community members;

(6) Only the hearing officer and/or presiding Board members will be permitted to address or pose questions to the participants;

(7) The hearing officer may impose any other reasonable procedures as may be necessary to ensure that the proceedings are fair, orderly and efficient. In this regard, it shall be the prerogative of the hearing officer to determine the length of presentations so that all parties have an opportunity to provide information.

3. Factors Relevant to the Determination of Intervention

In considering the recommendation of the Academic Accountability Council that a school be subject to intervention, the hearing officer shall consider the factors for placing a school on probation enumerated by Board Policy 302.3 (99-0825-PO2).

These factors shall include the following:

- a. The inability of the school to improve its performance by:
 - (1) Drafting an appropriate new school improvement plan;
 - (2) Additional training for the local school council;
- (3) Effectively implementing the new school improvement plan;
- (4) Mediating disputes or other obstacles to reform or improvement at the school.
- b. Less than 20% of students are at or above national norms in reading.
- c. Student attendance rates are significantly below system-wide averages.
- d. High school drop out and graduation rates are significantly poorer than system-wide averages.
- e. The hearing officer may also consider the existence of the following additional factors:
 - (1) Student scores or results on the Illinois Student Achievement Test ("ISAT") or on any other test assessing student learning used by the Chicago Public Schools or the Illinois State Board of Education that are significantly below statewide and/or national norms;
 - (2) Student truancy rates that are significantly above system-wide averages;
 - (3) The existence of a significant threat to the safety and well being of students and staff which is attributable to the internal operations of the school and which disrupts the educational process and learning environment;
 - (4) Failure by the principal, school staff or local school council to comply with applicable law, collective bargaining agreements, court orders, or Board rules and policies which results in the disruption of the educational process and learning environment;
 - (5) Lack of significant school progress in such areas as: (i) student mobility, (ii) bilingual educational programs, (iii) special education programs;
 - (6) Inadequate rates of significant progress in student achievement given the degree, type and length of time remedial resources have been provided to the school;
 - (7) Failure to develop and utilize a school curriculum that addresses the educational needs of students;
 - (8) Deficient educational management at the school;
 - (9) Probation manager's assessment of the school;
 - (10) Chronic student discipline problems as manifested by increasing numbers of suspensions and expulsions;
 - (11) Rising rates of failing grades assigned on semester and end-of-year grade reports;
 - (12) Evidence that a school has failed to adequately involve parents in an appropriate manner in the operation of the school and its educational programs.

4. In addition to the foregoing, a presentation shall be made at the hearing by the Office of Accountability and/or the Office of High School Development regarding the school's relevant academic history.

C. Findings of Fact

The hearing officer shall prepare written findings of fact summarizing the information received at the public hearing relevant to the Academic Accountability Council's recommendation that a school be subjected to intervention. The findings of fact shall address the issue of whether intervention is the most

appropriate remedy for the school's deficiencies. The findings of fact shall be submitted to the Board.

Interested parties shall have 48 hours following the close of the public hearing to submit written statements to the Board to supplement the hearing record. If the period for submissions ends on a weekend, parties shall have to the close of the next business day to supplement the hearing record.

II. THE INTERVENTION PROCESS

The Board shall determine, after the public hearing and the submission of the hearing officer's findings of fact, whether to accept the Academic Accountability Council's recommendation that a school shall be subjected to intervention. If the Board determines that intervention should occur, the Board shall cause an intervention plan to be implemented at the school. As part of the intervention plan, the Chief Education Officer shall be directed to appoint an intervention team of instructional specialists for the school and to appoint an interim principal for the first year that the school is subjected to intervention. The Board also shall cause a performance evaluation to be conducted for each employee at the school. The intervention process includes the following:

A. The Three-Year Intervention Implementation Plan²

Intervention shall follow a three-year implementation plan that proceeds as follows:

First Year of Intervention: During the first year of intervention, the intervention team of specialists in the core subject areas assigned to a school shall accomplish the following:

- (1) assess, with the assistance of the interim principal and teachers at the school, the causes of the school's academic failure; and
- (2) create, with the assistance of the interim principal and teachers at the school, an educational improvement plan for Board approval that addresses and remedies the assessed causes of the school's history of academic failure.

As part of school assessment, the interim principal shall conduct a thorough performance evaluation of each employee at the school.

Second Year of Intervention: The Board-approved educational improvement plan shall be implemented. Faculty and staff at intervention schools shall receive extensive, on-going training and professional development as part of the implementation of the educational improvement plan.

Third Year of Intervention: Implementation of the school's Board-approved educational improvement plan shall continue with emphasis on the provision of such additional staff training and professional development as needed to ensure that the school's educational progress will be maintained after the school leaves intervention.

B. The School-Based Intervention Teams

A school-based intervention team composed of instructional specialists in the core subject areas of English, Math, Science, and Social Studies shall be assigned to each school that is subjected to the intervention process. Additionally, the interim principal at each school shall be a member of the intervention team. The intervention teams shall work under the supervision and direction of the Office of High School Development. Once an intervention team has been assigned to a school, the probation manager at the school shall convey all of his/her information and records concerning the probation process to the intervention team members.

C. Duties of the Intervention Teams

²The Board shall have the authority to remove a school from intervention at the end of two school years if the school's progress indicates that a third intervention year is unnecessary.

Working under the direction of the Office of High School Development, the intervention team's duties shall include:

1. During the first semester of the first year of intervention, to engage in an assessment and evaluation of all existing academic and non-academic programs at the school.
2. During the first semester of the first year of intervention, write an educational improvement plan that addresses the school's specifically assessed deficiencies. The plan shall be submitted to the Board for approval no later than the end of the first semester.
3. Model effective instructional techniques.
4. Each of the instructional specialists shall be scheduled to teach at least one class.
5. Assist in providing staff training and professional development as needed in order to promote the successful implementation of the school's Board-approved education improvement plan.
6. Make immediate changes as needed;
7. Assist the school in creating a new identity with a new school mission.
8. Evaluate the role of the Local School Council in implementing intervention at the school. This assessment shall consider the Local School Council's role at the school, including its ability and willingness to collaborate with the intervention team and the interim principal in correcting the school's deficiencies.

Nothing herein shall preclude the deployment of additional persons to assist the intervention teams in their work.

D. The Role of the Interim Principal At Schools Subjected to Intervention

The interim principal plays a pivotal role in the intervention process. The interim principal's duties shall include:

1. The interim principal shall have the sole responsibility for evaluating the existing staff at the school for each year the school is subjected to intervention.
2. At the beginning of the first intervention year, the interim principal shall appoint at least one teacher to serve as the faculty representative to the school's intervention team.
3. The interim principal shall be a member of the school's intervention team and shall provide the team with any assistance it needs in assessing the causes of the school's chronic academic failure and in formulating an educational improvement plan for the school.
4. The interim principal shall make monthly reports to the local school council on the progress of intervention at the school.
5. The interim principal shall be responsible for recruiting teachers to meet the faculty staffing needs of the school as those needs have been established in the school's educational improvement plan.
6. The interim principal shall have primary responsibility for the day-to-day administration of the school.

At the end of each school year when a school is subjected to intervention, the Board shall review and evaluate the performance of an interim principal. Those principals who have exhibited exemplary performance in promoting the successful implementation of intervention at a school shall be offered the opportunity to continue in their position for the next school year during which the school is subjected to intervention. Interim principals who are retained for the next school year shall be rewarded for their exemplary work with performance bonuses determined by the Board. Interim principals whose performance, as determined by the Board, have not promoted the successful implementation of intervention will be reassigned and a new interim principal shall be appointed by the Chief Education Officer.

E. The External Partner

An external partner may be selected for each school subjected to intervention. The external partner may assist the school's intervention team in developing an educational improvement plan. The external partner also may provide the

intervention team with expertise and assistance as needed during the intervention process. If an external partner is selected to work with an intervention school, the work of the external partner shall be reviewed by the Chief Educational Officer at the end of the school year.

F. Evaluation of Staff

105 ILCS 5/34-8.4 mandates that the Board shall cause a performance evaluation to be made of each employee at a school subjected to intervention. This performance shall take place each year that a school is involved in the intervention process. The evaluation process employed shall be conducted in a manner that ensures uniformity of evaluation standards and the implementation of sound pedagogical and operational practices and standards. In evaluating teachers, interim principals shall use the criteria set forth in the Classroom Teacher Visitation Form. Interim principals may use additional criteria that have been submitted to and approved by the Office of High School Development.

G. Reassignment, Layoff, or Dismissal of Staff

Following the evaluation process, the Board shall determine whether to reassign, layoff, or dismiss any employees at a school subject to intervention. The Board's decisions shall be made notwithstanding the provisions of 105 ILCS 5/24A-5 and 105 ILCS 5/34-85. Those employees subject to dismissal will receive due notice stating the basis for the dismissal and be provided with a pre-termination hearing convened by the Bureau of Labor and Employee Relations.

At any time during a school year when a school is subjected to intervention, teachers whose performance is evaluated by the interim principal as "unsatisfactory" following two formal observations will be given recommendations for improvement. If the teacher does not successfully implement the recommendations for improvement within a reasonable time, the teacher may be recommended by the interim principal for dismissal pursuant to 105 ILCS 5/34-8.4. The interim principal's recommendation shall be made in writing to the Chief Education Officer. Following receipt of a written recommendation of dismissal, the Chief Education Officer or an appropriate designee shall make at least two unannounced observations of the teacher recommended for dismissal. Based on these observations, the Chief Education Officer or designee shall either ratify or set aside the principal's dismissal recommendation. The grounds for this decision shall be set forth in writing and provided to the teacher, the principal, and any other appropriate parties. If the Chief Education Officer or designee concludes that the interim principal's dismissal recommendation is warranted, then he or she shall formulate a written dismissal proposal that details the reasons why the teacher dismissal is justified. Following a hearing on the Chief Education Officer's dismissal proposal conducted by the Bureau of Labor and Employee Relations, a determination shall be made as to whether the Chief Education Officer's proposal should be presented to the Board for final action.

III. REMOVAL FROM INTERVENTION

Schools that make significant educational improvement while on intervention will be removed from intervention status and placed on probation. "Significant education improvement" warranting removal from intervention shall be determined by weighing a variety of factors that include both objective data and qualitative reports on educational environment at an intervention school. Assessment and evaluation of a school's educational improvement shall be made on a case-by-case basis in order to account for the unique obstacles to student achievement at each intervention school. The factors used to determine if a school has achieved the significant educational improvement that warrants removal from intervention shall include, but not be limited to, the following:

A. Factors Used to Determine Significant Educational Improvement

1. a substantial number of the students progress from one quartile to another in reading as

measured by a designated district-wide end-of-year test of academic progress;

2. a substantial number of the students achieve a greater rate of progress in reading than they had in the previous school year as measured by a designated district-wide end-of-year test of academic progress;
3. the graduation rate increases in comparison to the previous school year;
4. a decrease in the student drop-out rate in comparison to the previous school year;
5. a decrease in both the number of students receiving one or more failing grade and the total number of failing grades assigned during the current school year in comparison to the previous school year;
6. a decrease in the number of student misconduct reports in comparison to the previous school year;
7. evidence that lesson plans are regularly collected and monitored;
8. evidence that professional and staff development programs mandated in the school's educational improvement plan for the purpose of improving classroom instructional practices have been successfully implemented;
9. evidence that faculty receive effective and timely professional assessment and evaluation;
10. evidence that teachers communicate with parents in a timely manner regarding student progress;
11. evidence that the school promotes parental and community involvement in school activities;
12. evidence that the school has achieved the goals established in its Board approved educational improvement plan.

B. Procedures For Removing a School From Intervention

The following procedures shall be used in determining whether a school should be removed from intervention:

1. working in collaboration with the Office of High School Development ("OHSD"), principals of interventions school shall deliver to OHSD all requested materials that pertain to the school's performance under intervention one week after the conclusion of the school year;
2. OHSD staff shall evaluate the performance of intervention schools using the factors set forth in section IIIA (along with any other relevant data) and determine if any of the schools have achieved significant educational improvement that warrants removal from intervention;
3. in evaluating a school's improvement for purposes of removal from intervention, OHSD may weigh certain factors listed in IIIA more heavily than others, e.g. OHSD may decide to give factors 1 and 2 more emphasis than factors 10 and 11;
4. within four weeks after receiving materials pertaining to the performance of intervention schools, OHSD shall present to the Board written findings and recommendations regarding schools that should be removed from intervention; and,
5. the Board shall make a final determination regarding the removal of schools from intervention.

IV. CONTINUED SUPPORT AND MONITORING OF SCHOOLS REMOVED FROM INTERVENTION

Schools removed from intervention have *not successfully remediated* the chronic problems that necessitated their intervention status. Rather, under intervention, these schools began a process of educational improvement that must continue uninterrupted. In order to ensure continued educational progress, the following program of support and monitoring shall be implemented with schools that have been removed from intervention.

A. “Transition School” Status

During the first school year following removal from intervention, a school will be considered as a “transition school” and, as such, it will be provided by OHSD with financial support as needed to help support continued school improvement.

B. Return to Probation Status

Following the one-year “transition school” period, former intervention schools shall be returned to probation status and governed in accord with provisions for probation schools set forth in the School Code and Board Report 99-0825-PO2.

C. Educational Support Services

Former intervention schools shall continue to receive enhanced educational support services designed to accelerate students academic progress. Area Instructional Officers (AIO”) shall provide former intervention schools with resources and technical expertise to continue the progress in curriculum and instruction begun during intervention. This support shall include professional development opportunities for teachers, and programs such as the CPS reading and math initiatives that focus on enhancing student achievement in core academic areas.

D. Leadership Support

Schools removed from intervention shall comply with all requirements pertaining to schools on probation. In addition, principals of former intervention schools shall prepare, in collaboration with the AIO and OHSD, an agenda of specific school improvement goals for the upcoming school year and the measures that will be used to assess the school’s progress in reaching those goals. This agenda will be submitted to the Board and the Chief Education Officer by the end of the first month of the school year. At the end of the school year, principals at former intervention schools, AIOs and OHSD shall submit a written report to the Board indicating the school’s performance in meeting the specific school improvement goals established at the beginning of the school year.

E. Financial Support

OHSD shall be provided with at least \$100,000 annually in discretionary funds to use as needed to help support the educational programs of former intervention schools during the first “transition school” year after they have been removed from intervention.

F. Monitoring of Former Intervention Schools

The Board shall monitor the performance of a former intervention school until it meets the performance criteria for removal from probation set forth in Board Report 99-0825-PO2. If student progress levels at a former intervention school fall below the levels reached during the year immediately prior to removal from intervention status for two consecutive years, the school may be returned to intervention status, or subjected to other remedial measures authorized by the School Code, including school closure. It is expected that former intervention schools will satisfy the criteria for removal from probation within three years after they leave intervention. If, absent extenuating circumstances, a former intervention school fails to leave probation within three years following its removal from intervention status, the school may be returned to intervention, or subjected to other remedial measures authorized by the School Code, including closure.

V. NEW LOCAL SCHOOL COUNCIL ELECTIONS

If the Board determines, based on the evaluation conducted by a school’s intervention team, that the Local School Council has failed or refuses to implement the changes needed at a school subjected to

intervention, then the Board may direct the Chief Executive Officer to order new local school council elections. These elections shall be scheduled in a manner to ensure that the newly elected local school council shall be prepared to carry out its responsibilities at the beginning of the next school year.

VI. EMPLOYEE INCENTIVES

Each year during which a school is subject to intervention, 5% of the supplemental general State aid funds distributed to the school shall be used for employee incentives. The Board, at its discretion, may provide additional funds that will be used to recognize and reward employees, including administrators, faculty and other staff members, at an intervention school for outstanding work. A plan for distribution of the funds shall be developed under the direction of the Chief Education Officer. Those staff reassigned, laid off, or dismissed shall not be eligible for such incentives.

VII. RECRUITMENT OF TEACHERS

Based on selection criteria established by the Chief Education Officer, the Board will provide financial incentives to attract and/or retain outstanding teachers to work in intervention schools. These incentives may include funding for best practices teachers who will receive enhanced salaries during the time they work at intervention schools. In addition to their teaching responsibilities, these best practices teachers will work to develop and implement professional development activities that promote the use of innovative and effective teaching methods in intervention school classrooms.

VIII. Board Report on the Results of Intervention

The Board shall prepare a report evaluating the results of school interventions and shall make recommendations concerning the implementation of special programs for dealing with underperforming schools on an ongoing basis. The report shall be submitted to the State Superintendent of Education and to the Mayor of the City of Chicago.

RESCIND BOARD REPORT 03-03226-PO04 AND ADOPT NEW NAMING OR RENAMING OF A SCHOOL, MASCOT, LOGO, LEARNING ENVIRONMENT, AND PHYSICAL MARKER POLICY**THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

That the Chicago Board of Education (“Board”) rescind Board Report 03-03226-PO04 Naming or Renaming of Schools and adopt a new Naming or Renaming of a School, Mascot, Logo, Learning Environment, and Physical Marker Policy. The policy was posted for public comment from April 21, 2023 to May 22, 2023.

POLICY TEXT:**PURPOSE**

The purpose of this policy is to create a standardized community centered process and for all names associated with CPS to be culturally responsive, anti-racist, anti-bias, and promote diversity and representation within district learning environments.

I. DEFINITIONS

Anti-racism: Anti-racism is dismantling the racism, othering, colorism, and the unequal playing field students and staff may face at the classroom, school, and district levels through action.

