AMEND BOARD REPORT 04-0428-PO1
**POLICY ON GRANTING CREDIT TOWARD HIGH SCHOOL GRADUATION FOR COURSES
 TAKEN THROUGH INTERNET-BASED DELIVERY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS THE FOLLOWING:

That the Chicago Board of Education adopt the amended “Policy on Granting Credit Toward High School Graduation For Courses Taken Through Internet-Based Delivery.” The policy was posted for public comment from March 17, 2023 to April 17, 2023.

POLICY TEXT:

High school learning over the Internet is an emerging educational model that the Chicago Public Schools (“CPS”) embraces. Internet-based delivery of high school classes can supplement and support the regular curriculum leading to a high school diploma. The technology available in our high schools gives students opportunities to pursue on-line learning experiences for high school credit that will enhance and expand the current course offerings. “Virtual high schools courses” currently are available and widely accepted within the educational community. For the purpose of this policy, a “virtual high school course” is defined as a state approved and/or regionally accredited school that offers high school credit courses through distance learning models that include Internet-based delivery. ~~The Illinois Virtual High School has been established by the Illinois State Board of Education and is currently offering a wide range of high school level course work, aligned with the Illinois Learning Standards.~~ CPS is strongly committed to expanding educational opportunities via Internet-based delivery to students by providing school on-line access to these resources. It is recognized that the development of virtual high school learning is a collaborative and cooperative endeavor that must be based on partnerships and linkages within our city and state that work to strengthen the existing educational program.

I. EQUITY STATEMENT:

Virtual high school courses will be grounded in equity and deliver a high-quality education to all enrolled students. Guidelines will be developed to ensure an equity lens is used during planning and implementation. CPS will support schools through fair and equitable resource allocation with a focus on most impacted schools in order to successfully implement this policy.

I. II. BENEFITS TO STUDENTS

Virtual high school courses can benefit student learning by:

- making instruction available at any time on and off the school campus;
- allowing students to learn at their own pace, focus on areas of need, and move quickly through content easily mastered;
- giving students with different learning styles the opportunity to excel outside the traditional classroom;
- providing access to diverse curricular offerings generally not available in all schools, including advanced placement courses;
- providing learners who are over or under achievers with unique and innovative learning experiences beyond the standard classroom setting; and
- providing accelerated and enriched learning opportunities.

II. III.ACADEMIC INTEGRITY

Students must accept the terms of the CPS Acceptable Use Policy and the CPS ~~Uniform Discipline Code~~ Student Code of Conduct when granted permission to take an Internet-delivered course for credit toward high school graduation. Students will also be required to take final course exams under the supervision of a proctor at the local high school. On-line teachers or the local high school can require students to perform other tasks or assessments connected with an Internet-delivered course in a proctored situation. To ensure appropriate curriculum counseling, students must obtain permission from the principal of the local high school before enrollment in any virtual high school course. Schools are required to have the appropriate school counselor and/or teacher adviser review the student's current educational plan and transcript before selection of and enrollment in any virtual high school course.

III. IV.VIRTUAL HIGH SCHOOL CLASSES

A student who successfully completes courses from an approved virtual high school ~~site~~ vendor that is accredited by one of the six regional accrediting associations or CPS may receive high school credit provided all of the following conditions are met:

- prior written approval for enrollment is obtained from the principal;
- the principal will appoint a staff member from the school to act in the role of a Mentor to oversee the student progress and provide support;
- the student completes a tutorial/orientation to virtual high school classes prior to class enrollment;
- the student works under appropriate supervision of the mentor provided by the local school;
- any student taking a virtual high school class as part of the student's regular school day must work under appropriate direct supervision for at least 45-50 minutes daily as would be the case with any scheduled class;
- the grading scale used fits within the CPS standards;
- all courses taken meet the same standards of traditional CPS courses;
- minimum completion time for virtual high school courses must reflect the current semester timelines with extensions granted by the online teacher/district program manager with final approval of the principal;
- enrollment in a virtual high school class, when part of the student's regular school day, should be limited to a course(s) that was/were previously failed, a course not available at the school, a scheduling conflict that prevents the student from taking the course, or a course needed as an elective credit; and
- parents or guardians receive written notification from the local high school when their student is enrolled into a virtual high school course that grants credit towards graduation.

504 Plan (504): A formal written document developed by a school to provide students with disabilities the accommodations they need to access their learning environment. Implementation of this document is intended to prevent discrimination and to protect the rights of students with disabilities in school as defined by Section 504 of the Rehabilitation Act.

II. SCOPE

This policy applies to all students in all schools regardless of whether the school has any current students identified with asthma, diabetes, allergies or seizure disorder. This policy applies to any events that occur on school grounds, or offsite at school-sponsored events or field trips, both during and outside of the school day. The paperwork requirements outlined in this policy are compulsory to provide non-emergent care to a student during school hours.

III. 504 PLAN/IEP ROLE OF THE SCHOOL NURSE IN MANAGING CHRONIC CONDITIONS

- A. Nursing Role: Nurses are assigned to schools by the district to provide assessment and planning of health care for students so they may access learning. A registered nurse works in collaboration with the Principal to address the health needs of students with acute or chronic conditions for school attendance. Nursing service provision is determined by Assessment (interview, observation, and record review), Planning, Implementation, and Evaluation which is encompassed in the 504/IEP for each student where care is deemed necessary to attend and participate in learning.
- B. Plan Updates: 504/IEPs are updated annually. In the event the parent/guardian furnishes new written medical orders by a medical provider that include changes to the medical management of the student's asthma, allergy, or diabetes the 504/IEP will be updated to address the new information.
- C. Plan Dissemination: Those portions of the student's 504/IEP relevant to asthma, allergy, diabetes management and/or seizures, including but not limited to the Healthcare Plan, Emergency Action Plan and emergency medications, must be disseminated (by Principal or Principal Designee) to all school personnel who supervise the student during the school day and at school-sponsored activities, or are responsible for the provision of food to the student or supervision of the student during provision of school meals and snacks. This

plan must be distributed at the beginning of each school year, upon school entry, or for newly diagnosed students, and whenever the 504/IEP is revised.

- D. Non-Cooperation: Non-cooperation is defined as when the parent/guardian of a student with a known or suspected condition is not in agreement with and/or does not assist the school with an evaluation or implementation of an appropriate 504/IEP, does not provide the documentation required to offer a 504/IEP, or refuses to supply the school with medications and supplies required to manage the student's condition in school. Families can contact the Office of Student Health and Wellness (OSHW) Hotline (773-553-KIDS) for assistance with public benefits or to connect with a medical provider.

If the parent/guardian of a student with a known or suspected asthma, allergy, diabetes or seizures is not in agreement with and/or does not assist the school with an evaluation or implementation of an appropriate 504 Plan or provide the documentation required to offer a 504 Plan, the school must implement a simple Emergency Action Plan (EAP) stating to call 911 immediately upon recognition of symptoms. The school must send a written notification to the parent/guardian of the student's EAP and contact the parent/guardian if the EAP is activated.

IV. ASTHMA MANAGEMENT

- A. Request for Asthma Information: In order to plan effectively for asthma management at school, parents/guardians must notify the school promptly upon a student's diagnosis. At least annually at the beginning of each school year or upon diagnosis during the school year, parents/guardians must notify schools of their student's asthma diagnosis and management plan. The Chief Health Officer or designee must make medical information forms available to schools for this purpose.
- B. Parent/Guardian Role: When a parent/guardian reports that their student has been diagnosed with asthma, the school must request and the parent/guardian must provide the following:
- Physician's Report on Child with Asthma form ~~or~~ and Asthma Action Plan, completed and signed by the student's medical provider;
 - A description of the student's asthma history, including triggers and warning signs;
 - Written consent to administer or self-administer medications during the school day, as applicable in accordance with the Board's Administration of Medication Policy;
 - Any medications necessary to prevent or treat an asthma-related emergency per the Board's Administration of Medication Policy or any replacement medication after use or expiration that matches the original medical provider's orders;
 - Current emergency contact information and prompt notice of any updates.

The school may also request that the parent/guardian provide the following:

- Written consent to share diagnosis and other information with school personnel;
 - Written authorization to exchange detailed medical information on the student's condition with the student's medical provider;
 - A description of the student's emotional response to the condition and the need for intervention from the student's medical provider;
 - Recommendations on developmentally-appropriate ways to include the student in planning or care and implementing their 504 Plan or Individualized Education Plan (IEP) from the student's medical provider.
- C. 504/IEP Plan Establishment: Every student with medical provider-documented asthma must be offered a 504 Plan to address the prevention of asthma symptoms and daily management of asthma while in school and at school events. In the event the student has an IEP, the IEP must address the prevention of asthmatic reactions and daily management. The registered nurse must review submitted documents to create an Asthma Individualized Healthcare Plan,

after an assessment interview/observation and record review is completed to determine care for student health during the school day. For students requiring asthma medication outside of school hours, the registered nurse in consultation with the parent must determine if accommodations are necessary which require a 504 to manage the child's asthma or prevent reactions during school hours. If a parent/guardian disagrees with their student's 504 or IEP, the school must provide the parent/guardian their Procedural Safeguards, which outlines their rights.

D. Administration and Self-Administration of Asthma Medications

- a. The administration of asthma-related medications and devices to deliver them (e.g. inhalers, nebulizers) at school are subject to the authorization and documentation requirements set out in the Board's Administration of Medication Policy.
- b. Administration by a nurse to Student: Students may receive asthma medication during school hours either when administered by the nurse or delegated by the registered nurse.
- c. Self-Administration: The Administration of Medication Policy requires the written consent of the parent/guardian for a student to carry and self-administer their asthma medications during the school day. In the event that the student's medical provider determines that it is inappropriate for any reason for the student to self-administer their asthma medication, the parent/guardian must provide those medical provider orders along with the updated prescribing information to the school.

V. DIABETES MANAGEMENT

- A. Request for Diabetes Information: In order to plan effectively for diabetes management at school, parents/guardians must notify the school promptly upon a student's diabetes diagnosis. At least annually at the beginning of each school year or upon diagnosis during the school year, parents/guardians must notify schools of their student's diabetes diagnosis and management plan. The Chief Health Officer or designee must make medical information forms available to schools for this purpose.
- B. Parent/Guardian Role: When a parent/guardian reports to a school that their child has been diagnosed with diabetes, the school must request and the parent/guardian must provide the following:
 - a. Physician's Report on Child with Diabetes form or Physician's Diabetes Care Plan completed and signed by the student's medical provider;

 - e. Diabetes emergency kit with prescribed glucagon, glucose tablets, water, etc.;
 - f. Current emergency contact information and prompt notice of any updates.

The school may also request that the parent/guardian provide the following:

- g. Written consent to share diagnosis and other information with school personnel;
- h. Written authorization to exchange detailed medical information on the student's condition with the student's medical provider;
- i. A description of the student's emotional response to the condition and the need for intervention from the student's medical provider;
- j. Recommendations on developmentally-appropriate ways to include the student in planning or care and implementing their 504 Plan or Individualized Education Plan (IEP) from the student's medical provider.

- C. 504/IEP Plan Establishment: Every student with medical provider-documented diabetes must be offered a 504 Plan to address the prevention of hyperglycemic/hypoglycemic (high or low sugar) events and daily management of diabetes while in school and at school events. In the event the student has an IEP, the IEP must address the prevention of hyperglycemia/hypoglycemia and daily management. The registered nurse must review submitted documents to create a Diabetes Individualized Healthcare Plan, after an assessment interview/observation and record review is completed to determine care for student health during the school day. If a parent/guardian disagrees with their student's 504 or IEP, the school must provide the parent/guardian their Procedural Safeguards, which outlines their rights.

The 504/IEP must include the following:

- a. "Physician's Diabetes Care Plan," including the "Emergency Diabetes Action Plan," ~~must be attached to the 504/IEP.~~

- d. ~~"Physician's Diabetes Care Plan,"~~ including the ~~"Emergency Diabetes Action Plan,"~~ ~~must be attached to the 504/IEP.~~

D. Administration and Self-Administration of Diabetes-Related Medication

The administration of diabetes-related medications and devices to deliver them at school are subject to the authorization and documentation requirements set out in the Board's Administration of Medication Policy.

- a. ADMINISTRATION BY NURSE OR DIABETES DELEGATED CARE AIDE (DmDCA): Students may receive diabetes medication during school hours or during school sponsored activities either when administered by the nurse or delegated by the registered nurse, or by the DmDCA.
- b. SELF-MANAGEMENT: A student who is authorized by their 504/IEP to self-manage their diabetes care must be permitted, when specified by their medical provider, to do the following:
 - i. Check blood glucose when and wherever needed;
 - ii. Administer insulin;
 - iii. Treat high or low blood sugar levels and otherwise attend to the care and management of their diabetes by carrying on their person at all times the supplies and equipment necessary to do so.
- c. LIABILITY: Parent/Guardian must submit the required authorization using the forms established by the Chief Health Officer or designee and will be used to develop the student's 504/IEP. In this authorization form, the parent/guardian of the student must sign a statement that:
 - i. acknowledges that the District and its employees and agents are to incur no liability or professional discipline, except for willful and wanton conduct (actual or deliberate intention to cause harm or which, if not intentional, shows an utter

- indifference for the safety of others), as a result of any injury arising from the administration medication regardless of whether the authorization was given by the student's parent/guardian or by the student's medical provider and;
- ii. indemnifies and holds harmless the District and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the authorization outlined in this policy regardless of whether the authorization was given by the student's parent/guardian or by the student's medical provider.

A student who self-manages their diabetes as outlined in their 504 /IEP is not waived from the requirements of this policy including the requirement of a DmDCA.

E. Diabetes Delegated Care Aide

This section only applies to schools with enrolled students who have been diagnosed with diabetes by a medical provider.

- i. Duties: The Illinois Care of Students with Diabetes Act permits any non-nurse school personnel to serve as a diabetes delegated care aide (DmDCA) to assist a student with diabetes when the nurse is not in the building or not available. The DmDCA shall perform the duties and tasks necessary to assist a student with diabetes in accordance with the student's 504/IEP. Events beyond the accommodations outlined in the student's 504/IEP must be escalated to the registered nurse for clarification.
- ii. Identification: The Principal must ensure that a DmDCA, authorized by the parent/guardian and the Principal, is identified for each student with diabetes. If the school personnel does not agree to serve as a student's DmDCA, or if the parent/guardian does not authorize the DmDCA, the Principal must follow the procedures outlined in the CPS Diabetes Management Guidelines.
- iii. Training: The DmDCA must complete training provided by the Chief Health Officer or designee to perform the tasks necessary to assist a student with diabetes when the nurse is not in the building or not available when needed, in accordance with their 504/IEP. The Office of Student Health and Wellness must establish an in-service training program that complies with the Illinois School Code.

DmDCA training shall provide adequate education such that the DmDCA can:

1. Check blood glucose and record results;
2. Recognize and respond to the symptoms of high or low blood sugar
3. Assist student with carbohydrate counting and correction insulin dosing per the student's 504/IEP;
4. Administer insulin according to the student's 504/IEP and keep a record of the amount administered; and
5. Respond in an emergency, including glucagon administration and calling 911.

The Office of Student Health & Wellness must provide an initial training by a medical provider with expertise in diabetes or a certified diabetes educator and be consistent with the guidelines provided by the U.S. Department of Health and Human Services guide entitled "Helping the Student with Diabetes Succeed." Training derived from evidence-based guidelines must be provided annually. Training may be individualized in consultation with the parent/guardian or medical provider as needed.

VI. ALLERGY MANAGEMENT

- A. Request for Allergy Information: In order to plan effectively for allergy management at school,

parents/guardians must notify the school promptly upon a student's diagnosis. At least annually at the beginning of each school year or upon diagnosis during the school year, parents/guardians must notify schools of their student's allergy diagnosis and management plan. The Chief Health Officer or designee must make medical information forms available to schools for this purpose.

 - d. Any medications necessary to prevent or treat an allergic reaction per the Board's Administration of Medication Policy or any replacement medication after use or expiration that matches the original medical provider's orders;
 - e. Current emergency contact information and prompt notice of any updates.

The school may also request that the parent/guardian provide the following:

- f. Written consent to share diagnosis and other information with school personnel;
 - g. Written authorization to exchange detailed medical information on the student's condition with the student's medical provider;
 - h. Healthcare Provider Food Substitution form when a student requires meal substitution signed by the student's medical provider;

 - j. Recommendations on developmentally-appropriate ways to include the student in planning or care and implementing their 504 Plan or Individualized Education Plan (IEP) from the student's medical provider.
- C. Suspected Allergies: In the event any school personnel suspects that a student has an allergy, they must inform the School Nurse or Health Services Nurse. Under the guidance of the registered nurse, the school must provide the parent/guardian with written notification and request for the student to be evaluated by a medical provider.
- D. 504 Plan/IEP Establishment: Every child with a medical provider-documented allergy that may affect the student's ability to participate in school or school activities must be offered a 504 Plan to address the prevention and management of allergic reactions while in school and at school events. In the event the student has an IEP, the IEP must address the prevention and management of allergic reactions while in school and at school events. The registered nurse will review submitted documents to create an Allergy Healthcare Plan, after an assessment interview/observation and record review is completed to determine care for student health during the school hours. The plan should include, but not be limited to, allergen exposure risk reduction, emergency response during the school day, while traveling to and from school, during school-sponsored events and while on field trips. Any meal substitution requirements must be coordinated with the CPS Department of Nutrition Support Services. The 504/IEP must also include an allergy Emergency Action Plan (EAP). If a parent/guardian disagrees with their student's 504 or IEP, the school must provide the parent/guardian their Procedural Safeguards, which outlines their rights.
- E. Administration and Self-Administration of Allergy Medications
The administration of allergy-related medications and devices (such as: epinephrine auto-injectors) to deliver these medications at school are subject to the authorization and documentation requirements set out in the Board's Administration of Medication Policy.

mandatory training on allergy management and the use of an epinephrine auto-injector may administer the emergency medication if they believe, in good faith, that the student is experiencing a life-threatening allergic reaction.

- b. Self-Administration: The Medication Policy requires the written consent of the parent/guardian for a student to carry and self-administer their allergy medications during the school hours. In the event that the student's medical provider determines that it is inappropriate for any reason for the student to self-administer their allergy medication, the parent/guardian must provide those medical provider orders along with the updated prescribing information to the school.

F. PREVENTING EXPOSURE TO KNOWN ALLERGENS

- a. School-Wide Exposure Prevention Measures: Based on allergy information provided by parents/guardians, the school must annually, at the beginning of each school year (or upon official notification during the school year by the parent/guardian) identify the common and specific allergens that require school-wide management and risk reduction. The prevention, recognition, and planning includes, but is not limited to, high-risk locations and situations that increase the risk for allergen exposure for students with allergies. The principal or principal designee must assemble a multi-disciplinary team to undertake school-wide allergen risk prevention and the management of the individual health needs of the students with life-threatening allergies. The team should utilize best practices outlined in the CPS Allergy Guidelines. Plans to reduce risks of allergen exposure may include parent/guardian notification that certain food items are restricted from a classroom; however, school buildings shall not be labeled "allergen-free." Allergen-free labels create a false sense of security and reduce vigilance. Perfect and immutable protection is unachievable.

The principal must ensure that protocols to prevent exposure do not result in the exclusion or segregation of students from school activities solely based on their allergies.

The principal must ensure that protocols and measures are updated during the school year to reflect newly enrolled students with allergies or new allergy diagnoses among current students.

- b. In alignment with the ~~Healthy Snack and Beverage Policy~~ Local School Wellness Policy, no home-baked or home-cooked items may be served or sold to students as a part of a school function during school hours.
- c. Food Services: The principal shall consult with the Office of Student Health and Wellness and the Department of Nutrition Support Services to determine what school-wide food service accommodations, if any, are recommended.
- d. School Personnel with Allergies: School personnel with diagnosed allergies who wish to document their allergies, request a workplace modification, or an emergency plan are encouraged to contact the District's American with Disabilities Act Compliance Office ("ADA Office") pursuant to the Board's Americans with Disabilities Act Policy.

VII. SEIZURE MANAGEMENT

- A. Request for Seizure Information: In order to plan effectively for seizure management at school, parents/guardians must notify the school promptly upon a student's diagnosis. At least annually at the beginning of each school year or upon diagnosis during the school year, parents/guardians must notify schools of their student's seizure diagnosis and management

plan. The Chief Health Officer or designee must make medical information forms available to schools for this purpose.

- B. Parent/Guardian Role: When a parent/guardian reports that their student has been diagnosed with seizures, the school must request and the parent/guardian must provide the following:

- C. 504 Plan/IEP Establishment: Every student with medical provider documented seizure disorder must be offered a 504 Plan to address the prevention and daily management of seizures while in school and at school events. In the event the student has an IEP, the IEP must address the prevention and daily management of the student's seizure disorder. The registered nurse will review submitted documents to create a Seizure Health Plan, after an assessment interview/observation and record review is completed to determine care for student health during the school day. If a parent/guardian disagrees with their student's 504 or IEP, the school must provide the parent/guardian their Procedural Safeguards, which outlines their rights.

The CPS Seizure Management Guidelines outline the necessary documentation to be submitted by the student's medical provider. The registered nurse may request additional information from the medical provider in order to create a Seizure Healthcare Plan. The 504/IEP shall include the following:

- a. Seizure Health Plan,
 - b. Consent for SzDCA (role outlined in section VII.E herein), if yes including,
 - i. ~~include~~ procedures regarding when a school SzDCA shall consult with the school nurse, parent/guardian or health care provider,
 - ii. address seizure-related medication administration and recording during the school day,
 - iii. address where medication, including emergency medication is located and emergency response plan during the school day, while traveling to and from school, during school-sponsored events and while on field trips. The student's Seizure Action Plan, signed by a medical provider, shall be attached to the 504/IEP.