Anti-bias: An anti-bias approach is the act of analyzing and making sense of individual histories, identities, attitudes, or stereotypes that affect one’s understanding, actions, and decisions while explicitly working to end all forms of bias and discrimination including mitigating implicit bias.

Culturally Responsive: Empowering the cultures and identities of each student and CPS stakeholder through instructional and operational change initiatives, processes and outcomes using cultural references and experiences to interrupt systems of oppression and racism with a focus on Black, Brown, Indigenous, and other most impacted communities.

Equity: CPS Championing the individual cultures, identities, talents, abilities, languages, and interests of each student by ensuring they receive the necessary opportunities and resources to meet their unique needs and aspirations. In an equitable educational system, every student has access to the resources, opportunities, supports, and educational rigor they need at the right moment in their education, regardless of their race, ethnicity, gender, gender identity, sexual orientation, language, learning path, accessibility needs, family background, family income, citizenship, or tribal status.

Learning Environment: Learning spaces include honorary rooms, stadiums, gardens, and playgrounds.

Mascot: A physical symbol or object embodying the spirit of a school community. No school mascot may represent racial or cultural caricatures. A racial or cultural caricature is a dehumanizing stereotype of a group of people based on race or other aspects of social identity.

Naming or Renaming Advisory Committee (“Committee”): A diverse and representative group of individuals to support the naming or renaming process as described below. The Committee will publish guidance to support the naming or renaming process and engage in an ongoing assessment of current and proposed school names, mascots, logos, learning environments, and physical markers. Further, the Committee will provide an annual briefing to the Board on all naming and renaming decisions.

Physical Marker: plaques, trees, or other aspects of the physical environment that can be named.

Stakeholder: Students, staff, alumni, parents, guardians, LSC members, volunteers, and residents in a respective school community.

II. NAMING REQUIREMENTS

The following section outlines requirements for what or who a CPS school can be named after as well as the criteria for initiating a naming or renaming process.

1. Criteria for Naming a School, Mascot, Logo, Learning Environment, and Physical Marker

- A. A proposed name may be a person, a place, or a thing.
- B. In selecting persons proposed for the school name, the school community should consider a person who has made significant contributions to society while embodying tenants of cultural responsiveness, anti-racism, and anti-bias.
- C. Proposed names must not be a person whose primary identification is of a religious nature.
- D. Persons proposed for the name must be deceased for at least 6 months.
- E. Persons proposed for the name must not be a relative of any employee or local school council member associated with the school, as that term is defined in the Chicago Board of Education Code of Ethics Policy.
- F. After approval by the Board, a new name or a changed name cannot be changed for ten years.
- G. Additions, annexes, other associated structures, campus parks and playgrounds are a part of the school property and may bear the name of the school. Or, the school may choose to name a part of its campus or any auxiliary space in honor of a person that is different from the chosen proposed name while reflecting the naming requirements outlined.

2. Criteria for Initiating Naming or Renaming Processes

The naming or renaming of a school, mascot, logo, learning environment, or physical marker may be initiated if at least one of the following circumstances occur:

- A. When a new school is opened;
- B. When a school community and respective CPS stakeholders choose to name or rename a school, mascot, logo, learning environment or physical marker within a school for any reason, including in response to a demographic or social change;
- C. When two or more schools have the same name (for example, an elementary school and its upper grade center), one school may request a new name while the other retains the original name;
- D. Whether a school and its branch have the same name or a different name, the name of the branch or the school may be changed; however, it is the recommendation of the Board that the names of main schools and their branches, and the unit numbers for the school and branch both remain the same to better facilitate identification;
- E. When a school is administratively divided into units with separate principals, separate local school councils, and separate unit numbers, one unit shall apply to have a distinct name within the school year following separation;
- F. When a new facility is built to replace an existing facility which will be closed, pursuant to this policy, the Local School Council (LSC) may propose a new name or retain the existing name. If a school does not have a LSC with a quorum, then the principal may initiate an amended process with representatives from the school with support from the Committee;
- G. When an educational facility is erected on the grounds of an existing facility and the new facility serves a function distinct from that of the existing one, the new facility shall be given a new name pursuant to this policy.

III. NAMING OR RENAMING PROCESS REQUIREMENTS

The following section outlines process requirements for how a naming or renaming process must be led.

Process for Naming or Renaming a School, Mascot, Logo, Learning Environment, or Physical Marker

- A. *Naming or Renaming Request:*** Before the LSC or sitting council adds naming or renaming as an agenda item for consideration at a regularly convened LSC or sitting council meeting, the principal or designee of a respective school should meet with the Committee.
 - i. If a school does not have a functioning LSC, then the principal may initiate an amended process with support from the Committee utilizing a sitting council of students, parents, caregivers, and community members with an interest in the new school to consider suggested names and facilitate discussion concerning the school's name.
 - ii. Any CPS stakeholder may submit a request to change the name of a school, mascot, logo, learning environment, or physical marker to the school's LSC and principal.
 - iii. The LSC must consider the request by placing it on the agenda of one of their regularly scheduled meetings and voting on whether the school will proceed with the request.
- B. *Equity Plan Requirement:*** All schools leading a naming or renaming process must have a documented Equity Plan. The plan may also be reflected in the Continuous Improvement Work Plan of a respective school. Schools may use the Naming or Renaming Request Form to complete the Equity Plan requirement.
- C. *Types of Naming Changes***
 - i. **New School:** Prior to selecting a name for a new school, the school community should develop a sitting council of students, parents, caregivers, and community members with an interest in the new school to consider suggested names and to facilitate discussion concerning the school's name. A school is given a geographic name in partnership with the Committee and the respective Network Chief until a permanent name is established. The final decision for a new name is determined by the Board.
 - ii. **Existing School:** The final decision for a school renaming process is determined by the Board.
 - iii. **Mascot, Logo, Learning Environment, and Physical Marker:** Schools engaging in naming or renaming processes for a school mascot, logo, learning environment, and physical marker must follow the same process requirements as outlined for changing a school's name with the support of the Committee and does not require approval from the Board.
 - iv. **Program Focus Area:** If a school has been awarded a program designation through a CPS process (i.e. STEM, Arts, Classical, etc) and would like to formally change their name in CPS systems, then they should reach out to the Committee for guidance and an abbreviated process. If they have not gone through a CPS process, they must reach out to the Committee for guidance.
- D. *Community Engagement Requirements:*** Naming a school is an intentional school community decision, and should not be made arbitrarily or in haste. Student, parent/caregiver, CPS alumni, and staff voice from a respective school community must be prioritized in any naming or renaming process. School communities should include all voices with a focus on most impacted stakeholders including Black, Latinx, Indigenous, people of Color, women, and LGBTQ community members. If the LSC or sitting council votes to proceed with the request, the LSC must begin community engagement.
 - i. Prior to selecting a school name or changing an existing school name, the LSC or sitting council shall designate dates and times for convening a minimum of four

- school community meetings, which are subject to the requirements of the Open Meetings Act.
- ii. The purpose of such meetings is to allow school-community input regarding suggested names and to facilitate discussion concerning the basis for a proposed change of school's name.
 - iii. Student Leadership: In each school, principals or a designee should engage the student population in a survey to identify and rank proposed names prior to proceeding to an LSC or sitting council vote as applicable.
 - iv. Reporting: The Naming or Renaming Request Form, including a summary of comprehensive engagement, must be submitted to the Committee prior to proceeding to an LSC or sitting council vote. The school community may receive guidance, upon request, from the Committee.
 - v. The Committee is available to provide guidance and support to school communities on structuring community engagement.
- E. LSC or Sitting Council Vote:** After the community engagement is complete, the LSC or sitting council must consider the results of the community engagement by placing a discussion on the agenda of one of their regularly scheduled meetings. The LSC or sitting council must vote on the proposed name change.
- i. If the LSC or sitting council votes to proceed with the name change, the LSC should submit the Naming or Renaming Request Form to the Committee and the school's Network Chief.
- F. Committee or Board Vote:** Once the Committee receives the Naming or Renaming Request Form, the Committee will review the form to ensure the process and criteria outlined in this Policy has been followed.
- i. If the Committee accepts the form, the Committee will send it to the Chief Executive Officer and Chief Education Officer for review.
 1. If the proposed name or name change is for a school name, the Chief Executive Officer and Chief Education Officer must decide whether the name change must be presented to the Board.
 2. If the proposed naming or renaming process is for anything other than the school name itself, the Chief Executive Officer and Chief Education Officer delegate authority to approve the name change to the Committee.
 - ii. If the Committee rejects the form, the Committee will send it to the LSC Chairperson for the LSC to re-engage in the process.
 - iii. If the Chief Executive Officer and Chief Education Officer approve the proposed school name, it must be submitted to the Board for final approval.
 - iv. All new school names which are approved by Board action will take effect at the beginning of the subsequent school year.

IV. Financial Resources

- A. The school district must make budgetary decisions to ensure schools undergoing name changes are financially and equitably resourced to address infrastructural needs related to respective naming or renaming processes.
- B. The school district will support schools over time in updating infrastructure based on available funding and using equity criteria reflecting the CPS Equity Framework. For more information, refer to the Naming or Renaming Guidebook.

- (3) provide with the parents/legal guardians’ cooperation educational assistance to the parents/legal guardians of homeschooled students residing within District 299 in accordance with the Illinois School Code, case law, and this policy.

TEXT OF POLICY:**I. LEGAL REQUIREMENTS**

Parents/Legal guardians who choose to educate their children at home are subject to requirements of the Illinois School Code. These requirements include the Compulsory School Attendance Law, 105 ILCS 5/26-1 et seq. That law requires children between the ages of 7⁶ and 17 years to attend a public school unless they attend a private or parochial school where they are taught in the English language the branches of education taught to children of corresponding age and grade in the public schools. 105 ILCS 5/26-1.

To comply with these requirements of the Illinois School Code, parents/legal guardians who choose to educate their children at home must provide an education “at least commensurate with the standards prescribed for the public schools.” *People v. Levisen*, 404 Ill. 574, 90 N.E.2d 213 (1950). To satisfy the “commensurate education” standard, among other things, “there must be an organized, coherent plan for educating the children in a homeschool using appropriate materials and teaching methods.” 1991 Ill. Atty. Gen. Op. 92. And as with public school instruction, homeschool instruction must include the language arts, mathematics, the biological, physical and social sciences, the fine arts and physical development and health. 105 ILCS 5/27-1.

II. NOTIFICATION AND DOCUMENTATION OF HOMESCHOOLED STUDENTS

A. Parents/Legal guardians may request information about the process and resources regarding homeschooling from the Department of Policy and Procedures. Information on the process and resources for homeschooling is also available on the CPS website on the [Homeschooling page](#).

B. Parents/Legal guardians who choose to educate their children at home are encouraged to notify their District school of their intention to homeschool.

C. Parents/Legal guardians may request appropriate grade-level curriculum materials and textbooks from the neighborhood school. If the school provides grade-level curriculum materials and textbooks, the parents/legal guardians will be required to pay all school fees related to the curriculum materials and textbooks received from the neighborhood school unless they qualify for and obtain a waiver of the fees

pursuant to the Policy Regarding [Waiver of School Fees](#).

D. Additional Documents from Parents/Legal Guardians. Parents/Legal guardians are requested to submit the following documents annually as posted on the Homeschooling website:

~~1. The “Statement of Assurance for Parent-Taught Home Instruction” form to the Department of Policy and Procedures. This form is available from the Department of Policy and Procedures or online at the CPS website on the Homeschooling page.~~

~~2. A letter indicating the manner in which the child will be instructed at home to the Department of Policy and Procedures.~~

~~3. The Illinois State Board of Education (ISBE) “Home Schooling Registration” form to the Department of Policy and Procedures and ISBE to serve as notice that the indicated parties have registered with ISBE as homeschool students. Parents/Legal guardians may submit this document to ISBE via email to hsregist@isbe.net. Confirmation of receipt will be provided by both the Department of Policy and Procedures and ISBE. Registration is voluntary and is not a requirement to homeschool students. This form is available from the Department of Policy and Procedures or online at the CPS website on the Homeschooling page.~~

4—It is highly recommended that parents/legal guardians provide their District school with a copy of the documentation (keeping a copy for their records).

III. ASSESSMENT OF COMPLIANCE WITH COMMENSURATE EDUCATION STANDARDS

A. The Chief Education Office or designee within the Chicago Public Schools (“CPS”) may, with the cooperation of the parents/legal guardians, determine whether the homeschool provides an education at least commensurate with the standards prescribed for the public schools. Parents/Legal guardians may be asked to cooperate with this determination process annually.

B. Parents/Legal guardians of homeschooled students are not required to cooperate with the Chief Education Office’s or designee’s determination process.

C. CPS is not obligated to determine whether homeschools comply with the Compulsory School Attendance Law if parents/legal guardians do not cooperate with the determination process.

D. If CPS is making the determination of commensurate education standards, with cooperation of the parent/legal guardian of the homeschooled student, CPS may employ any appropriate means to make that determination, including site visits, standards, and assessments.

IV. PARTICIPATION IN CPS CURRICULAR AND EXTRACURRICULAR ACTIVITIES OR COURSES

A. Curricular Activities.

1. Except as described in this policy, homeschooled students are entitled to participate in curricular activities or courses offered by the district at their neighborhood school; however, the student’s participation may be limited by the availability of an activity or course.

2. If a homeschooled student seeks to participate in a curricular course or activity that is not available at their neighborhood school but is available at another neighborhood school nearby, then the homeschooled student may participate in the curricular course or activity at that school.

3. The homeschooled student seeking to participate in curricular activities at their neighborhood school must comply with CPS enrollment requirements.

B. Extracurricular Activities.

1. Homeschooled students may also participate in extracurricular activities. If the extracurricular activity involves interscholastic high school athletics or activities, participation requirements will be determined pursuant to the By-laws of the Illinois High School Athletic Association and pursuant to the eligibility guidelines set forth by the Office of Sports Administration.

2. Request to Participate Required. All requests to participate in curricular activities or courses or extracurricular activities must be submitted to and approved by the neighborhood school principal. The principal must then submit the approved request to the Department of Policy and Procedures for approval.

3. Deadline to Submit a Request. Homeschooled students must submit the Homeschool Request to "Participate in CPS Curricular and Extracurricular Activities or Courses" form by **May 1** to be eligible for the next school year.

C. Science Fair. For science fair participation, homeschooled students may register with, and participate in, the Illinois Junior Academy of Science (IJAS) Region 2 Science Fair. This fair has been established specifically to accommodate non-public school students residing in the City of Chicago, including homeschooled students. The CPS Student Science Fair is exclusively for students enrolled in Chicago Public Schools.

D. Drivers Education. If a homeschooled student wishes to take the drivers education course during the next school year at a district school, the parents/legal guardians of the homeschooled student must notify the District school by **April 1**. The parents/legal guardians of the homeschooled student must provide evidence to the public school 2 weeks before the start of instruction in the course that the student has received a passing grade in at least eight courses during the previous two semesters prior to the start of the course.

V. SPECIAL EDUCATION

Students with disabilities who are homeschooled may receive proportionate share special education and related services under a Service Plan. For information regarding development of a Service Plan, parents/legal guardians may send an email to cpsgma-privateschools@cps.edu. If a parent suspects that a student who is homeschooled may have a disability, they may send an email to privateschoolevals@cps.edu to request an evaluation for special education and related services.

VI. ENROLLMENT/RE-ENROLLMENT OF STUDENTS IN CPS

Students previously homeschooled are entitled to enroll or re-enroll in the CPS. The determination of grade placement of previously homeschooled students who enroll or re-enroll in the CPS is within the exclusive authority and discretion of the administrators of the District school using methods or assessments they deem appropriate. It is strongly recommended that parents/legal guardians keep track of coursework completed at home to provide evidence when requested to aid the administrators' assessment of the appropriate grade placement.

AMEND BOARD REPORT 22-1026-PO1
ACCELERATED PLACEMENT POLICY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board amend Board Report 22-1026-PO1, Accelerated Placement policy. This policy was posted for public comment from April 21, 2023 until May 22, 2023.

PURPOSE: This policy will ensure compliance with 105 ILCS 5/14A-32 which requires the district to adopt a policy that provides students with the opportunity to participate in accelerated placements.

TEXT:

I. APPLICABILITY

This policy outlines the procedures for accelerated placements for early entrance to kindergarten, early entrance to first grade, single subject acceleration, ~~and~~ whole grade acceleration, and accelerated high school course placement. If applicable, any changes to the early entrance opportunities will begin in the 2023-2024 application cycle for placement in the 2024-2025 school year, and then changes to the elementary single subject and whole grade acceleration opportunities will begin in the ~~2022-2023~~ 2023-2024 application cycle for placement in the ~~2023-2024~~ 2024-2025 school year. New high school automatic course placement will begin using test scores from the 2023-2024 school year for implementation beginning in the 2024-2025 school year.

II. ACCELERATED PLACEMENT

Accelerated placement is the placement of a child in an educational setting with a curriculum that is usually reserved for children who are older or in higher grades than the student. Accelerated placement is not limited to those students who have been identified as gifted and talented, but rather is open to all students who demonstrate high ability and who may benefit from accelerated placement.

III. CONSIDERATION OF EQUITY FOR ACCELERATION PLACEMENT

The district encourages all students who demonstrate high ability and who may benefit from accelerated placement to apply. The district will provide a fee waiver for the screening assessment to any family who qualifies. The district will develop equity-based strategies reflecting the CPS Equity Framework in order to mitigate opportunity differences leading to achievement differences in access and success.