- c. LIABILITY: Parent/Guardian must submit the required authorization using the forms established by the Chief Health Officer or designee and will be used to develop the student's 504/IEP. In this authorization form, the parent/guardian of the student must sign a statement that:
 - i. acknowledges that the District and its employees and agents are to incur no liability or professional discipline, except for willful and wanton conduct (actual or deliberate intention to cause harm or which, if not intentional, shows an utter indifference for the safety of others), as a result of any injury arising from the administration medication regardless of whether the authorization was given by the student's parent/guardian or by the student's medical provider and;
 - ii. indemnifies and holds harmless the District and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the authorization outlined in this policy regardless of whether the authorization was given by the student's parent/guardian or by the student's medical provider.

A student who self-manages their seizure, as outlined in their 504 /IEP, is subject to the requirements of this policy including, but not limited to, the requirement of a SzDCA.

E. Seizure Delegated Care Aide

This section only applies to schools with a student diagnosed with seizures enrolled.

- a. Duties: The Illinois Seizure Smart School Act permits any non-nurse school personnel to serve as a seizure delegated care aide (SzDCA) to assist a student with implementing their seizure action plan when the nurse is not in the building or not available. The SzDCA shall perform the duties and tasks necessary to assist a student with epilepsy in accordance with the student's 504/IEP. Events beyond the accommodations outlined in the student's 504/IEP must be escalated to the registered nurse for clarification.
- b. Identification: The Principal or designee shall ensure that a SzDCA, authorized by the parent/guardian and the Principal, is identified for each student with epilepsy. - c. Training: The SzDCA shall complete training provided by the Chief Health Officer or designee to perform the tasks necessary to assist a student with epilepsy when the nurse is not in the building or not available when needed, in accordance with their 504/IEP. The Office of Student Health and Wellness will establish an in-service training program that complies with the Illinois School Code.

SzDCA training shall provide adequate education such that the SzDCA can:

- i. Seizure recognition and first aid;
- ii. Recognize and respond to a seizure per the students 504/IEP,
- iii. Administer anti-seizure medication according to the student's 504/IEP and keep a record of the amount administered; and
- iv. Respond in an emergency, including administration of rescue medication and seizure first aid, and calling 911.

The Office of Student Health & Wellness shall provide an initial training by a medical provider with expertise in epilepsy and be consistent with the best practices provided

by the Center for Disease Control and Prevention. Training derived from evidence-based guidelines will be provided annually. Training may be individualized in consultation with the parent/guardian or medical provider as needed.

VIII. EMERGENCY RESPONSE

In the event emergency response measures outlined in a student's Emergency Action Plan are undertaken ~~but not effective~~, 911 ~~will~~ must be called to report the medical emergency. In any medical emergency, the parent/guardian must be notified after calling 911. Efforts to contact parent/guardian must include calling all numbers listed on an emergency form and any number supplied by the student. The individual attempting to contact the parent/guardian of the student must document the time and number of attempts to contact the parent/guardian if the parent/guardian does not answer. School personnel ~~shall~~ must remain with the student at all times during a medical emergency or perceived medical emergency. If a student is transported to a hospital, a full-time non-nurse school staff member ~~shall~~ must accompany the student until the parent/guardian or emergency contact arrives. The school ~~shall~~ must complete an incident report within 24 hours in all instances when emergency response measures are activated or another emergency health issue occurs.

- A. Food Allergy Drills: The principal must ensure that the School Emergency Management Plan includes provisions for students with food allergies including a response plan for incidents involving mass allergen exposure. The School Emergency Management Plan must incorporate provisions to practice allergy emergency protocols and procedures annually as part of the school-wide drill program. Food Allergy Drill guidelines will be outlined in the CPS Allergy Guidelines.
- B. Emergency Use of Stock Epinephrine Auto-Injectors: In accordance with the Illinois Emergency Epinephrine Act and the Board's Medication Policy:

 - a. To the student for self-administration or;
 - b. authorized school personnel to administer to the student.
 3. When a person does not have an epinephrine auto-injector or a student does not have a prescription for an epinephrine auto-injector on file, the Nurse or trained personnel may utilize stock epinephrine if they believe in good faith that the person is having an anaphylactic reaction. Stock epinephrine is made available under a standing protocol from a designated medical provider.
 4. Any time epinephrine is administered, 911 must be called immediately.
 - b. Supply and Use: Stock epinephrine will be supplied to a school by the District. Schools must maintain, use, and replace the supply of stock epinephrine auto-injectors as

instructed by the Chief Health Officer or designee. School personnel must submit an incident report within 24 hours of administration when the stock epinephrine auto-injector is used.

- c. No Liability: When a Nurse or trained school personnel injects a stock epinephrine auto-injector to a student whom the Nurse or trained school personnel in good faith believes is having an anaphylactic reaction, despite the lack of notice to the parent/guardian of the student or the absence of the parent/guardian signed statement acknowledging no liability, except for willful and wanton conduct (actual or deliberate intention to cause harm or which, if not intentional, shows an utter indifference for the safety of others), the District and its employees and agents, including a medical provider providing standing protocol or prescription for stock epinephrine auto-injector, are to incur no liability or professional discipline except for willful and wanton conduct as a result of any injury arising from the use of a stock epinephrine auto-injector regardless of whether authorization was given by the student's parent/guardian or by the student's medical provider.

VIII. TRAINING

Annually, all school personnel must complete an in-service training program on the prevention, management, and emergency response for asthma, allergies, diabetes and seizures in the school setting and emergency response. The Office of Student Health and Wellness will establish an in-service training program that complies with the Illinois School Code, sections 2-3.148 and 10-22.39(e).

CATEGORIES

There are six program categories in the State Chapter 1 Design — Category I, Early Childhood; Category II, Reduced Class Size; Category III, Enrichment; Category IV, Improvement of Attendance; Category V, Remedial/Supportive Education; and Category VI, Other Educationally Beneficial Programs.

The following is an explanation of the codes for the column titled "Other Expenditures," which will be used to complete the description of a supplementary program: E = Equipment; M - Maintenance Agreement; IM = Instructional Materials; S = Supplies; F = Buses for Field Trips within Chicago's City limits only; A = Admission Fees; P = Parent Stipends; C = Consultant Services; SS = Substitute Services; T = Travel (Object 5500) for trips beyond Chicago's City limited for students, parents or teachers. NOTE: If consultant services (Object 5410); travel (Object 5500) or retreats are included, please use the "Consultant Services Procedures" (Appendix A), "Travel Procedures" (Appendix B), "Retreat Procedures" (Appendix C) forms when processing board reports for implementation of any of these services/activities. Category II, Reduced Class Size.

Program 6202 - Grade 1-3

This program is designed to allow local school to reduce the number of students being served in one or more regular self-contained classrooms in grades 1 through 3. This supplementary program provides for reduced pupil-teacher ratio and enables the teachers to facilitate learning experiences that are not possible in the regular classroom setting. These learning experiences may include individualized instruction, greater time-on-task for students, and/or flexible and diversified groupings.

Reduced class size may be achieved through a variety of educational approaches, such as using State Chapter 1 funded teachers with other funded teachers or by using State Chapter 1 funded teachers with ancillary personnel, e.g., school or instructor assistants.

Instructional support staff and parent or community volunteers may be provided to assist the teacher but may not be used to reduce class size. Supplemental instruction materials, equipment, field trip costs, admission fees, supplies, and other supplementary items and/or services related to this program may be purchased, except for capital expenditures.

Students who are to participate in this program are selected by criteria determined by the participating local school units based on local needs and program goals.

**RESCIND BOARD REPORT 20-1216-PO1 AND
ADOPT NEW SEXUAL HEALTH EDUCATION POLICY****THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

The Chicago Board of Education (“Board”) rescind Board Report 20-1216-PO1 and adopt a new Policy on Sexual Health Education. The policy was posted for public comment from March 17, 2023 to April 17, 2023.

PURPOSE: The purpose of this policy is to create a comprehensive approach to sexual health education that is applied consistently throughout the District. This Policy reflects the Board’s commitment to ensure that the District’s comprehensive Personal Health & Safety and Sexual Health Education programming:

- is aligned with the National Sex Education Standards: Core Content and Skill; second edition;
- is medically accurate;
- is culturally, developmentally, linguistically, and age-appropriate;
- is trauma-informed and guided by anti-racist pedagogy;
- is inclusive of and sensitive to the needs of students based on their status as pregnant or parenting, living with STIs (including HIV), sexually active, asexual, or intersex or based on their gender, gender identity, gender expression, sexual orientation, sexual behavior, race, or disability;
- provides a focus on health promotion and risk reduction within the context of the world in which students live;
- is consistent with State laws enacted to address the need for students to receive comprehensive health education.

EQUITY STATEMENT: The Board is committed to supporting the Whole Child through policies and programs that holistically address the physical, mental, and social-emotional health and wellbeing of every student. This policy seeks to advance health equity for CPS students, by ensuring access to sexual health education and services. The Office of Student Health and Wellness (“OSHW”) is engaging in ongoing work to align to the Whole School, Whole Community, Whole Child (WSCC) model and operationalize the CPS Equity Framework through this policy within the locus of its control.

POLICY TEXT:**I. Personal Health & Safety and Sexual Health Education**

A. Program Components: The Personal Health & Safety Education instructional program in grades Pre-Kindergarten through 5th grade, and the Comprehensive Sexual Health Education instructional program in 6th through 12th grade is a skills-based curriculum that provides a foundation of knowledge and skills related to Consent and Healthy Relationships, Anatomy and Physiology, Puberty and Adolescent Sexual Development, Gender Identity and Expression, Sexual Orientation and Identity, Sexual Health, and Interpersonal Violence. At each grade level, the instructional program teaches medically accurate information that is trauma-informed, culturally, developmentally,

linguistically, and age-appropriate and builds on the knowledge and skills that were taught in the previous grades.

In grades Pre-K through 5th grade, students will receive Personal Health and Safety Education. In Pre-K, instruction highlights the components of Erin's law, which includes age-appropriate techniques to recognize child sexual abuse and how to tell a trusted adult.

In grades K-3, the comprehensive Personal Health & Safety Education instruction consists of lessons on the following five topic areas specified in the [*National Sex Education Standards, second edition*](#): *Consent and Healthy Relationships, Anatomy and Physiology, Gender Identity and Expression, Sexual Health, and Interpersonal Violence*. This foundational instruction is aligned with Illinois Social and Emotional Learning standards for this age range.

In grades 4-12, comprehensive instruction expands on the foundational lessons in grades K-3 by providing lessons on the following seven topics areas specified in the [*National Sex Education Standards, second edition*](#): *Consent and Healthy Relationships, Anatomy and Physiology, Puberty and Adolescent Sexual Development, Gender Identity and Expression, Sexual Orientation and Identity, Sexual Health, and Interpersonal Violence*. The comprehensive curriculum emphasizes abstinence as one component of healthy sexual decision-making and the only protection that is 100% effective against unintended pregnancy, sexually transmitted infections and HIV when transmitted sexually.

B. Annual Instruction: Schools must annually provide developmentally-appropriate and medically-accurate sexual health education at each grade level as part of its instructional program. Lessons should be integrated into common core subjects in accordance with best practices. Schools must use the CPS Sexual Health Education curriculum. Schools may also use other OSHW-approved materials and/or outside consultants as outlined in section IV.E. of this policy. All lessons outlined in CPS curriculum must be provided to students in grades Pre-K-12 every school year addressing all topic areas outlined in Section A of this Policy.