IV. ASSESSMENT INSTRUMENTS

The district shall assess students for accelerated placement using a variety of measures that may include: (a) state assessments; (b) district assessments; (c) report cards; and (d) an acceleration scale.

a. Illinois Assessment of Readiness (IAR) for Grades ~~3-6-8~~: The state mandated test for students in Grades ~~3-6-8~~ covering English language arts (ELA) and mathematics.

b. Future district assessments: if the district mandates a new district-wide assessment for students in grades 2-6, this may be used as an Accelerated Placement pre-qualification.

c. PSAT: The state mandated test for students in Grades 9-10.

d. SAT: The state mandated test for students in Grade 11.

e. Report Card Grades: Grade Point Average Calculation in final grades in math, science, reading and social science for Whole-Grade Acceleration and quarterly grades in math and/or reading for Single-Subject Acceleration.

f. Iowa Acceleration Scale (IAS): The IAS is an objective guide for considering an individual child for academic acceleration. The IAS requires assessment information (test and other data) and utilizes a ~~child-study~~ School Transition team format to come to agreement on a series of assessment questions related to the child's motivation, school attendance, relationships with teachers and peers, and more.

- i. School Factors – The ~~child-study~~ School Transition team will evaluate the school factors to assess the student's likelihood of success in an accelerated program.
- ii. Screening – An independent academic assessment billed to the parent or legal guardian unless the student qualifies for a fee waiver.

V. GENERAL PROCESS FOR ACCELERATED PLACEMENT APPLICATIONS

a. Elementary Schools

i. The general process for accelerated placements will consist of a referral, an application, an assessment, and a decision from the School Transition team. Parents or legal guardians seeking early entrance or accelerated placements must refer their children in accordance with the requirements and deadlines specified in the Accelerated Placement Guidelines. Parents or legal guardians may also apply for accelerated placement programs at a magnet or selective enrollment school in accordance with the Accelerated Placement Guidelines. More information can be found on the Accelerated Placement website.

The Office of Access and Enrollment (OAE) manages the application process for Elementary accelerated placement. A student must meet the pre-qualifications set forth in this policy and Accelerated Placement Guidelines in order to be considered for accelerated placement. Without a determination from OAE that a student is eligible to be accelerated, principals and school staff may not accelerate students to a higher grade level.

Notification of the decision for accelerated placement will be made by the school to the parents or legal guardians in accordance with the Accelerated Placement Guidelines.

Students who qualify for early entrance and accelerated placement will receive those placements at their school along with a written transition plan to facilitate the accelerated placement. ~~In addition, students who qualify for accelerated placement will receive a written transition plan to facilitate the accelerated placement.~~

b. High Schools

i. The general process for accelerated placements in high school will consist of automatic placement of a student in the most rigorous class in math, science, reading, and social science offered in their high school the following year based on their standardized test scores. This may

also apply to Career and Technical Education, Computer Science, Humanities, and other related subjects. There is no application process. This process also applies to students attending magnet or selective enrollment schools. Students who qualify for automatic accelerated placement will have the opportunity to opt out of such acceleration.

VI. **CRITERIA FOR QUALIFYING FOR DIFFERENT ACCELERATED PLACEMENTS IN ELEMENTARY SCHOOLS**

The Chicago Public Schools ~~operates~~ offers different accelerated placement options for its elementary school students at the students' current elementary school (for acceleration) or incoming elementary school (for early entrance) provided the students meet the criteria for qualifying:

- a. **Early Entrance** – ~~Generally,~~ To enroll in kindergarten and first grade, a child student must satisfy the age eligibility requirements specified in Board Rule 6-2. However, parents may seek early entrance into kindergarten or first grade for children students who qualify.
 1. **Early Entrance to Kindergarten** is the admission of a child student to kindergarten who will not be five years old by September 1st of that school year but will reach the age five years old on or before December 31st.

As noted in the accelerated placement guidelines, a child student will qualify for early entrance to kindergarten if they:

- a. ~~upon~~ provided satisfactory evidence via a letter from the student's preschool that the child student had or will have completed a full year of preschool by the first day they wish to enter kindergarten (this does not include homeschooling);
- b. scored in the ~~top~~ 91st percentile or higher of on the developmental survey and;
- c. ~~successful completion of the academic and cognitive test.~~ received a score of the 91st percentile or higher on all of the academic and cognitive tests

Students will not be permitted to test more than once for early entrance to kindergarten.

2. **Early Entrance to First Grade** is the admission of a student to first grade who will not yet be six years old by September 1st of that school year but will reach the age of six years old on or before December 31st and who has not completed kindergarten at a public school in Chicago.

The child student will qualify for early entrance to first grade ~~upon satisfactory evidence~~ after providing a letter from the student's school to the Office of Access and Enrollment that states that the child student:

- a. attended a ~~nonpublic~~ non-CPS preschool and continued their education at that school through kindergarten;
- b. was taught in kindergarten by an appropriately certified teacher, and;
- c. ~~was assessed to be~~ is ready for first grade

Students who are younger than six upon starting first grade but who were admitted early entrance to kindergarten do not need to be reevaluated prior to admission to first grade.

- b. **Acceleration** – While all schools are encouraged to use accelerated reading or math groupings within a grade level, parents or legal guardians may seek subject or whole grade acceleration at a higher grade level than is typical for the age of a student. Students who demonstrate high ability are assessed for accelerated placements based on the use of multiple valid, reliable indicators. The district will provide notification to parent(s)/guardian(s) of all students who may be eligible for single-subject or whole-grade acceleration based on the results of their IAR or other state test. In the event the district does not have the required data to determine a student’s eligibility, the district’s notification requirement will be waived.

1. **Single subject acceleration** is the admission of assigning a student in 4th through 6th grade to math and/or reading at a higher grade level than is typical given the student’s age for the purpose of providing access to appropriately challenging learning opportunities.

Students will qualify for single subject acceleration for the next grade level upon meeting the pre-qualifications, school factors, and screening:

i. Pre-qualifications:

- a. In the previous year, student performs in the “Exceeds” test category on the IAR or state assessment in the subject in which acceleration is sought;
- b. If a district assessment is administered, the student must perform in the 95-99 percentile for two (2) consecutive district assessment tests in the subject in which acceleration is sought; and
- c. Student ~~achieves~~ achieved a ~~4.03~~ 4.75 grade point average, ~~per quarter for the past two years (eight consecutive quarters),~~ in the subject(s) in which acceleration is sought.

If a student’s district assessment results are incomplete or inaccessible through no fault of the student, the Office of Access and Enrollment and Department of Advanced Learning & Special Programs may make a determination using the best available data consistent with the standards described in this Policy.

- ii. School factors: School personnel ~~conduct a final assessment on school factors such as: (1) school and academic; and (2) interpersonal skills; and~~ will use the Iowa Acceleration Scale questionnaire to evaluate the student’s readiness for Accelerated Placement, and the student must score in the range designated in the aAccelerated pPlacement guidelines.

- iii. Screening: If a student meets the prequalification criteria and school factors criteria determined by the Office of Access and Enrollment and

parents wish to pursue single subject acceleration, then that student will be given an achievement aptitude test one grade level higher than the student's current grade level and must score at least one grade level above in the subject in which acceleration is sought. in the score range designated in the Accelerated Placement guidelines. Students who attend Selective Enrollment Elementary Schools will be assessed one grade level higher than their current grade level of instruction.

2. **Whole grade acceleration** is the admission of assigning a student in 4th through 6th grade to a higher grade level than is typical given the student's age on a full-time basis for the purpose of providing access to appropriately challenging learning opportunities.

Students will qualify for whole grade acceleration for the next grade level upon meeting the pre-qualifications, school factors, and screening:

i. Pre-qualifications:

- a. In the previous year, student performs in the "Exceeds" test category on the IAR or state assessment in both reading English/language arts and math;
- b. If a district assessment is administered, the student must perform in the 95-99 percentile for two (2) consecutive district assessment tests in the subject in both reading and math; and
- c. Student ~~achieves~~ achieved between 3.7 and 4.0 grade point average in final grades in the core areas of reading, math, science, and social studies in the previous year.

If a student's district assessment results are incomplete or inaccessible through no fault of the student, the Office of Access and Enrollment and Department of Advanced Learning & Special Programs may make a determination using the best available data consistent with the standards described in this Policy.

- ii. School factors: School personnel ~~conduct a final assessment on school factors such as: (1) school and academic; (2) developmental; (3) interpersonal skills; and (4) attitude and support,~~ will use the Iowa Acceleration Scale questionnaire to evaluate the student's readiness for Accelerated Placement, and the student must score in the range designated in the Accelerated Placement guidelines.

- iii. Screening: If a student meets the prequalification and the school factors criteria determined by the Office of Access and Enrollment, and parents wish to pursue whole grade acceleration, the student will be assessed using a ~~battery~~ variety of achievement tests two grade levels higher than the student's current grade level and must score at least two grade levels above in current grade level. in the score range designated in the Accelerated Placement guidelines. Students who attend Selective Enrollment Elementary Schools will be assessed two grade levels higher than their current grade level of instruction.

VII. CRITERIA FOR QUALIFYING FOR DIFFERENT ACCELERATED PLACEMENTS IN HIGH SCHOOLS

Students who meet or exceed state standards on their state assessment shall be automatically enrolled in the next most rigorous level of coursework offered by their high school in the following grade level. For a student entering grade 12, the next most rigorous level of advanced coursework in English language arts or mathematics shall be a college credit course (dual credit course, an Advanced Placement course, or an IB course); otherwise, the next most rigorous level of advanced coursework may include an honors class, an enrichment opportunity, a gifted program, or another program offered by the District.

Parents/guardians will be provided with the option to instead have the student enroll in alternative coursework that better aligns with the student's postsecondary education or goals.

**EXTEND AND AMEND THE REMEDIAL PROGRAM FOR MINORITY AND WOMEN-OWNED
BUSINESS ENTERPRISE PARTICIPATION IN CONSTRUCTION SERVICES**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board extend and amend the Remedial Program for Minority and Women-Owned Business Enterprises Participation in Construction Projects, as amended, which is attached hereto for a period of five years, until December 31, 2028.

HISTORY:

In 2006, the Board undertook a review of the then-existing affirmative action remedial plan adopted by the Board in 1991. Following this review, the Board determined that implementation of various race-neutral and gender-neutral measures would help the construction procurement program to overcome barriers and assist in the growth and development of financially stable M/WBE's. These measures included the following: improving the timing of payments; unbundling or down-sizing contracts to facilitate participation by smaller businesses; and providing longer bid lead times. It was also determined that increased attainment of M/WBE participation would result from the following: setting contract specific goals on projects; accepting governmental M/WBE certifications from certifying agencies; and the Office of Business Diversity to serve as voting members on the evaluation teams for all required Board construction bid solicitations. Following this review, the Board adopted a Remedial Program for Minority and Women-Owned Business Enterprises Participation in Construction Projects (the "Program") with a term commencing August 1, 2006 and ending December 31, 2011 (Board Report 06-0726-PO9). The Program was later amended by the Board on May 23, 2007 (Board Report 07-0523-PO1) to authorize retainage amounts to ensure contractor performance and compliance with contract requirements. Following a 2011 independent evaluation of availability and utilization of minority and women-owned construction vendors for the Chicago Public Schools, the Board determined that the steps it had taken since 1991 to ameliorate the effects of racial and gender discrimination in the construction marketplace had not sufficient. Accordingly, the Board extended the Program with a term commencing January 1, 2012 and ending December 31, 2016 (Board Report 11-1214-PO1).

Additional research and data collection to prepare for the disparity report required an extension of the policy set forth to expire December 31, 2021. The policy was extended through June 30, 2023, to be renewed on July 1, 2023, and expire December 31, 2028.

PURPOSE:

Following a 2016 independent evaluation of availability and utilization of minority and women-owned construction vendors for the Chicago Public Schools, the Board has determined that the steps it has taken since 1991 to ameliorate the effects of racial and gender discrimination in the construction marketplace through a variety of race- and gender-neutral measures have not been sufficient. As a result, the Board has further determined that the Program should therefore be extended by creating measures narrowly tailored to serve the Board's compelling interest in not being a passive participant in the discriminatory Chicago construction marketplace.

PROGRAM EXTENSION TERM:

The Program is extended, as amended herein, for the period commencing July 1, ~~2017~~2023 and ending December 31, ~~2024~~2028.

DESCRIPTION:

The Program will continue to: (1) apply to all construction projects required by the Board to be awarded through competitive bid (currently \$10,000 and above), (2) operate the same annual Aspirational Goals for M/WBE participation in all district-wide construction projects of 30% to qualified Minority-owned Business Enterprises and 7% to qualified Women-owned Business Enterprises, (3) authorize the Office of Business Diversity (OBD) to establish Contract Specific Goals for individual construction projects, ~~and~~ (4) authorize OBD to specify certain construction projects to be let without M/WBE participation goals in order to evaluate the marketplace, and (5) provide cited goals for individual prime contractors.

The Program is being updated to continue in accordance with legal requirements, to reflect the Board's current organizational structure and practice, and to clarify various provisions. These amendments are included on the attachment.

**REMEDIAL PROGRAM FOR
MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
PARTICIPATION IN CONSTRUCTION SERVICES CONTRACTS**

POLICY STATEMENT

This ~~Program~~ Remedial Program for Minority and Women Owned Business Enterprises (“Program”) is continued by the Chicago Board of Education (the “Board”), upon the recommendation of the Chief Executive Officer (“CEO”), based upon (1) the Board’s findings that it has been a passive participant in discriminatory practices against racial and ethnic minorities and women in the procurement of goods and services industry in Chicago, and that it has a compelling interest in remedying that passive discrimination, and (2) its desire to continue narrowly tailored remedies to address that compelling interest in order to promote equitable opportunity to compete for contracts for provision of construction services

I. FINDINGS

- 1.1 The Board adopted a Remedial Plan for Minority and Women Business Enterprise Economic Participation in January 1991. The Plan provided measures to assist Minority and Women Business Enterprises in the procurement of goods and services by the Board. The benefits of the Plan were provided to Black, Hispanic, Asian and Women-owned firms whose principal place of business was within the six-county Chicago metropolitan area. The Plan provided for race-neutral remedial measures and for non-restrictive affirmative action measures, to be used to the extent effective in alleviating the effects of discrimination. The Plan mandated the establishment of specific goals for M/WBE participation on Board contracts, including construction, and waivers were available for Prime Contractors unable to meet the goals.
- 1.2 On May 26, 2004, the City of Chicago adopted a revised affirmative action program for its construction contracting procedures to remedy ongoing discrimination and the effects of past discrimination. The Chicago City Council, after considering evidence presented to the Budget Committee, including evidence elicited at trial in Builders Association of Greater Chicago (BAGC), v. City of Chicago No. 96 C 1122 (N.D. Ill.), during May and June 2003; statistical evidence of continuing discrimination against Blacks, Hispanics and women in the Chicago construction marketplace, which was not available during the BAGC trial; the report of the Mayoral Task Force on MBE/WBE; anecdotal evidence of discrimination against minorities and women in the Chicago construction marketplace; the testimony of experts and anecdotal witnesses; as well as written reports and submissions, found a strong basis in evidence to support a narrowly tailored, remedial affirmative action program in City construction contracting.
- 1.3 While the City Council found that the City has made substantial progress in its efforts to ameliorate discrimination in its own construction contracting practices, private companies that contract on public projects continue to discriminate against minorities and women. As a result of this discrimination, the City has been a passive participant in a system of discrimination against minorities and women in the Chicago construction marketplace, and absent remedial programs, would continue to be a passive participant in such a system.
- 1.4 During the BAGC trial, the court heard strong evidence that: (a) past and current discriminatory practices continue to place racial and ethnic minorities and women in positions of social and economic disadvantage, limiting opportunities for them to form and control construction businesses, as well as reducing the level and availability of employment opportunities for minorities and women in trade unions which serve the Chicago construction marketplace; (b) such current and past discriminatory practices, and the continuing effects of such discrimination, have impeded the growth and success of the businesses which minorities and women do form, as well as the level and availability of employment opportunities in the construction trade unions; and (c) these discriminatory practices include direct and indirect racial, ethnic and gender slurs and

harassment; discrimination by lending institutions and other sources of capital; reduced opportunities for minority and women subcontractors to bid or quote to majority Prime Contractors; exclusion from and discriminatory treatment by the construction trade unions; exclusion from business and professional networks critical to entrepreneurial success; and discrimination by surety bonding companies, insurance companies and other entities that are integral to the contracting marketplace.