1. **Personal Health & Safety and Sexual Health Education Instruction Must:** be medically accurate and developmentally appropriate. Sexual health education must be taught in the standard classroom environment with all students together, not separated by sex, gender, or ability. Instruction must be inclusive of varied student experiences (e.g. LGBTQ+ identities, racial and cultural differences, etc.) and must be taught in a way that demonstrates respect for and inclusion of all students, as outlined in the Purpose section of this policy.
2. **Personal Health & Safety and Sexual Health Education Must Not:** impose educators' personal opinions on students, assume that all students have the same beliefs, lived experiences, and

values related to sexual behavior, or stigmatize behaviors or health outcomes. Sexual health education must not include instructional strategies that involve fear tactics – or strategies that scare students into avoiding particular behaviors. Sexual risk avoidance (or abstinence-only) education curricular materials must not be used to teach sexual health education in CPS.

C. Diverse Learners: Students who are designated as Diverse Learners must be provided medically accurate, developmentally-appropriate sexual health education. Instruction shall be individualized as it relates to each student's disability and their IEP specifically in the areas of Method of Communication, Modifications, and Accommodations.

D. Parent/Guardian: In alignment with Illinois law, parents/guardians must be notified and given the opportunity to opt-out their child(ren) from any class or course in Comprehensive Personal Health & Safety and Comprehensive Sexual Health Education before instruction begins. Schools must not require active parental consent.

1. **Parent/Guardian Notification Support:** Parents/guardians must receive three (3) notifications, at least one (1) in writing, prior to lesson implementation and be offered information on the Comprehensive Personal Health & Safety and Sexual Health Education lessons. The first parent/guardian notification letter must be sent out at least two (2) weeks prior to the start of sexual health education instruction. Parents/guardians are only required to provide a written statement if they do not want their child(ren) to participate in sexual health education lessons.
2. **Opt-Out:** No student whose parent/guardian provides a written objection must be required to participate in any of the CPS Sexual Health Education Curriculum lessons and must not be suspended or expelled for refusal to participate in any such lesson or program. Parents/guardians may choose to opt-out their child(ren) from the entire unit or one or more lessons within the unit. Any student whose parent/guardian does not provide a written objection to participation in a sexual health education lesson or program must be required to participate.

Illinois law only requires that parents/guardians be notified and given the option to opt-out of the Comprehensive Personal Health & Safety and Sexual Health Education Curriculum. Conversations and lessons related to health, safety, and identity topics that occur outside of the curriculum are not subject to parental notification and opt-out requirements. When possible, schools should inform parents/guardians of lessons and discussions related to these topics in the same way they would communicate about other classroom content.

E. Mandatory Training for Instructors: Any teacher who provides Personal Health & Safety or Sexual Health Education instruction and any other staff member who supports a teacher in providing such instruction must successfully complete the sexual health education instructor training with the Office of Student Health and Wellness and pass the post-exam prior to teaching lessons. Individuals who successfully complete this instructor training earn a

certification valid for a four-year period. To ensure all students at every grade level receive comprehensive sexual health instruction, each principal must annually designate a minimum of two instructors to deliver instruction at their school and ensure these instructors successfully complete the required training. Schools with diverse learner populations must also have a minimum of one Special Education Teacher trained to deliver annual sexual health education.

F. Use of Outside Community-Based Organizations or Consultants: A school may use a CPS-approved community-based organization to provide instruction. An outside consultant/organization may teach lessons on some or all of the topics outlined in the CPS Scope & Sequence of Sexual Health Education. It is the responsibility of the school to ensure students receive annual instruction in all topics and lessons outlined in the scope and sequence to satisfy the comprehensive requirements of this policy. **All outside organizations must have an active CPS vendor number and their programs and curricula must be approved by the OSHW Materials Review Committee before implementation.**

II. Sexual Health Services:

- A. Referrals:** Schools must designate a staff member, via a survey provided by OSHW, to provide sexual health service resources to students in alignment with local, state, and federal standards. Under Illinois Consent by Minors to Health Care Services Act these resources include, but are not limited to, youth rights to access confidential health services such as obtaining contraceptives, abortion, prenatal care, adoption, transgender health services, trauma-informed mental healthcare, information on HIV and STI screening and treatment. Schools must provide information on how and where to access these confidential reproductive and sexual health services.
- B. Condom Availability Program:** Schools that teach grades 5 and up must maintain a condom availability program. [The Condom Availability Toolkit](#) provides resources regarding communication with parents and access to condoms by approved school representatives. Condoms are provided at no cost by the Chicago Department of Public Health in an ongoing effort to mitigate the spread of sexually transmitted infections, including HIV infection, and unintended pregnancy among CPS students.

Condoms Access Requirements: Condoms must be in at least one location that is accessible to students in grades 5-12. This location cannot be in an area that is locked, where frequent closed-door meetings are held, or in an area of the school students must ask permission or sign in or out to enter. Condoms may also be made available in additional locations.

- C. Menstrual Hygiene Management:** All schools that serve grades 3-12 must make menstrual hygiene products available, at no cost to students, in bathrooms of every school building.

- III. Support and Oversight:** The Office of Student Health and Wellness must oversee Policy implementation and compliance and must:
- A. Provide schools with technical assistance and support to ensure comprehensive sexual health education programming is provided to students in accordance with this Policy;
 - B. Collaborate with departments including the Office of Teaching and Learning, the Office of Student Protections and Title IX, and Office of Early Childhood Education to ensure full implementation of this Policy;
 - C. Oversee sexual health education curriculum development and materials review for alignment with research-based characteristics of effective sexual health education, the *National Sex Education Standards, Second Edition*, and the purpose and objectives of this Policy;
 - D. Ensure schools provide comprehensive sexual health education lessons at every grade level in accordance with this Policy by requiring schools to report compliance on annual Healthy CPS Survey;
 - E. Maintain processes, including a Materials Review Committee comprised of content experts from OSHW and other relevant stakeholders, to identify, approve, and share supplemental sexual health education resources with schools.
 - F. Establish a process for assessing the equity impact of this policy, including how the policy is implemented in relation to who is most impacted by inequity to determine targeted universalist supports for schools.
- IV. Guidelines:** The Chief Health Officer or designee in collaboration with the Chief Teaching and Learning Officer, Chief Office of Diverse Learners Supports and Services Officer or designee must develop and implement guidelines, procedures, and toolkits for the effective implementation of this Policy.

**RESCIND BOARD REPORT 22-0622-PO4 AND
ADOPT NEW LOCAL SCHOOL WELLNESS POLICY FOR STUDENTS**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education (“Board”) rescind Board Report 22-0622-PO4 and adopt a new Local School Wellness Policy for Students. The policy was posted for public comment from March 17, 2023 to April 17, 2023.

PURPOSE: The Board recognizes the relationship that exists between academic achievement and student health and wellness. Accordingly, this policy reflects the Board’s commitment to removing health-related barriers to learning via health policy, promotion, education and services, and implementation of the Whole School, Whole Community, Whole Child (WSCC) framework. The purpose of this policy is to ensure the Board’s expectations for a healthy school environment are articulated and satisfied by establishing requirements for nutrition education, physical activity and the provision of healthy food choices at schools and for all students in grades PK-12. This policy also establishes, through the [CPS Guidelines for Competitive Foods](#), nutrition standards, requirements and recommendations for foods and beverages sold, provided or served to students at school that compete with food provided under the National School Lunch Program (NSLP), School Breakfast Program (SBP), Seamless Summer Option (SSO), Summer Food Service Program (SFSP) and the Child and Adult Care Food Program (CACFP). This policy seeks to create a school environment that supports student nutrition and healthy food choices by providing nutrition standards for food and beverages sold 1) as competitive foods in vending machines or in school stores, 2) by food vendors on school grounds, 3) as a la carte items sold in the school dining centers, and 4) as part of school fundraisers, celebrations or rewards. The nutrition standards set forth in Guidelines and affirmed in this policy are consistent with the USDA’s Smart Snacks Guidelines and best practices for competitive foods.

EQUITY STATEMENT: The Board is committed to supporting the Whole Child through policies and programs that holistically address the physical, mental, and social-emotional health and wellbeing of every student. This policy seeks to advance health equity by addressing the root causes such as food insecurity and inequitable access to safe spaces for outdoor play, and by ensuring that schools provide consistent access to nutritious food and opportunities for physical activity and nutrition education. Further, as Black, Indigenous, People of Color (BIPOC) and LGBTQ+ students are more likely to experience health disparities including bullying, substance use, and mental health issues than non-LGBTQ+ and non-BIPOC students, this policy provides guidance for ensuring healthy and supportive environments in all schools. The Office of Student Health and Wellness (“OSHW”) is engaging in ongoing work to align to WSCC and operationalize the CPS Equity Framework through this policy within the locus of its control.

POLICY TEXT:

I. Definitions:

A La Carte: Individually priced food items, provided by Nutrition Support Services, which are available for sale in the school dining center that are not part of the reimbursable meal served through NSLP, SBP, SSO, SFSP or CACFP.

Celebrations: Special events or activities occurring in a classroom or elsewhere at school during the school day.

Competitive Foods: Foods and/or beverages sold to students on school grounds that compete with the school's operation of the NSLP, SBP, SSO, SFSP or CACFP. Competitive foods include, but are not limited to, items sold in vending machines or school stores, by food vendors on school grounds, or in school dining centers as a la carte items. Competitive foods must follow [CPS Guidelines for Competitive Foods](#).

Fundraiser: Any activity, event or sale to raise funds by or for a school or school club or program occurring on school grounds whether before, during or after school hours.

Nutrition Education: Nutrition education, as part of comprehensive health education, is a planned, sequential, PK-12 curriculum or supplemental education program that addresses the physical, mental, emotional, and social dimensions of health related to nutrition. The program is designed to motivate and assist students to maintain and improve their health, prevent disease, and reduce health-related risk behaviors. It allows students to develop and demonstrate increasingly sophisticated nutrition-related knowledge, attitudes, skills and practices.

Outside Foods: Any food items served, sold, or otherwise brought into schools that are not a part of the school meal programs (NSLP, SBP, SSO, SFSP or CACFP), a la carte, or vending machines, e.g. food brought in from restaurants, grocery stores, etc.

Moderate: Movement activities in which participants breathe heavily and are able to talk in complete sentences, but not sing.

Vigorous: Movement activities in which participants perspire, breathe hard and are not able to say more than a few words without pausing for a breath.

Physical Education ("PE"): Physical education is an academic subject that provides a planned, sequential, K-12 standards-based program of curricula and instruction designed to develop motor skills, knowledge and behaviors for healthy, active living, physical fitness, sportsmanship, self-efficacy and emotional intelligence.

Rewards: Incentives offered to students in recognition of good behavior or performance whether offered before, during or after school.

Whole School, Whole Community, Whole Child (WSCC) Framework: A model for supporting the Whole Child, established by the Centers for Disease Control and Prevention (CDC) and the Association for Supervision and Curriculum Development (ASCD), that identifies the following 10 key components for addressing health in schools: Health Education, Physical

Education & Physical Activity, Nutrition Environment & Services, Health Services, Counseling, Psychological & Social Services, Social & Emotional Climate, Physical Environment, Employee Wellness, Parent Engagement, and Community Involvement. .

- II. **Scope:** The Chief Health Officer and Executive Director of Nutrition Support Services (“NSS”), or their designees, must collaborate to ensure all schools serving grades PK-12 comply with the following criteria regarding nutrition education, access to nutritious food and beverages served, sold or provided in schools, celebrations, fundraisers, and/or rewards, and physical activity. The requirements outlined in this policy only apply to activities that take place during the school day as defined above. However, schools are encouraged to promote healthy eating and physical activity and must provide accommodations for students with allergies or other dietary restrictions whenever food is served on school grounds or at school-sponsored events. Section IV of this policy applies to charter schools that opt-in to CPS meal programs.
- III. **A Whole Child Approach to School Wellness:** In alignment to the WSCC Framework, CPS acknowledges that supporting the health and wellness of students and staff requires the efforts of numerous CPS departments and stakeholders. While this policy does not address all 10 WSCC components, OSHW is committed to collaborating with Central Office departments and other stakeholders to ensure the coordination of policies, programs, and practices necessary for holistic WSCC implementation.

IV. **Nutrition Environment and Services:**

A. **Meal Service**

1. **Compliance with Laws and Regulations.** The food and beverages served on school campuses during the school day by CPS personnel as part of the National School Lunch Program (NSLP), School Breakfast Program (SBP), Seamless Summer Option (SSO), Summer Food Service Program (SFSP) and Child and Adult Care Food Program (CACFP) must meet or exceed all applicable federal state and local laws and regulations as well as applicable Board policies and guidelines including, but not limited to:

 - c) Applicable laws and regulations governing food safety and security for all foods made available on school grounds;
 - d) [CPS nutrition guidelines](#) applicable to reimbursable school meals which shall not be less restrictive than federal regulations and guidance issued by the U.S. Secretary of Agriculture pursuant to the Child Nutrition Reauthorization Act and the Healthy, Hunger-Free Kids Act;
 - e) Federal and state regulations to provide accommodations for dietary, cultural and religious preferences and needs of students; and
 - f) Board policies governing food allergy management; diabetes management; administration of medication; sale of competitive foods/beverages and all other Board policies governing student health and nutrition.

The District must employ food preparation and meal planning practices consistent with federal guidelines, best practices and the [CPS nutrition guidelines](#) for school meals including:

- a) All students must have access to plain drinking water at no cost as part of the school meal program. Additionally, plain drinking water must be available to students at no cost throughout the school day.
 - b) Local food items must be available at a minimum per the following schedule: frozen-local once per week, fresh-local twice per month, and local no antibiotic ever chicken twice per month; or more often as items become available and are fiscally feasible. Local is defined as within 350 miles from Chicago and/or the State of Illinois.
 - c) Chicken served on the menu must adhere to the USDA No Antibiotics Ever (NAE) or Certified Responsible Antibiotic Use (CRAU) standard. As other proteins that adhere to NAE or CRAU standards become available and are fiscally feasible the district must consider procurement.
 - d) All CPS menu items are pork-free and a vegetarian and/or plant-based option will be made available daily.
 - e) Schools should take steps towards reducing food waste by implementing Share Tables, as outlined by NSS.
3. **Breakfast:** All schools must comply with the district's Breakfast After the Bell policy in order to provide students with a nutritious meal to begin the school day, increasing student focus and attention in the classroom.
4. **Food and Beverages for Pre-K Students:**
- a) Plain water must be available to students throughout the school day.
 - b) Plain, unflavored milk must be provided to students in the fat content appropriate for age, unless medically prescribed otherwise.

5. **Meal Times:** Principals must ensure students receive at least 10 minutes to eat breakfast and at least 20 minutes to eat lunch, starting from the time they have received their meal and are seated. Lunch periods are scheduled between 10am and 2pm. Lunch scheduled outside of these hours must be approved by NSS Executive Director or designee to avoid scheduling conflicts with NSS staff. Students are scheduled in accordance with annual scheduling guidance issued by the Office of Teaching and Learning.
6. **Foods Provided to Students by Parents/Guardians.** Schools must communicate to parents/guardians that one reimbursable breakfast and one reimbursable lunch is available to all enrolled students on a daily basis at no charge to the student. Schools should encourage parents/guardians to support the goals and objectives of this policy through participation in the school meal programs. Parents/guardians who elect to provide their child with meals outside of the NSLP and SBP are encouraged to send healthy foods in age-appropriate sizes and portions for their child and to refrain from providing foods or snacks that do not align with the guidance in this policy and [CPS Guidelines for Competitive Foods](#).

7. **Food Sharing** Students are not permitted to share food directly with other students, including food brought from home and food provided through the NSLP and SBP. As long as the district is qualified, CPS will continue to offer this to families. Families shall not be required to complete meal application forms under CEP.
9. **Good Food Purchasing Program (GFPP):** The Board of Education embraces the GFPP as a strategy to help improve our region's food system through the adoption and implementation of the Good Food Purchasing Standards, which emphasize the following values:
 - a) Local & Community-Based Economies: support small and mid-sized agricultural and food processing operations within the local area or region.
 - b) Environmental Sustainability: support producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitat and biodiversity; and reduce on-farm energy consumption and greenhouse gas emissions.
 - c) Valued Workforce: provide safe and healthy working conditions and fair compensation for all food chain workers and producers from production to consumption.
 - d) Animal Welfare: provide health and humane care for farm animals.
 - e) Community Health & Nutrition: promote health and well-being by offering generous portions of vegetable, fruit and whole grains; reducing salt, added sugars, fats and oils; and by eliminating ingredients of concern as defined by NSS.
10. **Feedback.** CPS is committed to meeting the nutritional needs of students across the district. To that end, NSS and district food service providers in accordance with USDA requirements will solicit student, parent, and community feedback that aims to improve the quality of and student satisfaction with school meals and increase overall participation.
11. **Nutrition Education and Wellness in School Dining Centers.** NSS, district food service providers and school dining center staff shall be engaged in wellness activities that support taking nutrition lessons beyond the classrooms and into school dining centers to encourage and promote healthy eating habits. The District must:
 - a) Ensure that, through NSS, food service staff receive ongoing professional development opportunities that include training regarding nutrition, meal planning, and wellness in accordance with current contracts.
 - b) Encourage creativity in menu promotion and implementation of strategies that provide tasty, appealing and healthy school meals.
 - c) Collaborate with Principals to ensure meals are served in clean, safe and pleasant settings with adequate time provided for students to eat, at a minimum, in accordance with state and federal standards and guidelines.

- d) Reinforce healthy food messages in the dining center through printed materials like posters and nutrition pamphlets and/or presentations like taste-tests or cooking demonstrations.

B. Competitive Foods

- 1. Food & Beverage Nutritional Criteria:** All foods served or sold outside the School Breakfast and Lunch programs must meet the nutritional criteria outlined in the [CPS Guidelines for Competitive Foods](#), except as outlined in sections IV.B.5, IV.B.6, and IV.E.1 of this policy
- 2. State or Federal Requirements:**
 - a) Foods and/or beverages sold, provided or served to students on school grounds that compete with the school's operation of the NSLP, SBP, SSO, SFSP or CACFP must comply with all applicable federal and state regulations.
 - b) In the event the USDA or state of Illinois issue modified, more stringent, or additional nutritional standards for food or beverages sold, served or provided in schools, the Chief Health Officer, Executive Director of NSS, or a designee is authorized to update/enforce the nutritional criteria and related requirements specified in this policy.
 - c) In the event less stringent standards are issued it shall be at the discretion of the Chief Health Officer, Executive Director of NSS, or designee to update guidelines.
- 3. Outside Foods:**
 - a) Schools must minimize the use of outside foods as outlined in sections IV.B.6 (Fundraisers), D (Rewards) and E (Celebrations) of this policy.
 - b) To ensure food safety guidelines and student allergy management is maintained, no home-baked or home-cooked items may be served or sold to students as part of any school function.
 - c) All foods provided as a function of school activities must be commercially purchased and include a nutrition facts label in which allergens can be clearly identified, or be provided through NSS.
- 4. Vending Machines:** Vending machines on CPS property are permitted to operate by approved vendors only. All food and beverage items for sale to students are subject to the nutrition criteria outlined in this [CPS Guidelines for Competitive Foods](#) and the following additional requirements. Only vending machines provided through the District contract, as overseen by NSS, are permitted.
 - a) *Beverage Vending Requirements:* Elementary, middle and high schools are permitted to operate beverage vending in compliance with the nutrition and other regulations outlined in the [CPS Guidelines for Competitive Foods](#). Beverage vending machines may, at the Principal's discretion, be placed in any appropriate location within the building.

b) *Snack Vending Machine Placement*

(1) *Elementary or Middle Schools:* Snack vending machines may not be placed anywhere in the school building, including the lunchroom, where they would be accessible for student use during school hours. Such machines are, however, permitted in areas restricted from students such as the teachers' lounge. If a snack machine is located in a school's common area and cannot be relocated to a restricted area, the machine must be rendered inoperable for the duration of the school day.

(2) *High Schools:* Snack vending machines may, at the Principal's discretion, be placed in any appropriate location within the school that is accessible for student use. Vending machines may be placed in the dining center provided they are not located near the entrance, serving line, or point of sale; placement is subject to NSS approval. All items in vending machines accessible for student use must comply with CPS nutrition guidelines outlined in the [CPS Guidelines for Competitive Foods](#). Non-compliant vending machines are permitted in areas restricted from students such as the teachers' lounge.

c) *Compliance:* Schools must forfeit revenue from the sale of non-approved items in vending machines.

d) *Staff Restricted Vending.* Schools are encouraged to promote staff wellness by offering healthy snack and beverage options in vending machines that are accessible only to school staff/adults.

5. Fundraisers:

a) Principals, school staff, parents/guardians and students are strongly encouraged to promote non-food fundraisers. Food fundraisers are not permitted during the school day. School fundraising activities that begin 30 minutes after the scheduled end of the school day are not bound by these policies (i.e. sporting events, family nights, student clubs, etc.). Food fundraisers are permitted during the school day if the items sold are intended to be consumed outside of school hours and away from school grounds (e.g. cookie dough).

b) Any food items sold in school stores must meet the nutrition standards outlined in the [CPS Guidelines for Competitive Foods](#). School stores may not sell food during regularly scheduled meal times.

c) To ensure food safety guidelines and student allergy management is maintained, no home-baked or home-cooked items may be served or sold to students as part of any school fundraiser or function.

d) All CPS fundraisers must be approved by the Network Chief or equivalent (for schools that do not report to a Network Chief).

e) Schools must forfeit revenue from the sale of non-approved food or beverages.

6. Exceptions:

a) The nutrition criteria outlined in the [CPS Guidelines for Competitive Foods](#) are recommended, but not required for food or beverages sold, served or provided: (a) during a school-sponsored activity or field trip off school grounds, (b) at

concession stands at a sports stadium, gym, field house or auditorium, whether on or off school grounds, (c) as part of a school sports game, performance or event where parents/guardians and other adults are a significant part of an audience, (d) at school fundraising events held off of school grounds, and (e) outside of school hours, i.e. between 30 minutes after the final bell and midnight or on non-attendance days including weekends, school breaks (e.g. Winter/Spring Break), and holidays.