- 1.5 In the BAGC case, Judge James B. Moran held that the City has a compelling interest in implementing a remedial race- and gender-conscious affirmative action program in the Chicago construction market, but that its 1990 ordinance was not sufficiently narrowly tailored as applied to construction in 2003.
- 1.6 There is ample availability of ready, willing and able minority- and women-owned firms to participate in Board and private-sector construction contracting and subcontracting opportunities.
- 1.7 Minority and women workers' participation in the Chicago construction marketplace declined from 1980 to 1990.
- 1.8 Other jurisdictions, including Cook County, Illinois, have experienced drastic reductions in minority and women business participation after terminating race and gender-conscious remedial measures.
- 1.9 Private companies that contract on public projects continue to discriminate against minorities and women and financial institutions that provide necessary funding to minority and women contractors continue to maintain lending practices that have a disparate discriminatory impact on minorities and women. As result of this discrimination, the Board has been a passive participant in a system of discrimination against minorities and women in the Chicago construction marketplace, and in the absence of programs to eliminate such discrimination, would continue to be a passive participant in such a system.
- 1.10 The Board has a compelling interest in preventing its construction projects from returning to the near monopoly-domination by white male firms that existed before 1991.
- 1.11 Although the Board has undertaken since 1991 a variety of race- and gender-neutral measures, such as reducing bid deposit requirements and simplifying documentation required by procurement departments, such programs have not been sufficient to ameliorate the effects of racial and gender discrimination in the construction marketplace.
- 1.12 Evidence at the BAGC trial demonstrated that flexible race- and gender-conscious remedial measures do not overly burden construction firms owned by majority males.
- 1.13 In April 2006, CPS convened a series of focus groups during which various representatives from business enterprises discussed their beliefs regarding the Chicago construction market. The findings from the CPS focus groups indicate that barriers to participation in the Chicago construction market still exist for Minority and Women Business Enterprises entering into CPS contracts. Those barriers, as reported by focus group participants, include:
 - Perceptions and stereotypes about the competence of M/WBEs and higher performance standards set for M/WBEs
 - Race, ethnicity and gender makes it difficult to obtain work as Prime Contractors on public sector projects
 - Race, ethnicity and gender makes it difficult to obtain work as Prime Contractors or subcontractors on private sector projects
- 1.14 In July 2006, the Board determined that implementation of various race-neutral measures would help the procurement program to overcome those barriers and assist in the growth and development of financially stable M/WBEs, including the following measures: (See Section V for more detail)
 - Improving the timing of payments

- “Unbundling” or down-sizing contracts, to facilitate participation by smaller businesses
- Providing longer bid lead times

1.15 The focus groups conducted by the consultant confirm that M/WBEs continue to face barriers to participation in the Board procurement process for goods and services. Specifically, the findings from the focus groups demonstrate that those barriers continue to exist include:

- Difficulty obtaining public sector prime contracts;
- Difficulty obtaining bonding and insurance;
- Difficulty securing subcontracting opportunities in the public sector;
- Difficulty obtaining contracts in the private sector; and
- Difficulty working with vendors who use M/WBE information for purposes of securing a bid or putting together a proposal submission and who do not ultimately utilize the services of the M/WBEs

1.16 The impacts for the CPS Program consultant interviewed 101 individuals about their experiences and solicited suggestions for change. A review of the interviews occurred on several dates in December 2021. The focus group information and the related reports from expert consultants further demonstrates that the following race- and gender-neutral measures help the narrow tailoring aspect of a race-conscious preferential procurement program and must be used to overcome those barriers and assist in the growth and development of financially stable M/WBEs:

- Improving the timeliness of payments
- Creating a small and local business target market program
- Implementing contract specific subcontracting goals
- “Unbundling” or downsizing contracts to facilitate participation by smaller businesses, such as M/WBEs
- Providing longer bid lead times

1.17 The disparity ratio is based on weighted availability. The courts have held that disparity results must be analyzed to determine whether the results are “significant”. There are two distinct methods to measure a result’s significance. First, a “large” or “substantively significant” disparity is commonly defined by courts as utilization that is equal to or less than 80% of the availability measure. A substantively significant disparity supports the inference that the result may be caused by the disparate impacts of discrimination.¹ Second, statistically significant disparity means that an outcome is unlikely to have occurred as the result of random chance alone. The greater the statistical significance, the smaller the probability that it resulted from random chance alone.² A more in-depth discussion of statistical significance is provided in Chapter IV and Appendix C of the Disparity Report.

1.158 Based upon a thorough review of the results of the Board’s 1991 Remedial Plan; the evidence presented and findings made at the BAGC trial; the information presented to the City Council and its consequent decision to revise the City of Chicago’s ordinance; other recent judicial decisions regarding the constitutional standards for affirmative action programs; information presented during the April 2006 CPS focus groups and compiled in a report by Collette Holt; and a report entitled, “Availability and Utilization of Minority- and Women-Owned Businesses in the Procurement Activities of the Chicago Public Schools,” prepared by Dr. David G. Blanchflower, Professor of Economics Dartmouth College, the Board adopted in July 2006 under Board Report 06-0726-PO9 a Business Diversity Program for Construction Projects (the “Program”) which was later amended by the Board in May 2007 under Board Report 07-0523-PO1.

¹ See U.S. Equal Employment Opportunity Commission regulation, 29 C.F.R. §1607.4(D) (“A selection rate for any race, sex, or ethnic group which is less than four-fifths (4/5) (or eighty percent) of the rate for the group with the highest rate will generally be regarded by the Federal enforcement agencies as evidence of adverse impact, while a greater than four-fifths rate will generally not be regarded by Federal enforcement agencies as evidence of adverse impact.”).

² A chi-square test – examining if the utilization rate was different from the weighted availability – was used to determine the statistical significance of the disparity ratio.

1.169 Based upon a thorough review of the foregoing information (supra, at sections 1.1 – 1.15); other recent judicial decisions regarding the constitutional standards for affirmative action programs; recent national and localized demographic evidence; recent labor and employment statistics, including national and local statistics, generally, as well as those specific to the construction industry; and the November, 2011 report entitled “Availability and Utilization of Minority- and Women-Owned Businesses for the Chicago Public Schools,” prepared by Dr. David G. Blanchflower, Professor of Economics Dartmouth College, the Board adopted in December 2011 under Board Report 11-1214-PO1 a Remedial Program for Minority and Women Owned Business Enterprise Participation in Construction Projects (the “Program”) which built upon the 1991 Plan. The Program was authorized for a period beginning January 1, 2012 until December 31, 2016.

1.1720 Based upon a thorough review of the foregoing information (supra, at sections 1.1 – 1.16); relevant judicial decisions regarding the constitutional standards for affirmative action programs; recent national and localized demographic evidence; recent labor and employment statistics; including national and local statistics, generally, as well as those specific to the construction industry; and the October 2016 report entitled “An Evaluation of the Chicago Public Schools Minority- and Women-Owned Businesses Program in Construction” prepared by Dr. David G. Blanchflower, Professor of Economics, Dartmouth College, the Board hereby continues the Program as specified herein.

1.21 Additional extension of the Remedial program is relevant using methodology for the new study, which embodies the principles of *City of Richmond v. Croson*, Seventh Circuit Court of Appeals case. In this Study, the consultants and researchers determined CPS’ utilization of M/WBEs on CPS contracts during fiscal years 2016 through 2020; the availability of these firms as a percentage of all firms in CPS’ geographic and industry market areas; and any disparities between the CPS’ utilization of M/WBEs and M/WBE availability. Consultants and researchers further analyzed disparities in the Chicago Metropolitan Area and the wider Illinois economy, where affirmative action is rarely practiced, to evaluate whether barriers continue to impede opportunities for minorities and women when remedial intervention is not imposed. Consultants and researchers also gathered qualitative data about the experiences of minority- and woman-owned firms in obtaining CPS contracts and associated subcontracts. Based on these findings, consultants and researchers evaluated the M/WBE Program for conformance with constitutional standards and national best practices for government contracting affirmative action programs.

1.22 Update Program Administration Policies and Procedure. While the current Program has produced admirable results, these revisions can strengthen CPS’ efforts and legal sensibility of the program. The disparity report outlines the metrics to adopt. CPS defines this as “as products or services that cannot be identified in the direct fulfillment of CPS contracts”.

The Program documents to reflect actual practice. For example, requests for waivers of contract goals are reviewed by OBD, not the Waiver Committee, that is established in the documents.

Acceptable certifications to agencies whose criteria meet the federal judicial test that a firm must be small and owned by a majority of socially and economically disadvantaged individuals. In practice, this means a limit on the size of the firm’s annual gross receipts and on the personal net worth of the minority or woman owner(s). While the program documents refer to the personal net worth limitation imposed by the City of Chicago on eligibility for its M/WBE program for construction contracts, CPS also accepts certifications from the State of Illinois Business Enterprise Program, which sets an extremely high size limit and imposes no personal net worth limit. All acceptable certifications must be reviewed for conformance with constitutional standards to meet standards of the MBE and WBE Certifications.

Asian-Pacific Indian, Asian-Americans, Indigenous, and Native-Americans are presumptively socially and economically disadvantaged for purposes of Program inclusion. They must be eligible to meet goal credit if they are certified by a recognized agency.

The policy and procedures for a bidder to submit its good faith efforts (“GFE”) to meet a contract goal. These must include:

1. The bidder must make GFE the same as one that met the goal, even if the proposed participation is zero. Vendors must report in writing the request for waivers and provide evidence for reasons they believed waivers or reductions of the contract goal(s) will not be approved and therefore they do not bid on contracts where they might fall short of the goal(s).
2. The board is following the judicially approved, and industry accepted, best practices for defining and reviewing GFE submissions. The USDOT DBE program is an excellent model. This program does not operate as a quota system or quota limits. The policy revisions reflect that prime vendors, suppliers, distributors is not a quota program and does not operate as such.
3. OBD will develop and disseminate written procedures to appeal program decisions, such as the failure to make GFE to meet a contract goal. This will comport with basic procedural due process standards. The disparity report references the USDOT program provisions can provide a starting point for drafting these additions, and edits for GFE.
4. The Board will provide a short period after bid or proposal submission to submit documents supporting the Utilization Plan. All MBE and WBE participation must list participation on the Plan with the bid or proposal, but the Letter(s) of Intent (“LOIs”), certification letters, requests for reduction of the goal(s) and accompanying GFE, etc., must be submitted up to 48 hours after bid or proposal submission.
5. The Board will continue to follow the best practices on substitution of certified firms during contract performance, vendor performance audit, as described in the USDOT DBE program regulations The Board, District, CPS, does not operate the remedial program as a quota.

3.2 This Program shall be reviewed no later than five years from January 1, ~~2017-2027~~ and shall expire December 31, ~~2021-2028~~ unless the Board finds that its remedial purposes have not been fully achieved and it continues to have a compelling interest in tailoring narrow remedies to readdress discrimination against M/WBEs, so that the Board will not function as a passive participant in the discriminatory goods and services marketplace in Chicago.

IV. ADMINISTRATION, MONITORING, AND REVIEW OF THE PROGRAM

4.1 Aspirational Goals

Upon the effective date of this Program, the annual Aspirational Goals shall be to award thirty percent (30%) of the annual dollar value of all construction contracts to qualified MBEs and seven percent (7%) of the annual dollar of all construction contracts to qualified WBEs.

OBD, Department of Procurement and Facilities, Engineering, and ITS (IT Services) will establish Contract Specific Goals for M/WBE participation for all Construction Contracts required by the Board to be bid. OBD may recommend to the CPO that certain contracts be excluded from the program so as to allow OBD to assess the availability of MWBE participation in the absence of program requirements. The assessment and audit will determine if the market can provide MWBE participation at the aspirational goals of 30% qualified MBE and 7% WBE. In the event that the

CPO approves this request, OBD shall audit contract data to determine MWBE participation levels and also assess MWBE availability levels in that market.

VI. CONTRACT AWARD PROCESS

6.1 Bid/Proposal Specifications

The Department of Procurement shall insert within the specifications for each contract which is let through competitive bidding or other competitive procurement and which has Contract Specific Goals:

- a. A description of the Program, including the requirement of an approved M/WBE Plan; the requirements related to achieving the goals and counting MBE or WBE participation towards meeting the goals; if the goals are not met, the requirement of documentation of the contractor's Good Faith Efforts to achieve the goals, including the Good Faith Efforts of MBEs and WBEs to achieve the goal for which they do not qualify; and a requirement that the contractor commit to the expenditure of at least the dollar value of the Contract Specific Goals with one or more MBEs and one or more WBEs or make Good Faith Efforts to do so. This commitment may be met by the contractor's status as an MBE or WBE, a joint venture with one or more MBEs or WBEs as Prime Contractor (to the extent of the MBE's or WBE's participation in such joint venture), subcontracting a portion of the work to one or more MBEs or WBEs, purchasing materials or services for the work from one or more MBEs or WBEs, or by any combination of the foregoing;
- b. A requirement that where the vendor cannot achieve the Contract Specific Goals, it must document its Good Faith Efforts to do so.
- c. All Firms with full waivers must complete a survey with Form 104 (Vendor Diversity Profile).
- d. Onboarding all firms must complete all OBD Forms thoroughly without any omission. Those forms include but not exclusive to:
Form 100 - Bidder Information (Proposed MBE|WBE)
Form 101 - Compliance Summary Form
Form 102 - Joint Venture
Form 103A – Letter Of Intent (LOI)
Form 103B - Professional Service Affidavit
Form 104 - Vendor Diversity Profile
Form 105 - Request for Waiver Form
Form 106 - Student Internships (not a mandated form)

6.2 M/WBE Compliance Proposal

- a. The Department of Procurement will specify M/WBE participation requirements as special conditions in invitations for bids and bid documents. These specifications will include a listing of all documentation that must be submitted with the bid or proposal and a description of the reporting requirements applicable during the contract period. All solicitation and contract documents will also stipulate that the requirements of the M/WBE Plan become part of each contract between CPS and the Prime Construction Contractor or Supplier.
- b. For all solicitations, the Contractor shall submit an M/WBE Compliance Proposal identifying all M/WBE and non-M/WBE subcontractors from which the Contractor solicited bids or quotations, and detailing its plan to achieve the Contract Specific Goals or its Good Faith Efforts to do so. MBEs and WBEs proposed by the Contractor must be certified by the City of Chicago and/or any other governmental certifying agencies as of the date of bid ~~submit~~ submission. The M/WBE Compliance Proposal shall be due at the time and in the manner set out in the solicitation documents.
- c. OBD has the authority to review any proposals or bids submitted by vendors and make recommendations to the CPO regarding their respective compliance with this policy. The

CPO shall consider the OBD's recommendation and has discretion to accept it, reject it, or request an amended bid or quotation.

- d. Any agreement between a Prime Construction Contractor or Supplier and an M/WBE in which the Prime Construction Contractor or Supplier requires that the M/WBE not provide subcontracting quotations to other Prime Construction Contractor or Suppliers is prohibited.
- e. The M/WBE Compliance Proposal must demonstrate that each MBE or WBE will perform a Commercially Useful Function.

6.3 OBD Review and Approval of M/WBE Program Compliance Proposal

- a. Prior to the contract award, OBD shall timely review the M/WBE Compliance Proposal, including the scope of work and the letters of intent from M/WBEs. OBD may request clarification in writing of items listed in the M/WBE Compliance Proposal, provided such clarification shall not lead to a decreased listed M/WBE participation.
- b. If OBD determines that the M/WBE Compliance Proposal demonstrates that the Contract Specific Goals indicated in the bid specifications have been achieved or Good Faith Efforts have been made, OBD shall recommend that the Contractor's bid be deemed responsive and propose award during the evaluation process to Facilities and Department of Procurement.
- c. If the M/WBE Compliance Proposal fails to meet the Contract Specific Goals indicated in the bid specifications, OBD will review its Good Faith Efforts to do so. If OBD determines that a Contractor did not make sufficient Good Faith Efforts, OBD shall communicate its finding to Facilities and Department of Procurement and propose that the Contractor's bid be deemed to be non-responsive. A Contractor may protest this determination by filing a written appeal in accordance with the Appeals Process within fourteen (14) business days of receipt of OBD's determination, stating the grounds for such appeal and including all relevant information and documentation.

6.4 Good Faith Efforts to Meet Contract Specific Goals and Waiver Requests

- a. Where the Contractor cannot achieve the Contract Specific Goals, OBD will determine whether the Prime Construction Contractor or Supplier has made Good Faith Efforts to do so.
- b. A Contractor may also submit to OBD a written request for reduction or waiver of the obligations created under the M/WBE Plan or related requirements. Any such request must be accompanied by documentation evidencing the Prime Construction Contractor or Supplier's Good Faith Efforts.
- c. OBD has the discretion to approve or deny a request for a waiver. Approval of a waiver may be conditioned upon the agreement to undertake additional Good Faith Efforts as specified by OBD.
- d. In making the determination of Good Faith Efforts, OBD will consider, at a minimum, the Contractor's efforts to:
 1. solicit through reasonable and available means (e.g., attendance at pre-bid meetings, advertising and written notices) the interest of MBEs and WBEs that have the capability to perform the work of the contract and/or that are certified in the scopes of the contract work; to make this solicitation within sufficient time to allow the M/WBEs to respond; and to take appropriate steps to follow up initial solicitations with interested M/WBEs;

2. provide interested M/WBEs adequate information about the plans, specifications and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation;
3. negotiate in good faith with interested M/WBEs that have submitted bids. Documentation of negotiation must include the names, addresses and telephone numbers of M/WBEs that were solicited; the date of each such solicitation; a description of the information provided about the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with M/WBEs to perform the work. A Contractor may not use the fact that additional costs may be involved in soliciting and using M/WBEs as a reason for failing to meet the goals, as long as such additional costs are reasonable;
4. not reject M/WBEs as being unqualified without sound reasons based upon a thorough investigation of their capabilities. The M/WBEs' standing within its industry, membership in specific groups, organizations, or associations, or its political or social affiliations are not legitimate reasons for rejecting or failing to solicit bids to meet the goals;
5. make a portion of the work available to M/WBE subcontractors and suppliers and to select those portions of the work or material consistent with the available M/WBE subcontractors and suppliers, to facilitate meeting the goals;
6. select portions of the work to be performed by M/WBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, subcontracting work items into economically feasible units to facilitate M/WBE participation, even when the contractor might otherwise prefer to perform these work items with its own workforce;
7. assist interested M/WBEs in obtaining bonding, lines of credit or insurance as required by the Board or the contractor;
8. assist interested M/WBEs in obtaining necessary equipment, supplies, materials or related assistance or services;
9. effectively use the services of OBD, minority or women community organizations; minority or women contractors' groups; local, state and federal minority or women business assistance offices; and other organizations to provide assistance in the recruitment and placement of M/WBEs;
10. implement a strategy for the training, employment, or continuing education of present or former CPS students. The proposed program must involve substantial numbers of students and commit Prime Construction Contractor or Supplier resources; meet significant training, employment or continuing education objectives and be feasible and effective;
11. provide technical assistance to increase M/WBEs' self-sufficiency, competitiveness and profitability;
12. donate objectively measurable resources to M/WBE business development or participate in M/WBE business development activities;
13. demonstrate through objective evidence the consistent use of M/WBEs as suppliers or vendors on work not related to CPS;
14. demonstrate participation with M/WBEs in private sector joint ventures that would not otherwise occur or the participation of the Prime Construction Contractor or Supplier for goods and services in M/WBE business development activities such as those

contemplated by the Program.

6.4.1 Student Initiatives

As appropriate the Board, will require the Prime Construction Contractor or Supplier to participate in various initiatives designed to provide opportunities to current CPS students and CPS graduates. Such initiatives include, but are not limited to, internships and job shadowing for current students and an Apprenticeship Initiative for CPS graduates that would secure employment for minorities and women workers in specific trades and permit those workers to obtain hours that would count toward an apprentices' sponsorship into a trade or labor organization. Work-based learning (WBL) provides students with the opportunity to engage and interact with industry experts (employers, postsecondary institutions), while learning to demonstrate essential employability and technical skills necessary for today's workforce. This can be facilitated through, but not limited to, the following ideas: (a) Alignment of Classroom and Workplace Learning (b) Include in-depth and hands-on work experiences (either on site or through simulated/virtual methods), with activities ranging from career awareness and exploration to career preparation and training (c) Offer training for mentors on providing students with industry specific support; general career and education guidance; personal and professional growth; and a caring, emotional connection. (d) Opportunities for students enrolled in a registered apprenticeship program to earn postsecondary credit toward a certificate or degree, as applicable.

6.5 Contract Award

Upon acceptance of a bid or quotation, the Department of Procurement shall send a Notice of Award to the successful bidder. Such successful bidder shall send all required contract documentation to OBD. A Contractor's M/WBE Compliance Proposal, including the clarifications requested by OBD, shall, upon a contract award, be incorporated into the contract.

6.5.1 Contract Specific Goals and Contract Modifications

1. The MBE and WBE Contract Specific Goals established at the time of contract bid shall also apply to any modifications to the Contract after award. That is, any additional work and/or money added to the Contract must also adhere to these Special Conditions requiring Contractor to (sub)contract with MBEs and WBEs to meet the Contract Specific Goals. a. Contractor must assist the Construction Manager or user Department in preparing its "proposed contract modification" by evaluating the subject matter of the modification and determining whether there are opportunities for MBE or WBE participation and at what rates. b. Contractor must produce a statement listing the MBEs/WBEs that will be utilized on any contract modification. The statement must include the percentage of utilization of the firms. If no MBE/WBE participation is available, an explanation of good faith efforts to obtain participation must be included.

2. The Chief Procurement Officer or CPO designee shall review each proposed contract modification and amendment that by itself or aggregated with previous modification/amendment requests, increases the contract value by ten percent (10%) of the initial award, or \$50,000, whichever is less, for opportunities to increase the participation of MBEs or WBEs already involved in the Contract.

VII. Contract Performance Procedures

7.1. Facilities Responsibilities

To achieve the Contract Specific Goals, Facilities shall undertake, in addition to other measures provided herein, the following measures:

- a. Every contract shall include a standard contract provision that:
 1. permits the Board to terminate the contract:
 - i. upon the disqualification of the Prime Construction Contractor or Suppliers as an MBE or WBE, if that contractor's status as MBE or WBE was a factor in the award of the contract

- and the contractor misrepresented that status; and
- ii. upon the disqualification of any MBE or WBE, if the subcontractor's or supplier's status as an MBE or WBE was a factor in the award of the contract, and the Prime Construction Contractor or Supplier misrepresented the status of the subcontractor or supplier. If Facilities or OBD determines that the contractor was not involved in any such misrepresentation, then that contractor shall discharge the disqualified subcontractor or supplier and make good faith efforts to engage a qualified MBE or WBE replacement.
2. allows OBD and/or Facilities, with or without other District staff and with or without notice,
 - i. to conduct on-site inspections of any performance site or place of business of any Prime Construction Contractor or Supplier, to determine whether the contractor has complied with its obligations; and
 - ii. to access any contractor's books and records including, without limitation, payroll records, tax returns and records and books of account, to determine the Prime Construction Contractor or Supplier's compliance with its commitment to M/WBE participation and the status of any MBE or WBE performing any portion of the contract.
 3. requires Prime Construction Contractors or Suppliers:
 - i. to maintain records on the utilization of subcontractors and fulfillment of the M/WBE Compliance Plan, and to retain those records for eight years after the Board's final acceptance of the work;
 - ii. to report to OBD at a minimum quarterly, or upon request, all expenditures to achieve compliance;
 - iii. to obtain prior written approval from OBD before changing MWBE commitments or substituting M/WBE subcontractors;
 - iv. to promptly pay all subcontractors for work actually performed, upon Facilities' approval of required documentation; and
 - v. to provide a sworn statement with each payment request, listing all M/WBE and non-M/WBE subcontractors used in the performance of the contract, and providing proof of payment to subcontractors from prior payments received by the Prime Construction Contractor or Supplier. Proof of payment shall be in the form of canceled checks to the subcontractor, a sworn statement from the subcontractor verifying receipt of payment or another format specified by OBD.
 4. requires approval or ratification of all change orders by the Board in accordance with Board Rules, including that:
 - i. no change orders shall be authorized that exceed, individually or cumulatively, forty-nine and ninety-nine hundredth percent (49.99%) of the Base Contract Price;
 - ii. any additional work and/or change orders requested by the Prime Construction Contractor or Supplier must not affect the contractors who have already completed work on the project; and
 - iii. no change orders shall affect the Prime Construction Contractor or Supplier's obligation to make good faith efforts to meet the original M/WBE goals.
 5. requires retainage amounts to ensure the proper and complete performance of the work covered by the contract and complete compliance with the terms and conditions of the contract as follows:
 - i. the Board will retain 10% of the contract amount (including value of change orders) until work is 50% complete;
 - ii. Upon 50% completion of the contract in accordance with accepted performance measures, as specified in the contract, the retainage will be reduced to 5% of the contract amount (including value of change orders);
 - iii. The retainage amount(s) shall be retained from the various periodic payments according to a schedule specified in the contract.
 - iv. Upon 50% completion of the contract, as specified in the contract, 50% of the accrued retainage amount shall be released to the Prime Construction Contractor or Supplier.

Upon final completion of the contract, the balance of the accrued retainage shall be released to the Prime Construction Contractor or Supplier when not involved in ongoing change orders or performance matters.

- V. The Prime Construction Contractor or Supplier must pay all retainage owed to each subcontractor for satisfactory completion of the subcontractor's accepted work within 10 days after the portion of the retainage amount is released by the Board.
- VI. The Prime Construction Contractor or Supplier or Distributor must provide a full lien waiver and pay application for all projects and performance of said projects. Providing full waivers from all subcontractors.

7.2. OBD Responsibilities

To achieve the Contract Specific Goals, OBD shall review and approve any written request by a Prime Construction Contractor or Supplier to substitute a M/WBE subcontractor, and shall enforce the following requirements:

- a. A Prime Construction Contractor or Supplier may not substitute a M/WBE subcontractor or perform the work designated for a subcontractor with its own workforce unless and until OBD approves such substitution in writing. A Prime Construction Contractor or Supplier shall not allow a substituted subcontractor to begin work until the substitution request has been formally approved.
- b. All requests for changes or substitutions of any M/WBE subcontractor named in the M/WBE Plan shall be made to OBD in writing, and shall clearly and fully set forth the basis for the request. Each request shall include the name, address and principal official of any proposed substitute MBE or WBE and the dollar value and scope of work of the proposed subcontract. All documentation required of the Prime Construction Contractor or Supplier for the M/WBE Plan must be attached.
- c. The facts supporting the request to change a M/WBE subcontractor must not have been known nor reasonably foreseeable by either party prior to the submission of the M/WBE Compliance Proposal. Prior to requesting a change, the Prime Construction Contractor or Supplier must negotiate with the subcontractor to resolve the problem. If requested by either party, OBD shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the M/WBE may be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.
- d. Unauthorized changes or substitutions, including performing the work with the Prime Construction Contractor's or Supplier's own workforce may constitute grounds for rejection of the bid or proposal, cause termination of the executed contract for breach, result in the withholding of payment and/or subject the Prime Construction Contractor or Supplier to contract remedies or sanctions.
- e. The following are acceptable bases for the substitution of M/WBE subcontractors and/or suppliers:
 1. Unavailability after receipt of reasonable notice to proceed;
 2. failure of performance;
 3. financial incapacity;
 4. refusal by the subcontractor to honor the bid or proposal price;
 5. mistake of fact or law about the elements of the scope of work of a solicitation where agreement upon a reasonable price cannot be reached;
 6. decertification of the M/WBE;
 7. failure of the subcontractor to meet insurance, licensing or bonding requirements;

or

8. the subcontractor's withdrawal of its bid or proposal.
- f. The final decision on a substitution request shall be communicated in writing as soon as practicable to the affected parties. OBD may request more information or schedule an interview to clarify or mediate the problem. OBD may reject any request in its entirety or impose conditions upon any approval
- g. A contractor may protest any determination by OBD that it has not made Good Faith Efforts by utilizing the Appeals Process.
- h. The OBD shall audit the Prime contracts and subcontractor payment summaries to verify remittances have been issued to the subcontractors. Prime contractor or vendor or distributor failure to issue remittance not limited to sanction, debarred, payments withheld for breach of the contract of M/WBE for 30/7 Goals or sited goals or commercially useful as negotiated or contracted.

VIII. OBD's Determination Whether Contract Specific Goals for MWBE Participation Have Been Met

8.1 Payment Procedures

As a condition of each payment request, the Prime Vendor or Supplier shall provide proof of payment in a format specified by CPS, listing all M/WBE and non- M/WBE Subcontractors used in the performance of the contract. The Prime Vendor or Supplier shall pay each Subcontractor within 30 days of payment by the Board or as otherwise negotiated between the Prime Vendor or Supplier and the Subcontractor. OBD shall monitor subcontractor participation during the course of the contract and shall have reasonable access to all contract-related documentation held by the Prime Vendor or Supplier for goods and services.

8.2 Records

The Prime Vendor or Supplier shall maintain records of all relevant data with respect to the utilization of all subcontractors, and all other aspects of fulfillment of the M/WBE Plan requirements, including, without limitation, performance and financial documents concerning the contract; agreements and performance/payment records concerning subcontractors; payroll records; tax returns and records; and books of account. Prime Vendor or Supplier shall retain these records for at least eight years after completion of the work. The Prime Vendor or Supplier shall report monthly, or upon request, to OBD all expenditures to achieve Program compliance.

8.3 Inspections

OBD may, with or without notice, periodically conduct on-site inspections of any contract performance site, or the place of business of any Prime Vendor or Supplier. OBD may be assisted in such inspections by other CPS staff, and shall be entitled to reasonable access to facilities, personnel, and records related to the M/WBE Plan.

8.4 Substitutions

- a. The Prime Vendor or Supplier may not substitute a M/WBE subcontractor or perform the work designated for a subcontractor with its own workforce unless and until OBD approves such substitution in writing. A Prime Vendor or Supplier shall not allow a substituted subcontractor to begin work until the substitution request has been formally approved. All substitutions must be in writing in advance of any alternative work. The substitution must meet the quality and standards set forth in the contract for services or goods or construction.
- b. All requests for changes or substitutions of the subcontractor named in the M/WBE Plan shall be made to the Director of OBD in writing, and shall clearly and fully set forth the basis for the request. Each request shall include the name, address and principal official

of any proposed substitute MBE or WBE and the dollar value and scope of work of the proposed subcontract. All documentation required of Prime Vendors or Suppliers for the M/WBE Plan must be attached.

- c. The facts supporting the request to change a M/WBE subcontractor must not have been known nor reasonably foreseeable by either party prior to the submission of the Program Compliance Proposal. Prior to requesting a change, the Prime Vendor or Supplier must negotiate with the subcontractor to resolve the problem. If requested by either party, CPS shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the M/WBE may be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.
- d. Unauthorized changes or substitutions, including performing the work with the Prime Vendors' or Supplier's own workforce, may constitute grounds for rejection of the bid or proposal or cause termination of the executed contract for breach, the withholding of payment and/or subject the Prime Vendor or Supplier to contract penalties or other sanctions.
- e. The following are acceptable bases for the substitution of M/WBE subcontractors:
 1. unavailability after receipt of reasonable notice to proceed;
 2. failure of performance;
 3. financial incapacity;
 4. refusal by the subcontractor to honor the bid or proposal price;
 5. mistake of fact or law about the elements of the scope of work of a solicitation where agreement upon a reasonable price cannot be reached;
 6. decertification of the M/WBE;
 7. failure of the subcontractor to meet insurance, licensing or bonding requirements; or
 8. the subcontractor's withdrawal of its bid or proposal.
- f. OBD's final decision whether to permit or deny the proposed substitution, and the basis therefore, will be communicated as soon as practicable to the parties in writing by OBD. The OBD Executive Director may request more information, or request an interview to clarify, or mediate or mitigate the problem. OBD may approve or reject any request in its entirety, or impose conditions upon any approval.
- g. Where the Prime Vendor or Supplier has established the basis for the substitution to the satisfaction of OBD, the Prime Vendor or Supplier shall make Good Faith Efforts to fulfill the M/WBE Plan. The Prime Vendor or Supplier may seek the assistance of OBD in obtaining a new M/WBE subcontractor. If the Contract Specific Goal(s) cannot be reached and Good Faith Efforts have been made, the Prime Vendor or Supplier may upon determination by the OBD Executive Director substitute with a non-M/WBE.
- h. The Prime Vendor or Supplier may protest any determination by OBD that a vendor/supplier has not made Good Faith Efforts by utilizing the Appeals Process.

8-18.5 MBE or WBE Prime Construction Contractors

OBD shall count toward the Contract Specific Goal the amount paid to an MBE or WBE Prime Construction Contractor or Supplier for self-performing work, general conditions, overhead and profit. An MBE or WBE Prime Construction Contractor or Supplier must make Good Faith Efforts to meet the MBE or WBE goal for which it does not qualify, through subcontracts with other MBEs or WBEs.

8.6 MBE or WBE Subcontractors and Suppliers

OBD shall count towards a Prime Vendor's or Supplier's Contract Specific Goal only the amount that has been paid to a MBE or WBE subcontractor or supplier.

8.7 Joint Ventures

When a M/WBE performs as a participant in a Joint Venture, OBD shall count towards the Contract Specific Goal only the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the Joint Venture's contract that the M/WBE performs with its own workforce and for which it is separately at risk.

8.8 Limitation to Commercially Useful Functions

OBD shall count toward the Contract Specific Goal only expenditures to an M/WBE that is performing a Commercially Useful Function. To determine whether a firm is performing a Commercially Useful Function, OBD will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors. To perform a Commercially Useful Function, the M/WBE must be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, installing (where applicable), and paying for the material itself. An M/WBE does not perform a Commercially Useful Function if its role is limited to that of an extra participant in the contract through which funds are passed in order to obtain the appearance of M/WBE participation. If an M/WBE subcontracts a greater portion of the work of a contract than would be expected based on normal industry practice, it is presumed not to be performing a Commercially Useful Function, but it may present evidence to rebut this presumption.

8.9 Effect of Decertification

If a firm ceases to be a certified M/WBE during its performance on a contract, the dollar value of work performed under a contract with that firm after it has ceased to be certified shall not be counted toward the Contract Specific Goal.

8.10 Contract Modifications

The Contract Specific Goals applicable to a contract are also applicable to contract modifications. If a contract modification is within the scope of the M/WBE's subcontractor performance, the dollar amount to be paid to the M/WBE must be adjusted by the Prime Vendor or Suppliers. All contract modifications or amendments must be in writing and agreed upon with all signatories.

IX. NON-COMPLIANCE AND SANCTIONS

9.1 Determination of Non-Compliance

- a. OBD shall monitor Prime Construction Contractor's or Supplier's performance under the Compliance Plan, as well as the fulfillment of any special conditions, work order goals or other obligations by contract awardees.
- b. If the Prime Construction Contractor or Supplier is failing to fulfill its Compliance Plan or other Compliance-related contractual obligations, OBD will notify the Prime Construction Contractor or Supplier of the deficiencies. Following notification, the Prime Construction Contractor or Supplier shall have sixty (60) days to identify how they will cure the deficiencies. If the deficiencies are not cured, OBD shall make a determination of non-compliance and recommend the imposition of sanctions.
- c. At the end of every contract, OBD shall determine at contract closeout whether a Prime Construction Contractor or Supplier has complied with the obligations created under its Compliance Plan and other related requirements. The Prime Construction Contractor or Supplier has the burden of proving compliance with all obligations and requirements.