- b) **Students with Health Conditions:** Nothing in this policy prohibits a student with a documented health condition from consuming foods or beverages provided from home. Reasonable accommodations will be made for students with health conditions where physician's orders specify the intake of certain snack foods or beverages at school to manage their medical condition.

- 7. School Staff and Administration:** Principals, school staff, partners and program providers must promote a healthy eating environment in the school. Adults are encouraged to model healthy eating and serve nutritious food and beverages which meet the requirements in this policy at school meetings and staff-oriented events. Staff are encouraged to model healthy eating when in the presence of students as a way of healthy role-modeling.

- C. Marketing:** Schools must restrict food and beverage marketing during the academic school day to only those foods and beverages that meet the nutrition standards outlined in the [CPS Guidelines for Competitive Foods](#).

- D. Food and Physical Activity as Rewards or Discipline:**

- 1. Rewards are incentives offered to students in recognition of good behavior or performance. (See Definitions section for more information). Teachers and other school personnel are encouraged to promote non-food rewards. Individual student rewards using food are not permitted. This includes, but is not limited to, teachers, staff, or partners giving out candy or snacks during class, school assemblies, or other gatherings.
- 2. Principals, teachers, and other school staff are prohibited from withholding food or offering alternative lunch options (such as a brown bag lunch, lunch in the classroom) as discipline. *Food may not be withheld from any student for any reason.* In the case of student detention, in-school suspension or other restrictive activities, students must be allowed to go through the dining center service line and select a meal.
- 3. Teachers and other school personnel are prohibited from using physical activity (e.g., running laps, pushups) as discipline or withholding opportunities for physical activity (e.g., withholding recess or physical education) as punishment.
- 4. Teachers and other school personnel are encouraged to use physical activity opportunities as rewards such as extra recess, special classroom privileges, etc., provided they don't interfere with required daily instructional minutes.

- E. Celebrations:** Schools are encouraged to celebrate with fun rather than food. Principals, school staff, parents/guardians, students and Out of School Time program partners should promote healthy classroom and school celebrations by minimizing the use of candy and snacks.

- 1. A school may permit a maximum of two school wide celebrations per school year with outside food as defined in section I of this policy. For the purposes of this policy, "school wide" means occurring on the same day, purposely planned to ensure that students are only celebrating with food one time in that day, but does not necessarily require

celebrations to take place in the same space (e.g. celebrations that occur in individual classrooms at one given time). Any other events where food is served, including those that celebrate student attendance or other achievements must follow the nutrition criteria outlined in the [CPS Guidelines for Competitive Foods](#). Schools must not serve any outside food during regularly scheduled school meals (e.g. ordering food from a restaurant or bringing a food truck to school during the lunch period).

2. Schools must notify parents/guardians of any celebrations that will involve food and must make accommodations for students with allergies or other food-related concerns. Celebrations must not replace the regularly scheduled school meals or prevent dining staff from preparing meals except in the case of student field trips. Schools must conform with: (i) applicable federal regulations, (ii) the Board's Chronic Conditions Management Policy; (iii) the guidelines to this Policy.

F. Student Access to Nutritious Foods: In order to increase student access to nutritious foods the OSHW and NSS will work with community organizations and partners to identify additional opportunities to increase food access, such as school-based farmers markets and food pantries. Additionally, schools must:

1. Promote the school meal program, ensuring families know that all students can have breakfast and lunch at no cost, every day.
2. Refer all eligible students to [CPS' Children and Family Benefits Unit](#) to enroll them in any appropriate state and federal benefits programs such as Supplemental Nutrition Assistance Program (SNAP) and All Kids (Medicaid).
3. Promote student participation in the federally-funded summer food service programs and coordinate activities with city agencies to maximize student summer services and student participation in federally-funded summer food service programs.
4. Promote student participation in after school and summer programs that serve students healthy snacks and/or meals which meet federal and state regulations. Schools that provide after school or summer programming should connect with NSS and establish meal and/or snack services.
5. Conduct periodic reviews to ensure that items served and sold on school grounds are in compliance with this policy.

V. Physical Activity and Physical Education

A. Daily Opportunities for Physical Activity: Physical Activity can improve students' ability to focus, learn, and achieve academically. All schools must discourage extended periods (two hours or more) of time when a student is not physically active. When activities, such as school testing, make it necessary for students to remain indoors for long periods of time, schools should provide periodic breaks during which students are encouraged to be moderately to vigorously active. Schools must provide all students, PK-12 with daily opportunities for physical activity before, during and after school.

1. *Grade Level Requirements:*
 - a. Pre-K programs must provide a mix of structured physical activity and unstructured free play, including at least 30 minutes per day for half day programs and 60 minutes per day for full day programs.
 - b. K-8 Schools must provide daily opportunities for moderate to vigorous physical activity for all students in addition to recess and physical education.
 - i. Grades K-5. District schools must provide all students in grades K-5 30 minutes of supervised, unstructured physical activity daily.
 1. All unstructured physical activity must comply with a student's Individualized Education Program (IEP) or Section 504 Plan.

2. All unstructured physical activity must not include student use of any electronic devices (computers, tablets, phones, or videos that encourage sedentary behavior).
 3. Physical Education must not be counted towards this requirement for unstructured physical activity.
 4. This 30 minutes is inclusive of the required 20 minute daily recess (section V.B.).
- ii. Grades 6-8. Schools must provide daily opportunities for moderate to vigorous physical activity in addition to recess and physical education.
- c. Grades 9-12. High Schools are encouraged to maximize existing daily opportunities for physical activity (in addition to physical education) before, during, and after school.
2. *Implementation Goals: Curriculum Integration:* All core subjects including math, science, language arts, health, family and consumer science, and social sciences should maximize student attention and focus by integrating movement daily.
 3. *Out of School Physical Activity:* Schools shall encourage students to engage in continuous physical activities (moderate to vigorous) outside of school hours for a minimum of 15 to 30 minutes on five or more days per week through participation in community programs, after school programs and/or before school programs.
 4. *School Community Shared-Use:* In an effort to increase equitable community access to physical activity, schools are encouraged to consider opportunities to open indoor and outdoor facilities during non-school hours for free use by students, staff, families, and/or the larger community, provided the following requirements are observed:
 - a) Such events (e.g. dance or other fitness classes, basketball nights, etc.) are hosted and supervised by the school;
 - b) Applicable facilities include gymnasiums, playgrounds, schoolyards, sports fields, courts, and tracks, but does not include swimming pools.
 - c) [Board Rule 6-25](#) and Board policies and procedures regarding safety and security, including but not limited to staffing and background checks, are followed;
 - d) Third party organizations, whether non- or for-profit organizations, are not covered under this provision, and must enter into a License Agreement or School Usage Permit per Board Rule 6-25. Contact the Real Estate Department for more information; and .
 - e) The Principal must consult with the Office of Safety & Security and the Department of Facilities to ensure that there is sufficient staffing coverage and safety measures in place to protect the health, safety, and cleanliness of the school and its students and staff. The school is responsible for funding any associated costs of staffing due to extension of any after hours or incremental activities.
- B. Recess:** Recess provides students with a break from instruction and time to engage in play with peers. All elementary schools, middle schools, and high schools with elementary grades, must provide elementary students (K-8) with a daily opportunity for recess that:
1. Is a non-instructional activity and occurs during non-instructional time.
 2. Is at least 20 minutes in length per day. Schools that serve grades K-5 may schedule a 30 minute recess in accordance with section V.A.1.b of this policy.

3. Includes physical activity and/or activities that promote social skill development.
 4. Is scheduled prior to students' lunch periods when possible.
 5. Is implemented in accordance with guidelines set by the Office of Student Health and Wellness, including but not limited to [weather guidelines for outdoor recess](#).
 6. May not be withheld or revoked for any reason, including as a disciplinary measure.
- C. Physical Education:** The District recognizes that Physical Education is an important part of overall physical activity in schools. Schools must offer physical education programming in accordance with the Illinois School Code and the [CPS Physical Education Policy](#), as overseen and administered by the Office of Teaching and Learning.
- VI. Health Education:** Comprehensive Health Education promotes individual and community health through a planned progression of developmentally appropriate learning experiences across multiple dimensions of wellness and health topics. Through a focus on teaching functional health information and the health skills outlined in the National Health Education Standards, comprehensive health education supports students in acquiring the knowledge, attitudes, and skills to adopt, practice, and maintain health-enhancing behaviors. Health education is a required component of elementary, middle, and high school coursework. In grades K-6, health education should be part of the formal regular instructional program at each grade level. In middle school, students should receive, at minimum, the equivalent of one semester of health education. In high school, students should receive, at minimum, one semester of health education.
- A.** Schools should utilize the CPS Health Education Curriculum, which covers the health skills outlined in the National Health Education Standards as well as priority content including but not limited to tobacco, alcohol, vaping, and other drug use, sexual health, violence prevention, personal health and safety, mental health, physical activity, and nutrition.
- B.** Nutrition Education: In order to establish a standardized approach to nutrition education, schools must provide nutrition education programming linking the classroom, dining center, and school garden (where applicable) under the following framework:
- 1. Grade Level Requirements:**
 - a) *All schools and campuses serving grades PK-8* are required to integrate evidence-based nutrition education into the curriculum ***in all grade levels included therein***. Elementary schools that do not serve all grades PK-8 (e.g. PK only, K-3, K-4, K-5, etc.), Middle Schools serving grades 6-8 or 7-8, Academic Centers located in high schools serving grades 7-8, and High Schools serving grades 6,7, or 8 are subject to the requirements of this section.
 - b) *High Schools serving grades 9-12* are required to integrate evidence-based nutrition education into the curriculum of ***at least two high school courses required for graduation***.
 - 2. Nutrition Education Implementation:** Each school Principal must select curricula that:
 - a) aligns with the National Health Education Standards and the CPS Health Education Scope and Sequence, and
 - b) provides evidence-based nutrition instruction that is consistent with or exceeds the most current U.S. Department of Agriculture (USDA)'s "Dietary Guidelines for Americans" and the most current "My Plate" plan. OSHW, in collaboration with the department of NSS, will provide a list of resources to help schools meet this requirement.

- c) Additionally, schools:
- (1) may supplement this curriculum with resources provided by the USDA's Team Nutrition or other approved sources vetted by OSHW's Materials Review Committee (section VII.4). iv. should encourage maximization of classroom time by integrating nutrition education into lesson plans of other school subjects including math, science, language arts, physical education, health, and social sciences.
 - (2) must provide students with consistent nutrition education messages through multiple channels in addition to classroom instruction including nutrition information provided in the cafeteria, health fairs, field trips, after school programming, and assemblies
 - (3) are encouraged to utilize the school garden, if one exists, for nutrition education and ensure that students have opportunities to interact with the garden throughout the growing season.
 - (4) must comply with any additional nutrition education requirements specified in Healthy CPS.

VII. Social-Emotional Climate: In order to ensure schools are addressing the social-emotional climate for all students, the following policies and guidelines must be followed:

- A. Anti-Bullying:** As stated in CPS' Addressing Bullying and Bias-Based Behaviors Policy, schools must foster a respectful and open learning environment and take steps to support appropriate classroom behaviors and pre-empt behaviors that may disrupt sexual health education lessons. Schools must promote and affirm the diversity within the student population by ensuring an inclusive learning environment that supports students' individual identities.
- B. Non-Discrimination, Harassment, Sexual Harassment, Sexual Misconduct And Retaliation:** As stated in CPS' [Comprehensive Non-Discrimination, Harassment, Sexual Harassment, Sexual Misconduct And Retaliation Policy](#): schools must provide a safe and secure working and learning environment free from Discrimination, Harassment, Sexual Harassment, Sexual Misconduct and/or Retaliation in any program or activity it conducts. Instructors must be mindful that racial discrimination and microaggressions are prohibited as outlined in this policy. Sexual harassment or misconduct will not be condoned and must be reported and handled immediately by appropriate parties, such as the Office of Student Protections and Title IX and the Equal Opportunity and Compliance Office.
- C. Comprehensive Mental Health and Suicide Prevention Policy:** To ensure the mental health and wellbeing of LGBTQ+ students, schools must adhere to the criteria outlined in the Comprehensive Mental Health and Suicide Prevention Policy.
- D. Support for Lesbian Gay Bisexual Transgender and Questioning Plus (LGBTQ+) students:** All staff must complete annual Safe and Supportive Environments for Transgender, Nonbinary, Gender Nonconforming, and LGBTQ+ Students training provided by the Office of Student Health and Wellness. All staff must adhere to the protections stipulated in the CPS *Guidelines Regarding the Support of Transgender and Gender Nonconforming Students* and CPS *Guidelines Regarding the Support of Transgender and Gender Nonconforming Employees*.

- E. LGBTQ+ Supportive Student Clubs:** As a research-driven approach to supporting all students, schools are encouraged to host an LGBTQ+ supportive club for example, a Genders and Sexualities Alliance (GSA) or similar youth-led club. If a student indicates they would like an LGBTQ+ supportive club, then a school must accommodate that request. Staff may also initiate the creation of an LGBTQ+ supportive club and may access the District's GSA Advisor Training for guidance. If a school offers any club to students, then it must also permit a GSA or similar club.

VIII. Physical Environment:

- A. Supporting Pregnant and Parenting Youth (PPY):** The rights of pregnant and parenting students are federally protected under Title IX. Additionally, per state and law, public and charter schools must provide lactating students with reasonable accommodations including: access to a private and secure room, other than a restroom; permission to bring a breast pump onto campus and access to a power source; access to a place to store breastmilk, and a reasonable amount of time needed to breastfeed or pump breast milk. Schools must also provide pregnant and parenting students with the [Healthy CPS Hotline](#) to facilitate enrollment in Medicaid/Moms & Babies and the Supplemental Nutrition Assistance Program (SNAP) and share resources related to the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) and temporary coverage for outpatient healthcare for pregnant students.
- B. School Gardens:** School gardens provide opportunities for enriching experiential learning and can awaken students' natural curiosity, enhance wellness, and foster environmental stewardship and leadership within school communities. Schools are encouraged to utilize their gardens for classroom instruction- for any subject- throughout the school year. While schools are not required to have a garden, any school that does must adhere to the following requirements:
1. The school garden must be supported by a school garden team which should include at least one teacher and an additional school support member whenever possible. Parents/caregivers, students, and community engagement is encouraged.
 2. All schools with edible gardens must complete the Eat What You Grow Certification or Recertification training and PFSP (personalized food safety plan), annually as well as adhere to the guidelines, policies and procedures outlined within Eat What You Grow: A Food Safety Manual for Consuming Produce Grown at Schools.

- IX. Employee Wellness:** CPS encourages school staff to pursue a healthy lifestyle that contributes to their improved physical and health status, improved morale, and a greater personal commitment to the school's overall comprehensive health program. In order to achieve this:
- A. OSHW will work with the Office of Talent to establish health-promoting programs and initiatives focused on skill development and lifestyle changes including but not limited to nutrition, physical activity, mental health, and general wellbeing.
 - B. School administrators and Network staff are encouraged to develop wellness initiatives that support the unique needs of their staff within the school's capacity, such as expanding access to exercise facilities (gym, weight room), or hosting staff-focused wellness events.

X. Family Engagement & Community Involvement:

- A.** Schools are encouraged to provide parents/guardians with information to help them incorporate healthy eating and physical activity into their child's lives in and outside of school. This information may be provided in the form of handouts, postings on the school

website, information provided in school newsletters, presentations that focus on nutrition and healthy lifestyles and any other appropriate means available for reaching parents. Schools should only share information that aligns with the District's commitment to a whole child, healing-centered approach, as outlined by OSHW's [Guidelines for Nutrition Education](#).

- B. Parents/Guardians and community members are encouraged to participate in their schools' health and wellness activities by serving on their school's Wellness Team. Schools are encouraged to host family and community events that focus on health and wellness topics including nutrition education and physical activity.

XI. **Local School Implementation:**

- A. *School Wellness Champion:* The principal must annually designate, via a survey provided by OSHW, a school employee to serve as the School Wellness Champion who will (i) lead and coordinate their school's efforts to create and sustain a culture of health and wellness, (ii) serve as the liaison to CPS Office of Student Health and Wellness regarding school level efforts to implement this policy and reporting as needed, and (iii) annually establish, serve on and lead a School Wellness Team that develops goals, strategies and initiatives for student health and wellness during the school year.
- B. *School Wellness Team:* Each school is required to have a wellness team, a group of individuals who work to create a culture of health and wellness within the school. The principal must ensure that a School Wellness Team is formed annually to spearhead health and wellness initiatives at the school that are in compliance with the Office of Student Health and Wellness' Healthy CPS Initiative, as well as coordinate compliance plans and efforts for ensuring adherence to policy requirements. The Wellness Team must be representative of the overall school community to the greatest extent possible, and should include parents/guardians, teachers of physical education, classroom teachers, school health professionals, students, school administrators and community health and wellness partners, and other relevant stakeholders. Schools that have gardens and Pre-K programs must include representatives of both on their Wellness Team, and student groups must be consulted on a regular basis. **Wellness Teams must meet at least quarterly.** The principal must establish a system to identify School Wellness Team members annually.
- C. *Reporting:* The principal must provide quarterly updates to the Local School Council regarding the school's health and wellness initiatives and the school's implementation of this policy. In addition, schools must report progress to the Office of Student Health and Wellness when requested including through completion of an annual survey.

XII. **Support and Oversight:** The Office of Student Health and Wellness will:

- A. Provide technical assistance, support and professional development/training to assist schools with implementation of the policy and improve programming functions;
- B. Ensure schools are offered support services through various departments including OSHW, NSS, and the Office of Teaching and Learning to ensure the full implementation of this policy;
- C. Lead a Whole Child Advisory Council, with representatives from departments connected to the 10 WSCC components to continuously review CPS policies, protocols, resources, and services related to supporting the Whole Child.
- D. Maintain a process for identifying and distributing resources made available by qualified agencies and community organizations for the purpose of collaborating with schools to enhance implementation of this policy, including but not limited to a Materials Review Committee comprised of content experts from OSHW and other relevant CPS departments including but not limited to the Office of Teaching and Learning and the

Office of Social-Emotional Learning, to vet curricula and programs related to Nutrition Education, Physical Activity, and Gardens;

- E. Establish a process to gather regular reporting and feedback from individual schools, community partners, students and parents on the implementation of the policy;
- F. Establish a process for assessing the equity impact of this policy, including how the policy is implemented in relation to who is most impacted by inequity to determine targeted universalist supports for schools;
- G. Collaborate with NSS to conduct periodic evaluations and report on district-wide and individual schools' compliance with the Policy; and
- H. By June 2026, conduct a district-wide review and assessment of this policy and propose relevant Policy revisions.

XIII. School Progress Report Measure: CPS will provide an annual indicator on the CPS School Progress Report that is directly correlated with the school's health and wellness environment and school's compliance with this and any applicable federal regulations and related Board policy. CPS will also provide an annual report of district-wide policy compliance on the public-facing website.

XIV. Review of Policy Coordination Efforts: The Chief Health Officer and Executive Director of NSS must designate individuals from central office departments and schools, as well as external stakeholders to convene at least annually, and on an as-needed basis, to review CPS wellness and community coordination efforts and opportunities.

XV. Guidelines: The Chief Health Officer and Executive Director of NSS or designee is authorized to develop and implement guidelines, standards and toolkits to ensure the effective implementation of this policy.

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board rescind Board Report 08-0827-PO7 and adopt a new policy for Awarding High School Credit and Placement for High School Level Courses Taken by Elementary Grade Students.

PURPOSE: This policy establishes criteria for awarding high school credit or competency out of high school courses for 7th and 8th grade students who have demonstrated proficiency and mastery in high school courses. This policy shall ensure high school credit and/or competency is awarded to Chicago Public Schools elementary students in compliance with the requirements of section 27-22.10 of the Illinois School Code.

EQUITY STATEMENT: The district will develop equity-based strategies reflecting the CPS Equity Framework to ensure access and success in accelerated coursework with a focus on most impacted students who are disproportionately under-enrolled in accelerated coursework opportunities outlined in this policy.

POLICY TEXT:

I. INTRODUCTION

This policy is consistent with the philosophy that embraces an accelerated model of high school education that leads to students taking more advanced and challenging courses at the high school level. It will more accurately place 7th and 8th grade students in appropriately challenging high school courses. Thus, the matriculation into high school for elementary grade students having already completed high school course work will be a seamless transition. Courses for high school credit or competency that leads to placement into advanced high school courses shall be offered in a manner that will allow qualifying students who wish to take such courses access to them. This policy shall take effect beginning with the 2023-2024 school year.

The Office of Teaching and Learning will supervise an ongoing review of these programs to consider ongoing expansion and/or modification.

**ADOPT A NEW SPECIALTY AND DETENTION CENTER
SCHOOL ACCOUNTABILITY POLICY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board adopt a new Specialty School and Detention Center School Accountability Policy effective for the 2023-2024 school year. Current district policies regarding accountability (Board resolution 22-0223-RS3 and Board resolution 22-0727-RS1) do not describe accountability for Specialty or Detention Center schools. This policy addresses that gap.

POLICY TEXT:

I. Purpose and Goals

This policy shall establish the standards and criteria for issuing Specialty School and Detention Center School Accountability scores and statuses for each specialty school. Each specialty and detention center school will be assigned an accountability status beginning with the 2023-2024 school year based on school performance data gathered during school year 2022-2023. The system of using ISBE summative designations to determine district-managed school's accountability status does not apply to the schools in this policy as they are identified as programs and therefore are not assigned an ISBE summative designation. This policy will apply to subsequent school years unless amended or rescinded by the Board. A school's Accountability Status from the prior school year shall remain in effect until such time as the school is notified of its new status for the then-current school year that is issued in accordance with this policy.

This policy sets out a systematic means for measuring a school's performance and identifying schools in need of support due to insufficient levels of achievement and growth based on the key indicators as defined by the Board herein. In addition, the CEO or Board has the authority to address performance as outlined in the state statute. The CPS Equity Framework will be a focus in the implementation of this policy by centering targeting universalism and mitigating opportunity differences to address achievement differences including challenging limiting beliefs about our most impacted students and communities.