9.2 Sanctions for Non-Compliance and Failure to Make Good Faith Efforts

- ~~a. Sanctions for non-compliance may include, but are not limited to the following:~~
- ~~i. Withholding of payments under the contract~~
 - ~~ii. Recommendation to not exercise contract renewal option~~
 - ~~iii. Termination of the contract~~
 - ~~iv. Debarment from future business with the Board~~
- ~~b. A Prime Construction Contractor or Supplier may protest OBD's determination of Section 9.2 sanctions by filing a written appeal in accordance with the Appeals Process within fourteen (14) business days of receipt of OBD's determination, stating the grounds for such appeal and including all relevant information and documentation.~~
- ~~c. All debarment recommendations will be processed according to the Board's Debarment Policy.~~
- a. Failure to carry out the commitments and policies set forth herein shall constitute a material breach of the contract and may result in the termination of the contract or such remedy as Chicago Public Schools or Chicago Board of Education deems appropriate.
- b. If the Chief Procurement Officer determines, upon reviewing a particular contract, that the vendor did not meet the aspirational goals set forth in the bid documents, and further finds that the vendor has not made good faith attempts to achieve those goals through the methods described in Section 6.4 herein, the CPO shall notify the vendor that they have committed a material breach of their obligations. The CPO shall concurrently advise the vendor of the CPO's intention to seek remedies for breach, including, but not limited to the following:
- i. withholding payments from the vendor until such time as corrective action has been taken;
 - ii. voiding the contract, with the contractor being only entitled to compensation for services already rendered prior to imposition of the penalty, and/or
 - iii. imposing a penalty in the amount of the discrepancy between the amount of the commitment, as such amount may be amended through change orders or otherwise over the term of the contract, and the achieved amount may be applied to the contractor.
- The consequences provided herein shall be in addition to any other criminal or civil liability to which such entities may be subject.
- c. Prior to imposing the penalty specified by this section, the Chief Procurement Officer shall notify the contractor in writing of the fact and amount of the proposed penalty. Within 30 days of the notification, the contractor may submit a memorandum addressed to the CPO which controverts the basis or amount of the proposed penalty. The contractor may also present a detailed and verifiable plan which demonstrates good faith efforts to come into compliance. The CPO may issue a response to the contractor's memorandum which either renders a final decision or invites further submissions from the contractor.
- d. In addition to the penalty specified by this section, after a contractor's second failure to meet M.B.E./W.B.E. commitments, the Chief Procurement Officer may declare the contractor ineligible for an award of contracts for a period of up to three years, following the procedures set forth in subsections (b), (c) and (d) of this section. In determining whether to declare a contractor ineligible, the Chief Procurement Officer shall consider the contractor's record for meeting its commitments regarding M.B.E./W.B.E. participation in contracts with the Board | District | CPS.

9.3 Sanctions for Fraudulent Misrepresentations, Acts Involving a Lack of Business Integrity, Violation of Statutes or Regulations, or Repeated Failures to Make Good Faith Efforts

- a. The following actions may be taken upon a finding that a firm has engaged in fraudulent misrepresentation, acts demonstrating a lack of business integrity, violations of statute or regulations, or has repeatedly failed to make good faith efforts as required by this Program:

1. Referral by OBD to the Board’s Office of the Inspector General (OIG) for investigation.
 2. Initiation of proceedings to debar the Prime Construction Contractor or Supplier and all persons or entities affiliated with them if warranted by an OIG investigation
 3. Reporting the debarment of any person or entity to other governmental agencies.
 4. Referral to appropriate law enforcement authorities for investigation and possible prosecution.
 5. Failure to carry out the commitments and policies set forth herein shall constitute a material breach of the contract and may result in the termination of the contract or such remedy as the Chicago Public Schools CPO and OBD Executive Director deems appropriate.
- b. The Prime Construction Contractor or Supplier may protest OBD’s determination of Section 9.3 sanctions by filing a written appeal in accordance with the Appeals Process within fourteen (14) business days of receipt of OBD’s determination, stating the grounds for such appeal and including all relevant information and documentation.

X. REVIEW

The Board intends to periodically review the remedies adopted herein to ensure that it continues to have a compelling interest in not being a passive participant in the discriminatory Chicago construction, facilities, maintenance, repairs, and operations market and that these measures remain narrowly tailored to accomplish that interest.

XI. SEVERABILITY

In the event that any section, subsection, paragraph, clause, provision or application of this article shall be held invalid by any court, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions hereof.

**EXTEND AND AMEND THE REMEDIAL PROGRAM FOR MINORITY AND WOMEN-OWNED
BUSINESS ENTERPRISE PARTICIPATION IN GOODS AND SERVICES**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board extend and amend the Remedial Program for Minority and Women-Owned Business Enterprises Participation in Goods and Services Contracts, as amended and attached hereto, until December 31, ~~2021~~ 2028.

HISTORY:

In 2007, the Board undertook a review of the then-existing affirmative action remedial plan adopted in 1991. Following this review, the Board determined that implementation of various race-neutral and gender-neutral measures would help the District's goods and services program to overcome barriers and assist in the growth and development of financially stable M/WBE's. In order to implement these measures, the Board adopted the current Remedial Program for Minority and Women-Owned Business Enterprises Participation in Goods and Services (the "Program") with a term commencing March 1, 2007 and ending December 31, 2012 (Board Report 07-0228-PO1). This was later extended through June 30, 2013 (Board Report 12-1219-RS2). Following a 2013 independent evaluation of availability and utilization of minority and women-owned goods and services vendors for the Chicago Public Schools, the Board determined that the steps it had taken since 1991 to ameliorate the effects of racial and gender discrimination in the goods and services marketplace through a variety of race-and gender-neutral measures had not been sufficient. Accordingly, the Board extended the Program with a term commencing July 1, 2013 and ending December 31, 2016 (Board Report 13-0626-PO1). Additional research and data collection to prepare for the disparity report required an extension of the policy set forth to expire December 31, 2021. The policy was extended through June 30, 2023, to be renewed on July 1, 2023, and expire December 31, 2028.

PURPOSE:

Following a ~~2016~~ November 2022 independent evaluation of availability and utilization of minority and women-owned goods and services vendors for the Chicago Public Schools, the Board has determined that the steps taken to date to ameliorate the effects of racial and gender discrimination in the goods and services marketplace have been insufficient. The Board has further determined that the Program should therefore be extended by creating measures narrowly tailored to serve the Board's compelling interest in not being a passive participant in the discriminatory Chicago goods and services marketplace.

PROGRAM EXTENSION TERM:

The Program is extended, as amended herein, for the period commencing July 1, ~~2017~~ 2023 and ending December 31, ~~2021~~ 2028.

DESCRIPTION:

The Program will continue to: (1) apply to all goods and services contracts required by the Board to be awarded through competitive procurement, (2) operate the same annual Aspirational Goals for M/WBE participation in all goods and services contracts of 30% to qualified Minority-owned Business Enterprises and 7% to qualified Women-owned Business Enterprises, (3) authorize the Office of Business Diversity (OBD) to establish Contract Specific Goals for individual contracts, (4) authorize OBD to specify certain goods and services projects to be let without M/WBE participation goals in order to evaluate the marketplace and (5) provided cited goals for individual prime contractors.

The Program is being updated to continue in accordance with legal requirements, to reflect the Board's current organizational structure and practice, and to clarify various provisions. These amendments are included on the attachment. The current Board structure can be found at <https://www.cps.edu/about/chicago-board-of-education/>.

**REMEDIAL PROGRAM FOR
MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
PARTICIPATION IN GOODS AND SERVICES CONTRACTS**

POLICY STATEMENT

This Remedial Program for Minority and Women Owned Business Enterprises (“Program”) is continued by the Chicago Board of Education (the “Board”), upon the recommendation of the Chief Executive Officer (“CEO”), based upon (1) the Board’s findings that it has been a passive participant in discriminatory practices against racial and ethnic minorities and women in the procurement of goods and services industry in Chicago, and that it has a compelling interest in remedying that passive discrimination, and (2) its desire to continue narrowly tailored remedies to address that compelling interest.

I. FINDINGS

- 1.1** The Board adopted a Remedial Plan for Minority and Women Business Enterprise (“M/WBE”) Participation in January 1991 (“1991 Plan”). The 1991 Plan was adopted following the District’s review of a Report Concerning Consideration and Adoption of the Revised Remedial Plan for Minority and Women Business Enterprise Economic Participation (“Report”). The Report included extensive Discrimination Findings (“Findings”) that examined the barriers faced by M/WBEs in the construction, purchasing, and professional service industries. At the same time, the Board adopted a Resolution that set forth its rationale for developing the 1991 Plan. The Resolution specifically references the Findings, which indicated the following:
- M/WBEs in these industries faced significant institutional challenges not faced by their majority-owned competitors;
 - The District underutilized M/WBEs, despite the fact that M/WBEs appeared to be available to provide construction, purchasing of goods, and professional services for the District; and
 - Governmental and private discrimination in the Chicago metropolitan area caused M/WBEs to suffer competitive disadvantages in forming and operating viable businesses.
- 1.2** The Resolution specifically indicated that, after weighing the evidence, including the Findings, related to discrimination against Black, Hispanic, Asian, and Women-owned businesses in the construction, purchasing of goods, and professional services industries, the Board determined that there was a sufficient basis for and a compelling interest in the adoption of a remedial plan encompassing each of those combinations of race, ethnic, and gender groups and industries and that to remedy the discrimination and resulting competitive disadvantages suffered by those businesses, it was necessary to adopt the 1991 Plan.
- 1.3** The 1991 Plan addressed the requirements and procedures for monitoring the compliance of M/WBE goals for both goods and services contracts and construction projects and provided measures to assist M/WBEs in the Chicago Public Schools’ (“CPS”) procurement of goods and services. The benefits of the Plan were provided to Black, African-American, Latinx, Hispanic-, Asian- and Women-owned firms whose principal place of business was within the six-county Chicago metropolitan area. The Plan provided for race-neutral remedial measures and for non-restrictive affirmative action measures to alleviate the effects of discrimination. The plan further mandated flexible goals for M/WBE participation on particular contracts for overall CPS annual spending. Waivers were available for prime contractors unable to meet the goals.
- 1.4** In April 2006 and again in October 2006, the Board advertised and convened public focus groups, facilitated by an expert, Colette Holt, to address whether, and if so, to what extent, barriers exist to M/WBE participation in the CPS procurement process of goods and services. A review of information presented during the April and October 2006 CPS focus groups, and written reports that set forth the findings from the focus groups, reveal the existence of past and current discriminatory practices that disadvantage racial and ethnic minorities and women seeking to enter into CPS prime contracts and subcontracts for goods and services.

- 1.5** The focus groups conducted by ~~Ms. Holt~~ the consultant confirm that M/WBEs continue to face barriers to participation in the CPS procurement process for goods and services. Specifically, the findings from the focus groups demonstrate that those barriers continue exist include:
- Difficulty obtaining public sector prime contracts
 - Difficulty obtaining bonding and insurance
 - Difficulty securing subcontracting opportunities in the public sector
 - Difficulty obtaining contracts in the private sector
 - Difficulty working with vendors who use M/WBE information for purposes of securing a bid or putting together a proposal submission and who do not ultimately utilize the services of the M/WBEs
- 1.6** The impacts for the CPS Program consultant interviewed 101 individuals about their experiences and solicited suggestions for change. A review of the interviews occurred on several dates in December 2021. A review of the April 2006 focus group information and the related reports from expert Colette Holt further demonstrates that the following race- and gender-neutral measures help the narrow tailoring aspect of a race-conscious preferential procurement program and should be used to overcome those barriers and assist in the growth and development of financially stable M/WBEs:
- Improving the timeliness of payments
 - Creating a small and local business target market program
 - Implementing contract specific subcontracting goals
 - “Unbundling” or downsizing contracts to facilitate participation by smaller businesses, such as M/WBEs
 - Providing longer bid lead times
- 1.7** The disparity ratio is based on weighted availability. The courts have held that disparity results must be analyzed to determine whether the results are “significant.” There are two distinct methods to measure a result’s significance. First, a “large” or “substantively significant” disparity is commonly defined by courts as utilization that is equal to or less than 80% of the availability measure. A substantively significant disparity supports the inference that the result may be caused by the disparate impacts of discrimination.¹ Second, statistically significant disparity means that an outcome is unlikely to have occurred as the result of random chance alone. The greater the statistical significance, the smaller the probability that it resulted from random chance alone.² A more in-depth discussion of statistical significance is provided in Chapter IV and Appendix C of the Disparity Report.
- 1.7-8** Based upon a thorough review of information presented during the April and October 2006 CPS focus groups and the written reports submitted by expert Colette Holt, the Board adopted in February 2007 under Board Report 07-0228-PO1 a Remedial Program for Minority And Women Owned Business Enterprise Participation in Goods and Services Contracts (the “Program”) which built upon the 1991 Plan. The Program authorized for a period beginning March 1, 2007 until December 31, 2012 and was later extended until June 30, 2013 under Board Report 12-1219-RS2.
- 1.8-9** Based upon a thorough review of the foregoing information (supra, at sections 1.1 – 1.7); other recent judicial decisions regarding the constitutional standards for affirmative action programs; recent national and localized demographic evidence; recent labor and employment statistics; including national and local statistics, generally, as well as those specific to the goods and services industries; and the May 17, 2013 report entitled “*Availability and Utilization of Minority and Women-Owned Businesses in Goods and Services for the Chicago Public Schools*” prepared

¹ See U.S. Equal Employment Opportunity Commission regulation, 29 C.F.R. §1607.4(D) (“A selection rate for any race, sex, or ethnic group which is less than four-fifths (4/5) (or eighty percent) of the rate for the group with the highest rate will generally be regarded by the Federal enforcement agencies as evidence of adverse impact, while a greater than four-fifths rate will generally not be regarded by Federal enforcement agencies as evidence of adverse impact.”)

² A chi-square test – examining if the utilization rate was different from the weighted availability – was used to determine the statistical significance of the disparity ratio

by Dr. David G. Blanchflower, Professor of Economics Dartmouth College, the Board adopted in June 2013 under Board Report 13-0626-PO1 a Remedial Program for Minority And Women Owned Business Enterprise Participation in Goods and Services Contracts (the “Program”) which built upon the 1991 Plan. The Program was authorized for a period beginning July 1, 2013 until December 31, 2016.

- 1.9-10** Based upon a thorough review of the foregoing information (supra, at sections 1.1 – 1.8); relevant judicial decisions regarding the constitutional standards for affirmative action programs; recent national and localized demographic evidence; recent labor and employment statistics; including national and local statistics, generally, as well as those specific to the goods and services industries; and the October 2016 report entitled “*Availability and Utilization of Minority- and Women-Owned Businesses in Goods and Services for the Chicago Public Schools*” prepared by Dr. David G. Blanchflower, Professor of Economics, Dartmouth College, the Board hereby continues the Program as specified herein.
- 1.11** Additional extension of the Remedial program is relevant using methodology for the new study, which embodies the principles of *City of Richmond v. Croson*, Seventh Circuit Court of Appeals case. This study determined CPS’ utilization of M/WBEs on CPS contracts during fiscal years 2016 through 2020; the availability of these firms as a percentage of all firms in CPS’ geographic and industry market areas; and any disparities between the CPS’ utilization of M/WBEs and M/WBE availability. The study further analyzed disparities in the Chicago Metropolitan Area and the wider Illinois economy, where affirmative action is rarely practiced, to evaluate whether barriers continue to impede opportunities for minorities and women when remedial intervention is not imposed. We also gathered qualitative data about the experiences of minority- and woman-owned firms in obtaining CPS contracts and associated subcontracts. Based on these findings, we evaluated the M/WBE Program for conformance with constitutional standards and national best practices for government contracting affirmative action programs.
- 1.12** Update Program Administration Policies and Procedure. While the current Program has produced admirable results, these revisions can strengthen CPS’ efforts and legal sensibility of the program. The disparity report outlines the metrics to adopt. CPS defines this as “products or services that cannot be identified in the direct fulfillment of CPS contracts.”

The Program documents reflect actual practice. For example, requests for waivers of contract goals are reviewed by OBD, not the Waiver Committee.

The acceptable certifications for MBE and WBE must adhere to the criteria of agencies that meet the federal judicial test. That a firm must be a small business and owned by a majority of minority-owned, women-owned, socially and economically disadvantaged individuals. Ownership of minority-owned, women-owned must be 51% or more ownership. In practice, this means a limit on the size of the firm’s annual gross receipts and on the personal net worth of the minority or woman owner(s). While the program documents refer to the personal net worth limitation imposed by the City of Chicago on eligibility for its M/WBE program for construction contracts, CPS also accepts certifications from the State of Illinois Business Enterprise Program, which sets a high size limit and imposes no personal net worth limit. All acceptable certifications must be reviewed for conformance with constitutional standards to meet standards of the MBE and WBE Certifications. The Office of Business Diversity (OBD) reviews the certifications for MBE and WBE.

Asian-Pacific Indian, Asian-Americans, Indigenous, and Native-Americans are presumptively socially and economically disadvantaged for purposes of Program inclusion. They must be eligible to meet goal credit if they are certified by a recognized agency.

The procedures for a bidder to submit its good faith efforts (“GFE”) to meet a contract goal include:

1. The bidder must make GFE the same as one that met the goal, even if the proposed participation is zero. Vendors must report in writing the request for waivers and provide evidence for reasons they believe waivers or reductions of the contract goal(s) will not be approved and therefore they do not bid on contracts where they might fall short of the goal(s).
2. The Board follows the judicially approved, and industry accepted, best practices for defining and reviewing GFE submissions. The United States Department of Transportation Disadvantaged Business Enterprise USDOT DBE program is an excellent model. This program does not operate as a quota system or quota limits.
3. OBD will develop and disseminate written procedures to appeal program decisions, such as the failure to make GFE to meet a contract goal. This will comport with basic procedural due process standards. The disparity report references the USDOT program provisions can provide a starting point for drafting these additions, and edits for GFE.
4. The Board will provide a short period after bid or proposal submission to submit documents supporting the Utilization Plan. All MBE and WBE participation must list participation on the Plan with the bid or proposal, but the Letter(s) of Intent ("LOIs"), certification letters, requests for reduction of the goal(s) and accompanying GFE, etc., must be submitted within 48 hours after bid or proposal submission.
5. The Board will continue to follow the best practices on substitution of certified firms during contract performance, vendor performance audit, as described in the USDOT DBE program regulations. The Board remedial program does not impose quotas or use quotas or regulate quotas or limitations.