II. Scope of the Policy

All CPS Specialty High Schools (Southside Occupational School, Ray Graham Training Center, Vaughn High School, and Northside Learning Center) are subject to this policy. Detention Center Schools (Nancy B. Jefferson Alternative High School and Consuella B. York Alternative High School) are subject to this policy. The performance indicators used to determine summative scores for Specialty and Detention Center Schools differ and are provided below.

III. Definitions:

Accountability Status	Status of the school established by this policy. A school may receive an Accountability Status of "Probation" (denoting the need for Comprehensive Support), "Remediation" (denoting the need for Targeted Support), or "Good Standing".
Average Daily Attendance Rate	Shall mean the total number of actual student attendance days divided by the number of total student membership days.
Career Credential	Shall mean a credential received for the successful completion of a specific course sequence approved by CPS that qualifies a student/graduate for employment in a specific

	career. The courses eligible for Career Credential credit under this policy are subject to approval by CPS.
Career Credentialed Status	A designation denoting when a student has engaged in and completed a sufficient number of activities supporting a successful transition to the workplace to be considered ready to engage in a career outside of school.
Data Quality Index ("DQI")	The percentage of data quality indicators that measure whether a school has recorded correct, complete, and compliant data in CPS data systems. The DQI score considered under this policy includes the "Attendance", "Registration and Enrollment", "Student Contact Information", and "Student Health" sections of the DQI reported on the CPS Dashboard.
Detention Center School	CPS detention center schools serve students who have been detained in the justice system. These schools include: <ul style="list-style-type: none"> ● Jefferson High School <ul style="list-style-type: none"> ○ Housed inside of the Juvenile Temporary Detention Center ● York High School <ul style="list-style-type: none"> ○ Housed inside the Cook County Department of Corrections
Freshman On-Track Rate	The percentage of first-time freshman students who earn five credits in their freshman year and fail no more than one semester core course (English, Mathematics, Science, and Social Science).
Good Standing	An accountability designation assigned to schools where the CEO determines, based on the criteria set out in this policy, that student performance and improvement meets or exceeds district standards.
IEP and Annual Review Compliance	Measures the extent to which student Individual Education Plans (IEPs) are in compliance with state and federal law.
My Voice, My school 5 Essentials Survey	Annual school climate and culture survey administered by the Consortium on Chicago School Research at the University of Chicago to teachers and students, the results of which are aggregated and determine the school's overall foundation rating.
One-Year Dropout Rate	The percentage of students in grades 9 through 12 enrolled in the school at any time between July 1 and June 30 of the school year who drop out at any time during the year. The calculation used in this Accountability Policy will exclude students who had previously dropped out of school during the past two years.
One-Year Graduation Rate	Percentage of students with sufficient credits to be able to graduate within one year who graduate by the end of the school year.
Points	For each indicator in the model, schools can earn between 1 and 5 points for reaching progressive benchmarks of performance.
Probation	An accountability designation assigned to non-performing schools where the CEO determines, utilizing the criteria set out in this policy, that a school requires remedial measures beyond what is otherwise available under Remediation to address the school's performance defined by this policy. This Accountability Rating indicates the need for comprehensive support and in implementing this policy the CEO or designee may also refer to this accountability designation as "Comprehensive Support".
Remediation	An accountability designation assigned to non-performing schools where the CEO determines, utilizing the criteria set out in this policy, that a school requires remedial measures as described in this policy, including increased support, to address performance deficiencies. This accountability rating indicates the need for targeted support and in implementing this policy the CEO or designee may also refer to this accountability designation as "Targeted Support".

Specialty High School	CPS specialty high schools and transition learning centers provide specialized education for high school students with mild to moderate cognitive disabilities. Programs capitalize on student interest and strength while preparing them to become members of the community. <ul style="list-style-type: none"> ● Southside Occupational School (Grade 12 until age 22) ● Ray Graham Training Center (Grade 12 until age 22) ● Vaughn High School (Grade 9 until age 22) ● Northside Learning Center (Grade 9 until age 22)
Summary of Performance Compliance	The percentage of graduates with a valid summary of performance document, per guidelines from the Office of Diverse Learners Support Services.
Transition Plan Compliance	The percentage of students with a transition plan that meets state requirements.
Weighting	Each indicator has a specific weight in the model. Weights may be different based on the number and type of indicators that are available to a particular school, but the sum of the weights for the school will always be 100%.
Weighted Score	The points received for each indicator are multiplied by their weight and then added together. The resulting weighted score will be between 1 and 5. Indicators with larger weights will play a bigger role in determining the school's overall weighted score.

IV. Accountability Status

Accountability Status Determination

For the 2023-2024 school year, the district will assign school accountability statuses in accordance with Illinois state law using the points system described in Section IV below. The three categories are Good Standing, Remediation, and Probation. Using the weighted total scores, schools will be assigned to these categories as follows:

Summative Score	Accountability Status
≥3.0	Good Standing
2.0-2.9	Remediation/Targeted Support
< 2.0	Probation/Comprehensive Support

V. Accountability Indicators, Standards, and Scoring

A. Specialty School Accountability

1. Specialty School Performance Indicators - Model A

Specialty School Performance Indicators under model A are applied to Vaughn High School and Northside Learning Center. The indicators and standards and related points that determine a Specialty School's Summative Score under model A are as follows:

Specialty School Performance Indicator Model A	5 points	4 points	3 points	2 points	1 points

THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:

That the Board request the Public Building Commission of Chicago ("PBC") and/or the City of Chicago ("City") convey to Single Room Housing Assistance Corporation ("SRHAC"), an Illinois Not-For Profit Corporation ("Purchaser"), the former Melody Elementary School site at 412 S. TERM:

The term of this agreement shall commence on July 1, 2023 and shall end June 30, 2025. This agreement shall have two (2) options to renew for periods of one (1) year each.

EARLY TERMINATION RIGHT:

The Board shall have the right to terminate this agreement with 30 days written notice.

SCOPE OF SERVICES:

Choose to Change (C2C) is an innovative collaboration between Youth Advocate Programs (YAP), Inc. and Children's Home & Aid. C2C engages youth heavily impacted by violence and trauma by offering them individualized advocate-wraparound services along with group-based trauma-informed therapy to help them lead safe and successful lives. The Choose to Change model was birthed in 2015 through the YAP & Children's Home & Aid partnership and has successfully delivered evidenced and proven results for youth across the district.

Choose to Change attributes its success to:

- Its 6 month intensive implementation of behavioral health and wraparound support, relentless engagement and advocacy.
- Community-based, individualized, trauma-informed services offered both inside and outside of school partnership with Chicago Public Schools and the University of Chicago Crime Lab resulting in proven outcomes such as a decrease in victimizations, justice system involvement, and an increase in school attendance.

C2C combines individualized, advocate-wraparound services, including intensive mentoring, with group-based, trauma-informed therapy. This combination supports youth in better understanding how past traumatic experiences and chronic stress can impact their thinking and behavior and how that affects their emotional responses.

Over the course of the six-month program, youth build strong interpersonal bonds through mentoring services that focus on addressing each young person's specific needs. Additionally, youth attend sixteen (16) trauma-informed cognitive behavioral therapy SPARCS sessions, which encourage youth to challenge unhelpful thinking patterns and build better problem-solving and communication skills. These strategies combined, help youth to go forward on a pathway of change that will help positively shape their future. These high level mentoring and cognitive behavioral therapy services will be purchased to administer to youth across the district.

DELIVERABLES:

This program does not provide a service that requires the vendor to create something tangible like software, plans, programs or workshops. The end product will be the therapeutic services that are provided to the students of CPS.

OUTCOMES:

Vendor's services will result in youth being better able to manage the effects of trauma (such as hypervigilance and aggression), which will lead to: an increase in the number of students who report that they feel safe at school, at home and in the community; a reduction in the number of youth who are injured by gun violence or are arrested for gun charges; and a reduction in out of school suspensions and major misconducts. An additional goal of the project is to leverage resources in the community including work programs and recreational services that lead to improved life skills.

Estimated annual costs for the term are set forth below:
\$10,426,853 FY24
\$10,426,853 FY25

AMEND BOARD REPORT 22-0727-PR20
AMEND BOARD REPORT 21-0728-PR27
**AUTHORIZE A NEW AGREEMENT WITH VARIOUS VENDORS FOR PARATRANSIT AND
 ALTERNATE MODES OF STUDENT TRANSPORTATION SERVICES**

THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:

Authorize a new agreement with Various Vendors to provide Paratransit and Alternate Modes of Student Transportation Services to the Department of Student Transportation and all schools at an estimated aggregate annual cost set forth in the Compensation Section of this report. Vendors were selected on a competitive basis pursuant to Board Rule 7-3. Written agreements for each Vendor's services are currently being negotiated. No payment shall be made to a Vendor prior to the execution of its written agreement. The authority granted herein shall automatically rescind as to a Vendor in the event such Vendor's written agreement is not executed within 90 days of the date of this Board Report. Information pertinent to this agreement is stated below.

This July 2022 amendment is necessary to add four (4) new vendors to the list of approved vendors pursuant to the Supplemental Request for Proposals Spec no. 22-047 ("Supplemental RFP"). The authority granted herein for each new vendor shall automatically rescind in the event such vendors fails to execute the Board's master agreement within 90 days of the date of this Board Report.

This May 2023 amendment is necessary to increase the Board Authority from \$40,000,000 to \$120,000,000 and to remove one (1) vendor (5 Star Flash, Inc #97595) due to the vendor not executing a contract. The increase in Board Authority is needed based on the following: As a result of the COVID-19 pandemic, the pupil transportation industry is facing a drastic change from the traditional Yellow school bus transportation mode to Paratransit and alternative modes that do not require CDL Drivers. This change has shifted the fleet composition. This increase in Board Authority will allow the FY23/24 services to proceed as needed. A written amendment to the agreement is not required.

APPROVE SETTLEMENT BETWEEN THE BOARD OF EDUCATION OF THE CITY OF CHICAGO AND THE CHICAGO TEACHERS UNION ON BEHALF OF ALL AFFECTED BARGAINING UNIT MEMBERS

THE GENERAL COUNSEL RECOMMENDS THE FOLLOWING:

That the Board approve a settlement agreement between the Board of Education of the City of Chicago and the Chicago Teachers Union, Local 1, IFT-AFT, AFL-CIO (CTU), regarding Flag Football Coaching Stipends for the 2022-2023 school year.

DESCRIPTION: On September 29, 2022, CTU filed a class grievance (*CTU on behalf of All Affected Bargaining Unit Members 13801 / 22-09-109(gcb)* (Class Grievance)) on behalf of 82 of its members who worked as Flag Football Head Coaches and/or Flag Football Assistant Coaches during the 2022-2023 school year, stating the amount of the stipends promised to the coaches was greater than the amount of the stipends paid to the coaches. CTU also filed an identical grievance on behalf of a single bargaining unit member (Cassandra Chlebowski 13813 / 22-09-060 (ecm) (Single Grievance)) on October 3, 2022. The Class Grievance and Single Grievance, are collectively known as the Grievances. Specifically, the Grievances allege:

Assistant Coach	\$2,964.00	\$1,541.28	\$1,422.72

The Parties desire to resolve the Grievances to avoid the expense and inconvenience of further litigation in this matter.