II. DEFINITIONS

- 2.1 Affiliate:** A person or entity that directly or indirectly through one or more intermediaries controls or is controlled by, or is under common control with, the person or entity. Credit toward the Contract Specific Goals is limited to the participation of MBE/WBE firms performing within their Area of Specialty. The Board does not make any representation concerning the ability of any MBE or WBE to perform work within its Area of Specialty. It is the responsibility of the Bidder or Contractor to determine the capability and capacity of MBEs and WBEs to perform the work proposed.
- 2.4 Certification Letter:** a letter issued by the City of Chicago, Cook County, or any other local government agencies, municipalities, federal, and state acknowledging that a Bidder is certified as a Minority-owned Business Enterprise ("MBE") and/or a Women-owned Business Enterprise ("WBE") in a specialized area.

the work of the contract which is carried out by actually performing, managing, and supervising the work involved, or fulfilling responsibilities as a joint venture. Evidencing the responsibilities and risks of a business owner such as negotiating the terms of (sub)contracts, taking on a financial risk commensurate with the contract or its subcontract, responsibility for acquiring the appropriate lines of credit and/or loans, or fulfilling responsibilities as a joint venture partner as described in the joint venture agreement.

2.58 Contract Specific Goals: Contract Specific Goals means the subcontracting goals for MBE and WBE participation established for a particular contract based upon the availability of MBEs and WBEs to perform and anticipated scope of work of the contract and the Commission's progress towards meeting the aspirational goals. 2.9 Construction Contracts; MBE/WBE Participation Goals CPS' overall goals are to award not less than 30 percent of the annual dollar value of all contracts for construction, facilities, maintenance, and architectural services, engineering, and other construction projects to qualified MBEs and 7 percent of the annual dollar value of such Contracts to qualified WBEs. These goals have exclusions: (a) Utilities Supply of Electricity and Gas (b.) Tuition-based programs or tuition payments to other educational institutions (c.) Joint ventures must have an agreement in writing specifying the terms and conditions of the relationships between the partners and their relationship and responsibilities to the contract.

2.4014 Minority: The Board adopts the following definition of "minority":

an affidavit to the City, County of Cook or other governmental agency as determined by their identification indicating that they are socially and economically disadvantaged by having suffered racial or ethnic prejudice or cultural bias within American society, without regard to individual qualities, resulting in decreased opportunities to compete in Chicago area markets or to do business with the Board.

- 2.4415 Minority Business Enterprise (MBE):** A business that is certified as a Minority Owned Business by the City of Chicago (the “City”), County of Cook or such other government entity recognized by OBD, which has determined that the management, policies, major decisions and daily business operations are independently managed and controlled by one or more Economically Disadvantaged minority persons. Information Technology license agreements for hardware and software of a proprietary nature (e). Grant-funded contracts where vendor is named or stipulated in the grant
- 2.4318 Personal Net Worth:** the net value of the assets of an individual after total liabilities are deducted. An individual's personal net worth does not include the individual's ownership interest in an applicant or other MBE or WBE or the individual's equity in his or her primary place of residence. As to assets held jointly with his or her spouse, an individual's personal net worth includes only that individual's share of such assets. An individual's net worth also includes the present value of the individual's interest in any vested pension plans, Individual Retirement Accounts, 401(k) accounts, or other retirement savings or investment programs less the tax and interest penalties that would be imposed if the asset were distributed at the present time. Pursuant to government agencies and certifying agencies the standard of qualifying as an MBE and WBE, personal net worth shall not exceed \$2,491,482.03 effective as the date of the policy publishing. This is the policy of the certification program for the City of Chicago. Other certifying agencies do not have limits of net worth. The disparity report of November 2022 recommends construction companies’ network is not limited to the threshold set by the City of Chicago. The metric of net worth is in compliance with the Federal Government.
- 2.4419 Prime Vendor or Supplier:** A person or entity that enters into a contract, purchase order or agreement with the Board to provide goods and/or services.

Refers to a company that owns, operates, or maintains a store, warehouse or other establishment in which materials, supplies, articles or equipment are bought, kept in stock and regularly sold or leased to the public in the usual course of business. A regular distributor or supplier is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for performance of the Contract are bought, kept in stock, and regularly sold to the public in the

usual course of business. To be a regular distributor the firm must engage in, as its principal business and in its own name, the purchase and sale of the products in question. A regular distributor in such bulk items as steel, cement, gravel, stone, and petroleum products need not keep such products in stock if it owns or operates distribution equipment.

2.4723 Women Business Enterprise (WBE): A business that is certified and awarded the certification WBE as a Women Owned Business Enterprise by the City of Chicago (the "City"), County of Cook or such other government entity recognized by OBD, which has determined that the management, policies, major decisions and daily business operations are independently managed and controlled by one or more Economically Disadvantaged women. - 3.2** This Program shall be reviewed no later than five years from January 1, 2017-2027 and shall expire December 31, 2024-2028 unless the Board finds that its remedial purposes have not been fully achieved and it continues to have a compelling interest in tailoring narrow remedies to readdress discrimination against M/WBEs, so that the Board will not function as a passive participant in the discriminatory goods and services marketplace in Chicago.

IV. ADMINISTRATION, MONITORING, AND REVIEW OF THE PROGRAM

4.1 Aspirational Goals

VI. CONTRACT AWARD PROCESS

6.1 Bid/Proposal Specifications

The Department of Procurement shall insert within the specifications for each contract which is let through competitive bidding or other competitive procurement and which has Contract Specific Goals:

- a. a description of the Program, including the requirement of an approved M/WBE Plan; the requirements related to achieving the goals and counting MBE or WBE participation towards meeting the goals; if the goals are not met, the requirement of documentation of the vendor's Good Faith Efforts to achieve the goals, including the Good Faith Efforts of MBEs and WBEs to achieve the goal for which they do not qualify; and a requirement that the vendor commit to the expenditure of at least the dollar value of the Contract Specific Goals with one or more MBEs and one or more WBEs or make Good Faith Efforts to do so. This commitment may be met by the vendor's status as an MBE or WBE, a joint venture with one or more MBEs or WBEs as prime contractor (to the extent of the MBE or WBE participation in such joint venture), subcontracting a portion of the work to one or more MBEs or WBEs, purchasing materials or services for the work from one or more MBEs or WBEs, or by any combination of the foregoing;
- b. a requirement that where the vendor cannot achieve the Contract Specific Goals, it must document its Good Faith Efforts to do so. Website for forms:
<https://www.cps.edu/globalassets/cps-pages/about-cps/departments-directory/office-of-business-diversity/blank-obd-mbe-wbe-form.pdf>
- c. All Firms with full waivers must complete a survey with Form 104 (Vendor Diversity Profile).
- d. Onboarding all firms must complete all OBD Forms thoroughly without any omission. Those forms include but not exclusive to:
Form 100 - Bidder Information (Proposed MBE|WBE)
Form 101 - Compliance Summary Form
Form 102 - Joint Venture
Form 103A – Letter Of Intent (LOI)
Form 103B - Professional Service Affidavit

Form 104 - Vendor Diversity Profile
Form 105 - Request for Waiver
Form 106 - Student Internships (not a mandatory form)

6.2 M/WBE Compliance Proposal

- a. The Department of Procurement will insert within the specifications M/WBE participation requirements as special conditions in invitations for bids, requests for proposals, quotations and all relevant documents. These specifications will include a listing of all M/WBE documentation that must be submitted with the bid or proposal and will describe the reporting requirements applicable during the contract period. All solicitation and contract documents will also stipulate that the requirements of the M/WBE Plan become conditions of the contract between CPS and the Prime Vendor or Supplier.
- b. For all solicitations, the Prime Vendor or Supplier must submit an M/WBE Compliance Proposal detailing all M/WBE and non-M/WBE subcontractors from which the Prime Vendor or Supplier solicited bids or proposals, and its plan to achieve Contract Specific Goals or its Good Faith Efforts to do so. M/WBEs proposed by the Prime Vendor or Supplier must be certified by the City of Chicago and/or any other governmental certifying agencies as of the date of the bid/proposal submittal. The M/WBE Compliance Proposal shall be due at the time and in the manner set out in the solicitation documents.

- c. The OBD Executive Director has the authority to propose to the Department of Procurement that any bid or quotation that does not include an appropriate M/WBE Compliance Proposal be rejected by the Department of Procurement.
- d. Any agreement between a Prime Vendor or Supplier and a M/WBE in which the Prime Vendor or Supplier requires that the M/WBE not provide subcontracting quotations to other Prime Vendors or Suppliers is prohibited.
- e. The M/WBE Compliance Proposal must demonstrate that each MBE or WBE will perform a Commercially Useful Function.

6.3 OBD Review and Approval of M/WBE Program Compliance Proposal

- a. Prior to contract award, OBD shall timely review the M/WBE Program Compliance Proposal, including the scope of work and the letters of intent from M/WBEs. OBD may request clarification in writing of items listed in the M/WBE Program Compliance Proposal, provided such clarification shall not lead to a reduction of listed M/WBE participation.
- b. If OBD determines that the M/WBE Program Compliance Proposal demonstrates that the Contract Specific Goals indicated in the bid/proposal specifications have been achieved or Good Faith Efforts made, OBD shall recommend that the vendor's or supplier's bid/proposal be deemed responsive during the evaluation process to the Department of Procurement.
- c. If the M/WBE Program Compliance Proposal fails to meet the Contract Specific Goals indicated in the bid/proposal specifications, OBD will review its Good Faith Efforts to do so. If OBD determines that a vendor/supplier did not make sufficient Good Faith Efforts, OBD shall communicate its finding to the Department of Procurement and propose that the vendor's/supplier's bid/proposal be deemed to be non-responsive. A vendor/supplier may protest this determination by filing a written appeal in accordance with the Appeals Process within fourteen (14) business days of receipt of OBD's determination, stating the grounds for such appeal and including all relevant information and documentation.

6.4 Good Faith Efforts to Meet Contract Specific Goals and Waiver Requests

- a. Where the Prime Vendor or Supplier cannot achieve the Contract Specific Goals, OBD will determine whether the Prime Vendor or Supplier has made Good Faith Efforts to do so.
- b. A Prime Vendor or Supplier may also submit to OBD a written request for reduction or waiver of the obligations created under the M/WBE Plan or related requirements. Any such request must be accompanied by documentation evidencing the Prime Vendor's or Supplier's Good Faith Efforts.
- c. OBD has the discretion to approve or deny a request for a waiver. Approval of a waiver may be conditioned upon the agreement to undertake additional Good Faith Efforts as specified by OBD.
- d. In making the determination of Good Faith Efforts, OBD will consider, at a minimum, the efforts of a Prime Vendor or Supplier to:
 - 1. solicit through all reasonable and available means (e.g., attendance at pre-bid/proposal meetings, advertising and written notices) the interest of all M/WBEs that have the capability to perform the work of the contract and/or that are certified in the scopes of the contract work; to make this solicitation within sufficient time to allow the M/WBEs to respond; and to take appropriate steps to follow up initial solicitations with interested M/WBEs;

2. provide interested M/WBEs adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation;
3. negotiate in good faith with interested M/WBEs that have submitted bids. Documentation of negotiation must include the names, addresses, and telephone numbers of M/WBEs that were solicited; the date of each such solicitation; a description of the information provided about the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with M/WBEs to perform the work. A Prime Vendor or Supplier may not use the fact that additional costs may be involved in soliciting and using M/WBEs as a reason for failing to meet the Contract Specific Goals, as long as such additional costs are reasonable;
4. not reject M/WBEs as being unqualified without sound reasons based upon a thorough investigation of their capabilities. The M/WBEs' standing within its industry, membership in specific groups, organizations, or associations, or its political or social affiliations are not legitimate reasons for rejecting or failing to solicit bids/proposals to meet the goals;
5. make a portion of the work available to M/WBE subcontractors and suppliers and to select those portions of the work or material consistent with the available M/WBE subcontractors and suppliers, to facilitate meeting the goals;
6. select portions of the work to be performed by M/WBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, subcontracting work items into economically feasible units to facilitate M/WBE participation, even when the Prime Vendor or Supplier might otherwise prefer to perform these work items with its own workforce;
7. assist interested M/WBEs in obtaining bonding, lines of credit, or insurance as required by the Board or the Prime Vendor or Supplier;
8. assist interested M/WBEs in obtaining necessary equipment, supplies, materials, or related assistance or services;
9. effectively use the services of OBD, minority or women community organizations; minority or women contractors' groups; local, state and federal minority or women business assistance offices; and other organizations to provide assistance in the recruitment and placement of M/WBEs;
10. implement a strategy for the training, employment, or continuing education of present or former CPS students. The proposed program must involve substantial numbers of students and commit Prime Vendor or Supplier resources; meet significant training, employment or continuing education objectives and be feasible and effective;
11. provide technical assistance to increase M/WBEs' self-sufficiency, competitiveness and profitability;
12. donate objectively measurable resources to M/WBE business development or participate in M/WBE business development activities;
13. demonstrate through objective evidence the consistent use of M/WBEs as suppliers or vendors on work not related to CPS;
14. demonstrate participation with M/WBEs in private sector joint ventures that would not otherwise occur or the participation of the Prime Vendor or Supplier for goods

and services in M/WBE business development activities such as those contemplated by the Program.

6.5 Contract Award

Upon acceptance of a bid, proposal or quotation, the Department of Procurement shall notify the successful bidder/proposer. A Prime Vendor's or Supplier's M/WBE proposal, including the clarifications requested by OBD, shall, upon a contract award, be incorporated into the contract.

6.5.1 Contract Specific Goals and Contract Modifications

1. The MBE and WBE Contract Specific Goals established at the time of contract bid shall also apply to any modifications to the Contract after award. That is, any additional work and/or money added to the Contract must also adhere to these Special Conditions requiring Contractor to (sub)contract with MBEs and WBEs to meet the Contract Specific Goals:

a. The sub-contractor and/or Contractor must assist the Manager or user Department or project manager in preparing its "proposed contract modification" by evaluating the subject matter of the modification and determining whether there are opportunities for MBE or WBE participation and at what rates.

b. The contractor must produce a statement listing the MBEs/WBEs that will be utilized on any contract modification. The statement must include the percentage of utilization of the firms. If no MBE/WBE participation is available, an explanation of good faith efforts to obtain participation must be included.

2. The Chief Procurement Officer or CPO designee shall review each proposed contract modification and amendment that by itself or aggregated with previous modification/amendment requests, increases the contract value by ten percent (10%) of the initial award, or \$50,000, whichever is less, for opportunities to increase the participation of MBEs or WBEs already involved in the Contract.

VII. CONTRACT PERFORMANCE PROCEDURES

7.1 Payment Procedures

As a condition of each payment request, the Prime Vendor or Supplier shall provide proof of payment in a format specified by CPS, listing all M/WBE and non- M/WBE Subcontractors used in the performance of the contract. The Prime Vendor or Supplier shall pay each Subcontractor within 30 days of payment by the Board or as otherwise negotiated between the Prime Vendor or Supplier and the Subcontractor. OBD shall monitor subcontractor participation during the course of the contract and shall have reasonable access to all contract-related documentation held by the Prime Vendor or Supplier for goods and services.

7.2 Records

The Prime Vendor or Supplier shall maintain records of all relevant data with respect to the utilization of all subcontractors, and all other aspects of fulfillment of the M/WBE Plan requirements, including, without limitation, performance and financial documents concerning the contract; agreements and performance/payment records concerning subcontractors; payroll records; tax returns and records; and books of account. Prime Vendor or Supplier shall retain these records for at least eight years after completion of the work. The Prime Vendor or Supplier shall report monthly, or upon request, to OBD all expenditures to achieve Program compliance.

7.3 Inspections

OBD may, with or without notice, periodically conduct on-site inspections of any contract performance site, or the place of business of any Prime Vendor or Supplier. OBD may be

assisted in such inspections by other CPS staff, and shall be entitled to reasonable access to facilities, personnel, and records related to the M/WBE Plan.

7.4 Substitutions

- a. The Prime Vendor or Supplier may not substitute a M/WBE subcontractor or perform the work designated for a subcontractor with its own workforce unless and until OBD approves such substitution in writing. A Prime Vendor or Supplier shall not allow a substituted subcontractor to begin work until the substitution request has been formally approved. All substitutions must be in writing in advance of any alternative work. The substitution must meet the quality and standards set forth in the contract for services or goods or construction.
- b. All requests for changes or substitutions of the subcontractor named in the M/WBE Plan shall be made to the Director of OBD in writing, and shall clearly and fully set forth the basis for the request. Each request shall include the name, address and principal official of any proposed substitute MBE or WBE and the dollar value and scope of work of the proposed subcontract. All documentation required of Prime Vendors or Suppliers for the M/WBE Plan must be attached.
- c. The facts supporting the request to change a M/WBE subcontractor must not have been known nor reasonably foreseeable by either party prior to the submission of the Program Compliance Proposal. Prior to requesting a change, the Prime Vendor or Supplier must negotiate with the subcontractor to resolve the problem. If requested by either party, CPS shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the M/WBE may be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.
- d. Unauthorized changes or substitutions, including performing the work with the Prime Vendors' or Supplier's own workforce, may constitute grounds for rejection of the bid or proposal or cause termination of the executed contract for breach, the withholding of payment and/or subject the Prime Vendor or Supplier to contract penalties or other sanctions.
- e. The following are acceptable bases for the substitution of M/WBE subcontractors:
 1. unavailability after receipt of reasonable notice to proceed;
 2. failure of performance;
 3. financial incapacity;
 4. refusal by the subcontractor to honor the bid or proposal price;
 5. mistake of fact or law about the elements of the scope of work of a solicitation where agreement upon a reasonable price cannot be reached;
 6. decertification of the M/WBE;
 7. failure of the subcontractor to meet insurance, licensing or bonding requirements; or
 8. the subcontractor's withdrawal of its bid or proposal.
- f. OBD's final decision whether to permit or deny the proposed substitution, and the basis therefore, will be communicated as soon as practicable to the parties in writing by OBD. The OBD Executive Director may request more information, or request an interview to clarify, or mediate or mitigate the problem. OBD may approve or reject any request in its entirety, or impose conditions upon any approval.
- g. Where the Prime Vendor or Supplier has established the basis for the substitution to the satisfaction of OBD, the Prime Vendor or Supplier shall make Good Faith Efforts to fulfill the M/WBE Plan. The Prime Vendor or Supplier may seek the assistance of OBD in obtaining a new M/WBE subcontractor. If the Contract Specific Goal(s) cannot be reached and Good Faith Efforts have been made, the Prime Vendor or Supplier may upon determination by the OBD Executive Director substitute with a non-M/WBE.

- h. The Prime Vendor or Supplier may protest any determination by OBD that a vendor/supplier has not made Good Faith Efforts by utilizing the Appeals Process.

VIII. OBD'S DETERMINATION WHETHER CONTRACT SPECIFIC GOALS FOR M/WBE PARTICIPATION HAVE BEEN MET

8.1 M/WBE Prime Vendors and Suppliers

OBD shall count toward the Contract Specific Goal the amount paid to an MBE or WBE Prime Vendor or Supplier for self-performing work, general conditions, overhead and profit.

8.2 MBE or WBE Subcontractors and Suppliers

OBD shall count towards a Prime Vendor's or Supplier's Contract Specific Goal only the amount that has been paid to a MBE or WBE subcontractor or supplier.

8.3 Joint Ventures

When a M/WBE performs as a participant in a Joint Venture, OBD shall count towards the Contract Specific Goal only the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the Joint Venture's contract that the M/WBE performs with its own workforce and for which it is separately at risk.

8.4 Limitation to Commercially Useful Functions

OBD shall count toward the Contract Specific Goal only expenditures to an M/WBE that is performing a Commercially Useful Function. To determine whether a firm is performing a Commercially Useful Function, OBD will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors. To perform a Commercially Useful Function, the M/WBE must be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, installing (where applicable), and paying for the material itself. An M/WBE does not perform a Commercially Useful Function if its role is limited to that of an extra participant in the contract through which funds are passed in order to obtain the appearance of M/WBE participation. If an M/WBE subcontracts a greater portion of the work of a contract than would be expected based on normal industry practice, it is presumed not to be performing a Commercially Useful Function, but it may present evidence to rebut this presumption.

8.5 Effect of Decertification

If a firm ceases to be a certified M/WBE during its performance on a contract, the dollar value of work performed under a contract with that firm after it has ceased to be certified shall not be counted toward the Contract Specific Goal.

8.6 Contract Modifications

The Contract Specific Goals applicable to a contract are also applicable to contract modifications. If a contract modification is within the scope of the M/WBE's subcontractor performance, the dollar amount to be paid to the M/WBE must be adjusted by the Prime Vendor or Suppliers. All contract modifications or amendments must be in writing and agreed upon by all signatories.

8.7 Payment Procedures

As a condition of each payment request, the Prime Vendor or Supplier shall provide proof of payment in a format specified by CPS, listing all M/WBE and non- M/WBE Subcontractors used in the performance of the contract. The Prime Vendor or Supplier shall pay each Subcontractor within 30 days of payment by the Board or as otherwise negotiated between the Prime Vendor

or Supplier and the Subcontractor. OBD shall monitor subcontractor participation during the course of the contract and shall have reasonable access to all contract-related documentation held by the Prime Vendor or Supplier for goods and services.

8.8 Records

The Prime Vendor or Supplier shall maintain records of all relevant data with respect to the utilization of all subcontractors, and all other aspects of fulfillment of the M/WBE Plan requirements, including, without limitation, performance and financial documents concerning the contract; agreements and performance/payment records concerning subcontractors; payroll records; tax returns and records; and books of account. Prime Vendor or Supplier shall retain these records for at least eight years after completion of the work. The Prime Vendor or Supplier shall report monthly, or upon request, to OBD all expenditures to achieve Program compliance.

8.9 Inspections

OBD may, with or without notice, periodically conduct on-site inspections of any contract performance site, or the place of business of any Prime Vendor or Supplier. OBD may be assisted in such inspections by other CPS staff, and shall be entitled to reasonable access to facilities, personnel, and records related to the M/WBE Plan.

8.10 Substitutions

- a. The Prime Vendor or Supplier may not substitute a M/WBE subcontractor or perform the work designated for a subcontractor with its own workforce unless and until OBD approves such substitution in writing. A Prime Vendor or Supplier shall not allow a substituted subcontractor to begin work until the substitution request has been formally approved. All substitutions must be in writing in advance of any alternative work. The substitution must meet the quality and standards set forth in the contract for services or goods or construction.
- b. All requests for changes or substitutions of the subcontractor named in the M/WBE Plan shall be made to the Director of OBD in writing, and shall clearly and fully set forth the basis for the request. Each request shall include the name, address and principal official of any proposed substitute MBE or WBE and the dollar value and scope of work of the proposed subcontract. All documentation required of Prime Vendors or Suppliers for the M/WBE Plan must be attached.
- c. The facts supporting the request to change a M/WBE subcontractor must not have been known nor reasonably foreseeable by either party prior to the submission of the Program Compliance Proposal. Prior to requesting a change, the Prime Vendor or Supplier must negotiate with the subcontractor to resolve the problem. If requested by either party, CPS shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the M/WBE may be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.
- d. Unauthorized changes or substitutions, including performing the work with the Prime Vendors' or Supplier's own workforce, may constitute grounds for rejection of the bid or proposal or cause termination of the executed contract for breach, the withholding of payment and/or subject the Prime Vendor or Supplier to contract penalties or other sanctions.
- e. The following are acceptable bases for the substitution of M/WBE subcontractors:
 1. unavailability after receipt of reasonable notice to proceed;
 2. failure of performance;
 3. financial incapacity;
 4. refusal by the subcontractor to honor the bid or proposal price;
 5. mistake of fact or law about the elements of the scope of work of a solicitation where agreement upon a reasonable price cannot be reached;

6. decertification of the M/WBE;
 7. failure of the subcontractor to meet insurance, licensing or bonding requirements; or
 8. the subcontractor's withdrawal of its bid or proposal.
- f. OBD's final decision whether to permit or deny the proposed substitution, and the basis therefore, will be communicated as soon as practicable to the parties in writing by OBD. The OBD Executive Director may request more information, or request an interview to clarify, ~~or~~ mediate or mitigate the problem. OBD may approve or reject any request in its entirety, or impose conditions upon any approval.
 - g. Where the Prime Vendor or Supplier has established the basis for the substitution to the satisfaction of OBD, the Prime Vendor or Supplier shall make Good Faith Efforts to fulfill the M/WBE Plan. The Prime Vendor or Supplier may seek the assistance of OBD in obtaining a new M/WBE subcontractor. If the Contract Specific Goal(s) cannot be reached and Good Faith Efforts have been made, the Prime Vendor or Supplier may upon determination by the OBD Executive Director substitute with a non-M/WBE.
 - h. The Prime Vendor or Supplier may protest any determination by OBD that a vendor/supplier has not made Good Faith Efforts by utilizing the Appeals Process.

IX. NON-COMPLIANCE AND SANCTIONS

9.1 Determination of Non-Compliance

- a. OBD shall monitor the Prime Vendor's or Supplier's performance under the M/WBE Plan, as well as the fulfillment of any special conditions, work order goals, or other obligations by contract awardees.
- b. If the Prime Vendor or Supplier fails to fulfill its M/WBE Plan or other compliance-related contractual obligations, OBD will notify the Prime Vendor or Supplier of the deficiencies. Following notification, the Prime Vendor or Supplier shall have sixty (60) days to identify how they will cure the deficiencies. If the deficiencies are not cured, OBD shall make a determination of non-compliance and recommend the imposition of sanctions.
- c. At the end of every contract, OBD shall determine at contract closeout whether a Prime Vendor or Supplier has complied with the obligations created under its M/WBE Plan and other related requirements. The Prime Vendor or Supplier has the burden of proving compliance with all obligations and requirements.

9.2 Sanctions for Non-Compliance and Failure to Make Good Faith Efforts

- a. ~~Sanctions for non-compliance may include, but are not limited to the following:

 - i. ~~Withholding of payments under the contract~~
 - ii. ~~Recommendation to not exercise contract renewal option~~
 - iii. ~~Termination of the contract~~
 - iv. ~~Debarment from future business with the Board~~~~
- b. ~~A Prime Vendor or Supplier may protest OBD's determination of Section 9.2 sanctions by filing a written appeal in accordance with the Appeals Process within fourteen (14) business days of receipt of OBD's determination, stating the grounds for such appeal and including all relevant information and documentation~~
- c. ~~All debarment recommendations will be processed according to the Board's Debarment Policy.~~
- a. Failure to carry out the commitments and policies set forth herein shall constitute a material breach of the contract and may result in the termination of the contract or such other remedies

as Chicago Public Schools or Chicago Board of Education deems appropriate.

- b. If the Chief Procurement Officer determines, upon reviewing a particular contract, that the vendor did not meet the aspirational goals set forth in the bid documents, and further finds that the vendor has not made good faith attempts to achieve those goals through the methods described in Section 6.4 herein, the CPO shall notify the vendor that they have committed a material breach of their obligations. The CPO shall concurrently advise the vendor of the CPO's intention to seek remedies for breach, including, but not limited to the following:
1. withholding payments from the vendor until such time as corrective action has been taken;
 2. voiding the contract, with the contractor being only entitled to compensation for services already rendered prior to imposition of the penalty, and/or
 3. imposing a penalty in the amount of the discrepancy between the amount of the commitment, as such amount may be amended through change orders or otherwise over the term of the contract, and the achieved amount may be applied to the contractor.
- The consequences provided herein shall be in addition to any other criminal or civil liability to which such entities may be subject.
- c. Prior to imposing the penalty specified by this section, the Chief Procurement Officer shall notify the contractor in writing of the fact and amount of the proposed penalty. Within 30 days of the notification, the contractor may submit a memorandum addressed to the CPO which controverts the basis or amount of the proposed penalty. The contractor may also present a detailed and verifiable plan which demonstrates good faith efforts to come into compliance. The CPO may issue a response to the contractor's memorandum which either renders a final decision or invites further submissions from the contractor.
- d. In addition to the penalty specified by this section, after a contractor's second failure to meet M.B.E./W.B.E. commitments, the Chief Procurement Officer may declare the contractor ineligible for an award of contracts for a period of up to three years, following the procedures set forth in subsections (b), (c) and (d) of this section. In determining whether to declare a contractor ineligible, the Chief Procurement Officer shall consider the contractor's record for meeting its commitments regarding M.B.E./W.B.E. participation in contracts with the Board | District | CPS.

9.3 Sanctions for Fraudulent Misrepresentations, Acts Involving a Lack of Business Integrity, Violation of Statutes or Regulations, or Repeated Failures to Make Good Faith Efforts

- a. The following actions may be taken upon a finding that a firm has engaged in fraudulent misrepresentation, acts demonstrating a lack of business integrity, violations of statute or regulations, or has repeatedly failed to make good faith efforts as required by this Program:
1. Referral by OBD to the Board's Office of the Inspector General (OIG) for investigation.
 2. Initiation of proceedings to debar the Prime Vendor or Supplier and all persons or entities affiliated with them if warranted by an OIG investigation.
 3. Reporting the debarment of any person or entity to other governmental agencies.
 4. Referral to appropriate law enforcement authorities for investigation and possible prosecution.
 5. Mitigate all losses and damages to the "district" and CPS. Financial damages include losses to the government, implication on tax payers and investigation costs
- b. The Prime Vendor or Supplier may protest the OBD's determination of Section 9.3 sanctions by filing a written appeal in accordance with the Appeals Process within fourteen (14) business days of receipt of OBD's determination, stating the grounds for such appeal and including all relevant information and documentation.

X. REVIEW

The Board intends to periodically review the remedies adopted herein to ensure that it continues to have a compelling interest in not being a passive participant in the discriminatory Chicago area goods and

services market and that these measures remain narrowly tailored to accomplish that interest.

XI. SEVERABILITY

In the event that any section, subsection, paragraph, clause, provision or application of this article shall be held invalid by any court, the invalidity of such section, subsection, paragraph, clause, provision or application shall not affect any of the remaining provisions hereof.

1. Why is this policy being amended on your current timeline? If you are amending multiple policies, please list out the reasons for each one (e.g., state legislation, compliance change, policy was out of date, annual policy review, CEO/CEdO recommendation, etc.)

Current Code of Ethics Policy is from 2011 and does not reflect several state laws. In addition, the former General Counsel recommended that the Code of Ethics be updated in anticipation of changes to the composition of the Board.

2. Please give a high level summary of what policy changes are being made, and why.

Redesign and reorganized Code of Ethics

The Code of Ethics has been organized for readers to understand ethical standards, disclosure requirements, and what specific obligations they have as Board Members; LSC Officials, employees, Board Contractors, and Lobbyists.

Definitions

The definitions have been amended or consolidated to ensure consistency and understanding. These terms have been removed from the definition section: abstain, business relationship, domestic partner, Partners to a Civil Union, recusal, secondary employment. The most notable change is the definition of economic interest which incorporates the definition of a business relationship and includes the interest of a “member of a household” instead of “relative”.

General Provisions

This provides for the role of the Ethics Officer and the rights and responsibilities of Officials, Employees, Board Contractors, and Lobbyists. Board Contractors are now responsible for reporting violations and cooperating with inquiries.

Ethical Standards

This section outlines the general ethical standards for Officials, Employees and Board Contractors to clarify what provisions of the Code of Ethics is applicable to them.

Gifts

Amended gift language to change “mutual understanding” instead of “explicit or implicit mutual understanding” and allow for unacceptable gifts to be donated to charity. New language memorializing the “no gifts” policy Procurement has; providing for the school counselor gift ban; and providing for nominal gifts of appreciation for teachers. Honorarium requirements are clarified. Compliance with the gift ban is provided.

Disclosure Requirements

Disclosure requirements are located in one section in the Code of Ethics. New language has been added to address the need for disclosures of conflicts of interest for candidates and existing Board members, LSC Officials, employees, and Board contractors.

Specific Obligations for the Board

New language proposed to capture the new Board eligibility requirements from 105 ILCS 5/34-4. The Nepotism section has been clarified to reflect Board member’s roles.

Post-Membership and Post-Employment Restrictions

New language to summarize post-membership and post-employment restrictions and to clarify “subject matter of the transaction”

Secondary Employment

Secondary employment is defined in this section along with examples of conflicts with duties and demands of employment. The secondary employment approval list will be featured in the Code of Ethics guidelines which are in the process of being developed.

New Lobbyist Section

Gender Neutral Pronouns

Updated to include gender neutral pronouns

3. Please provide any notable feedback from internal or external stakeholders, and how you addressed it or planned to address it in your policy draft.

The Ethics Office has meet with or received feedback from the following stakeholders: Ethics Officer Steve Berlin, from the City of Chicago; Philip Wagenknecht from the OIG’s Office; Liam Bird, from the Equity Office, Alex Lopez, from FACE; Benjamin Felton, from the Talent Office; Patricia Hernandez from Procurement; Walter Stock, from the Finance Office, Libby Massey, Gabriela Brizuela, Shanell Bowden, Elizabeth Scannell and Ruchi Verma from the Law Department; Adam Lechnir and Gabriela Arismedi from the Board Office, James Malnati from Communications; Kishasha Williams-Ford and William Rice from the Office of Local School Council Relations; Camie Pratt from the Office of Student Protections; Chuck Swirsky and Seth Rau from Intergovernmental Relations; and members of the Ethics Committee not previously listed (Charles Mayfield, William Klee, Brendan Perry, Lauro Roman).

While most of the feedback has been incorporated into the policy draft; two external stakeholders

provided substantial feedback which is provided below.

Amended to include the OIG feedback

- That Board Contractors be included in the responsibilities section as they may need to investigate Board Contractors.
- That the Contract Management Authority include “Doing Business” in addition to “seeking to do Business with the Board”
- That the Gift section be clarified

The Ethics Guidelines will address other OIG requests:

- Secondary employment for school counselors cannot include recruiting secondary school students for colleges or working with CPS students to provide college or career plans

Amended to include City feedback

- That the Gift section be clarified

Under review based on City feedback:

- Lobbyist section
- Whether Nepotism should include a prohibition on Board or employees participating in any CPS regulatory matter that involves a relative
- Whether the ban on Gifts from Board Contractors should be extended to all employees, not merely procurement employees
